**5.3 Service Area.** The Grantee shall continue to provide Cable Service to all residences, public schools, and Grantor office buildings within the Service Area where Grantee currently provides Cable Service. Grantee shall have the right, but not the obligation, to extend the Cable System into any other portion of the Service Area, including annexed areas. Cable Service offered to Subscribers pursuant to this Franchise shall be conditioned upon Grantee having legal access to any such Subscriber's dwelling unit or other units wherein such Cable Service is provided.

**5.4 New Development Underground.** Upon reasonable advance notice from Grantee, Grantor agrees to make a good -faith effort to meet with Grantee and to convene meetings between Persons utilizing Grantor's Public Ways to coordinate the placement of facilities in open trenches and along Public Ways.

Such annexed area will be subject to the provisions of this Franchise upon sixty (60) days written notice from the Grantor, subject to the conditions set forth below and Section 5.3 above. The Grantor shall also notify Grantee in writing of all new street address assignments or changes within the Service Area. Grantee shall, within ninety (90) days after receipt of the annexation notice, pay the Grantor franchise fees on revenue received from the operation of the Cable System to provide Cable Services in any area annexed by the Grantor, if the Grantor has provided a written annexation notice that includes the addresses that will be moved into the Service Area (to the extent addresses exist) in an Excel format or in a format that will allow Grantee to change its billing system. If the annexation notice does not include the addresses that will be moved into the Service Area, Grantee shall pay franchise fees within ninety (90) days after it receives the annexed addresses as set forth above. All notices due under this section shall be sent by certified mail, return receipt requested to the addresses set forth in Section 14.5 with a copy to the Director of Government Affairs. ## **SECTION 6. Construction and Technical Standards**

**6.1 Compliance with Codes.** All construction practices and installation of equipment shall be done in accordance with the National Electrical Safety Code (NESC), and applicable City of Casper Municipal Codes to the extent they do not conflict with the NESC.

**6.2 Construction Standards and Requirements.** All of the Grantee's plant and equipment, including, but not limited to, the antenna site, head end and distribution system, towers, house connections, structures, poles, wire, cable, coaxial cable, fixtures and appurtenances shall be installed, located, erected, constructed, reconstructed, replaced, removed, repaired, maintained and operated in accordance with good engineering practices and performed by experienced maintenance and construction personnel.

**6.3 Safety.** The Grantee shall at all times employ ordinary care and shall use commonly accepted methods and devices preventing failures and accidents which are likely to cause damage.

**6.4 Network Technical Requirements.** The Cable System shall be designed, constructed and operated so as to meet those technical standards adopted by the FCC relating to Cable Systems contained in part 76 of the FCC's rules and regulations, as may be amended from time to time, regardless of the transmission technology utilized.

**6.5 Performance Monitoring.** Grantee shall test the Cable System consistent with the FCC regulations.

## **SECTION 7. USE OF STREETS AND PUBLIC WAYS**

### **7.1 General Conditions.**

A. Grantee shall have the right to utilize existing poles, conduits and other facilities whenever possible, and shall not construct or install any new, different, or additional poles, conduits, or other facilities on public property provided Grantee is able to access existing poles, conduits, or other facilities on reasonable terms and conditions.

B. Subject to the terms of this Franchise, the Grantee may not endanger nor unreasonably interfere with the lives or property of persons; unreasonably interfere with property of the Grantor or any public utility; or unnecessarily hinder or obstruct use of the Public Ways. The Franchise does not establish priority for use of Public Ways over holders of other permits or franchises; it grants no vested interest in occupying any particular position in the Public Ways. The Grantor shall control distribution of space in the Public Ways.

C. The Grantee shall expeditiously carry out all of its operations during the course of any construction, repairs or maintenance operations on Public Ways of the Grantee.

**7.2 Underground Construction.** The facilities of the Grantee shall be installed underground in those Service Areas where existing telephone and electric services are both underground at the time of system construction. In areas where either telephone or electric utility facilities are installed aerially at the time of system construction, the Grantee may install its facilities aerially with the understanding that at such time as the existing aerial facilities are required to be placed underground by the Grantor, the Grantee shall likewise place its facilities underground. In the event Grantor or any agency thereof directly or indirectly reimburses any utility for the placement of cable underground or the movement of cable, Grantee shall be similarly reimbursed.

**7.3 Construction Codes and Permits.** Grantee shall obtain all legally required permits before commencing any construction work, including the opening or disturbance of any Street within the Franchise Area, provided that such permit requirements are of general applicability and such permitting requirements are uniformly and consistently applied by the Grantor as to other public utility companies and other entities operating in the Franchise Area. The Grantor shall cooperate with the Grantee in granting any permits required, providing such grant and subsequent construction by the Grantee shall not unduly interfere with the use of such Streets. Notwithstanding the above, the Grantee may set off any administrative permit fees or other fees required by the Grantor related to the Grantee's use of Grantor rights-of-way against the franchise fee payments required under Section 9.1 of this Franchise.

**7.4 System Construction.** All transmission lines, equipment and structures shall be so installed and located as to cause minimum interference with the rights and reasonable convenience of property owners and at all times shall be kept and maintained in a safe, adequate and substantial condition, and in good order and repair. The Grantee shall, at all times, employ ordinary care and use commonly accepted methods and devices for preventing failures and accidents which are likely to cause damage, injuries, or nuisances to the public. Suitable barricades, flags, lights, flares or other devices shall be used at such times and places as are reasonably required for the safety of all members of the public. Any poles or other fixtures placed in any public way by the Grantee shall be placed in such a manner as not to interfere with the usual travel on such public way.

**7.5 Restoration of Public Ways and Public Property.**

A. Grantee shall, at its own expense, restore any damage or disturbance caused to the public way as a result of its operation, construction, or maintenance of the Cable System to a condition reasonably comparable to the condition of the Streets immediately prior to such damage or disturbance.

B. Pursuant to the Grantor's generally applicable codes and ordinances, restoration, repair or replacement of Public Ways shall be completed within ten (10) business days. Upon request and for good cause shown, the City Manager or his/her designee may authorize an extension of the period within which the Grantee may perform its restoration work. If Grantee fails to restore the Public Ways as described above, the Grantor may, after twenty (20) days' written notice to Grantee, make such repairs or restorations that are necessary to return the Public Ways to their condition immediately prior to the damage or disturbance. The Grantor may elect to repair or replace public property so damaged by Grantee, such as a sewage line, and the Grantee shall compensate the City for the reasonable expenses associated with the repair or replacement. If such damage caused by Grantee creates an emergency situation resulting in an immediate hazard to public safety, health, or property, the Grantor may repair the deficiency without prior written notice to the Grantee. The Grantee shall be responsible for reimbursing the Grantor for all reasonable costs and expenses to repair or replace public property or Public Ways.

**7.6 Tree Trimming.** Grantee or its designee shall have the authority to trim trees on public property at its own expense as may be necessary to protect its wires and facilities in accordance with the Casper Municipal Code and applicable state law.

**7.7 Relocation for the Grantor.** The Grantee shall, upon receipt of reasonable advance written notice, to be not less than ten (10) business days, protect, support, temporarily disconnect, relocate, or remove any property of Grantee when lawfully required by the Grantor pursuant to its police powers in the interest of public convenience, health, safety or welfare. Grantee shall be responsible for any costs associated with these obligations to the same extent all other users of the Grantor rights-of-way are responsible for the costs related to the relocation of their facilities. If Grantee fails to remove or relocate its System as required by the Grantor, the Grantor may take action to remove or relocate Grantee's Cable System, and Grantee shall compensate the City for all reasonable expenses incurred thereby. In the event physical interaction with Grantee's plant is anticipated or likely to occur, such work shall be done by a qualified contractor.

The Grantee shall not be penalized by the City for any failure to provide Cable Service which results from relocation or removal under Section 7.5, 7.7, or 7.11.

**7.8 Relocation for a Third Party.** The Grantee shall, on the request of any Person holding a lawful permit issued by the Grantor, protect, support, raise, lower, temporarily disconnect, relocate in or remove from the Street as necessary any property of the Grantee, provided that the expense of such is paid by any such Person benefiting from the relocation and the Grantee is given reasonable advance written notice to prepare for such changes. The Grantee may require such payment in advance. For purposes of this subsection, "reasonable advance written notice" shall be no less than ten (10) business days in the event of a temporary relocation and no less than one hundred twenty (120) days for a permanent relocation.

**7.9 Reimbursement of Costs.** If funds are available to any Person using the Streets for the purpose of defraying the cost of any of the foregoing, the Grantor shall reimburse the Grantee in the same manner in which other Persons affected by the requirement are reimbursed. If the funds are controlled by another governmental entity, the Grantor shall make application for such funds on behalf of the Grantee.

**7.10 Emergency Use.** Grantee shall comply with 47 U.S.C. 544(g) and all regulations issued pursuant thereto with respect to an Emergency Alert System ("EAS"). If the Grantee provides an EAS, then the Grantor shall permit only appropriately trained and authorized Persons to operate the EAS equipment and shall take reasonable precautions to prevent any use of the Grantee's Cable System in any manner that results in inappropriate use thereof, or any loss or damage to the Cable System. Subject to the limitations of the Wyoming Governmental Claims Act, W.S. § 1-39-101, *et seq.*, the Grantor shall hold the Grantee, its employees, officers and assigns harmless from any claims or costs arising out of use of the EAS, including, but not limited to, reasonable attorneys' fees and costs.

**7.11 Removal or Relocation in Event of Emergency.** In event of emergency, or where the Cable System creates or is contributing to an imminent danger to health, safety, or property, the City may remove or relocate Grantee's Cable System without prior notice. As soon as practicable thereafter, the Grantor shall provide written notice to Grantee describing the nature of the emergency and the actions taken by the Grantor. No charge shall be made by the Grantee against the Grantor for restoration and repair, unless such acts amount to gross negligence by the Grantor.

**7.12 Subcontractors.** All contractors or subcontractors shall be properly licensed, and each contractor or subcontractor shall have the same obligations with respect to its work as Grantee would have under this Franchise and applicable laws if the work were performed by Grantee. Grantee shall be responsible for ensuring that the work of contractors and subcontractors is performed consistent with the Franchise and applicable law and that all contractors and subcontractors are familiar with their responsibilities.

**7.13 No Recourse.** Grantee shall have no monetary recourse against the Grantor in accordance with applicable federal law. However, this shall not prohibit Grantee from seeking any other remedy that Grantee may have under applicable law.

## **SECTION 8. Service and Rates**

**8.1 System Maintenance.** Interruptions shall be minimized. The Grantee shall schedule maintenance of the System so that interruptions are minimized to the extent reasonably possible, and so that activities likely to result in an interruption of service are performed during periods of minimum Subscriber use of the system.

**8.2 Service to Public Buildings.** Grantee shall provide, without charge, standard installation and one outlet and equipment of basic Cable Service to the locations listed in Exhibit A hereto. The Cable Service provided pursuant to this Section 8.2 shall not be used for commercial purposes. The Grantor shall take reasonable precautions to prevent any inappropriate use or loss or damage to the Grantee's Cable System.

**8.3 Customer Service.** Grantee shall comply with the customer service standards set forth in Section 76.309 of the FCC's Rules and Regulations, as such may be amended from time to time.

**8.4 Notification of Service Procedures.** The Grantee shall furnish each Subscriber at the time service is installed, written instructions that clearly set forth information concerning the procedures for making inquiries or complaints, including the Grantee's name, address and local telephone number. Grantee shall give the Grantor thirty (30) days' prior notice of any rate increases, channel lineup or other substantive service changes.

**8.5 Rate Regulation.** Grantor shall have the right to exercise rate regulation to the extent authorized by law, or to refrain from exercising such regulation for any period of time, at the sole discretion of the Grantor. If and when exercising rate regulation, the Grantor shall abide by the terms and conditions set forth by the FCC.

**8.6 Continuity of Service.** It shall be the right of all Subscribers to continue receiving Cable Service insofar as their financial and other obligations to the Grantee are honored.

**SECTION 9. Franchise Fee**

**9.1 Amount of Fee.** Grantee shall pay to the Grantor an annual franchise fee in an amount equal to five percent (5%) of the annual Gross Revenue. Such payment shall be in addition to taxes of general applicability owed to the Grantor by the Grantee that are not included as franchise fees under federal law. Franchise fees may be passed through to Subscribers as a line item on Subscriber bills or otherwise as Grantee chooses, consistent with federal law.

**9.2 Payment of Fee.** Payment of the fee due the Grantor shall be made on a quarterly basis, within forty-five (45) days of the close of each calendar quarter. The payment period and the collection of the franchise fees that are to be paid to the Grantor pursuant to the Franchise shall commence sixty (60) days after the Effective Date of the Franchise as set forth in Section 2.2. Each franchise fee payment shall be accompanied by a brief report showing the basis for the computation that is signed by an employee or agent of the Grantee with knowledge of the calculation of the payment. In the event of a dispute, the Grantor, if it so requests, shall be furnished a verified statement of said payment, reflecting the Gross Revenues and the applicable charges.

**9.3 Accord and Satisfaction.** No acceptance of any payment by the Grantor shall be construed as a release or as an accord and satisfaction of any claim the Grantor may have for additional sums payable as a franchise fee under this Franchise.

**9.4 Limitation on Recovery.** The period of limitation for recovery of any franchise fee payable hereunder shall be ten (10) years from the date on which payment by the Grantee was due.

**SECTION 10. Transfer of Franchise**

**10.1 Franchise Transfer.** The Franchise granted hereunder shall not be assigned, other than by operation of law or to an entity controlling, controlled by, or under common control with the Grantee, without the prior consent of the Grantor, such consent not to be unreasonably withheld or delayed. No such consent shall be required, however, for a transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of the Grantee in the Franchise or Cable System to secure indebtedness. If the Grantor has not taken action on the Grantee's request for transfer within one hundred twenty (120) days after receiving such request, consent by the Grantor shall be deemed given.

**SECTION 11. Records, Reports and Maps**

**11.1 Reports Required.** The Grantee's schedule of charges for regular Subscriber service, its policy regarding the processing of Subscriber complaints, delinquent Subscriber disconnect and reconnect procedures and any other terms and conditions adopted as the Grantee's policy in connection with its Subscribers shall be furnished to the Grantor upon request.

**11.2 Records Required.**

The Grantee shall at all times maintain:

A. A record of all written complaints received regarding interruptions or degradation of Cable Service, which record shall be maintained for one (1) year.

B. A full and complete set of plans, records and strand maps showing the location of the Cable System.

**11.3 Strand Maps.** Grantee agrees to provide strand maps to an unaffiliated Person engaged by Grantor if such Person signs Grantee's nondisclosure agreement.

**11.4 Inspection of Records.** Grantee shall permit any duly authorized representative of the Grantor, upon receipt of advance written notice, to examine during normal business hours and on

a non-disruptive basis any and all of Grantee's records maintained by Grantee as is reasonably necessary to ensure Grantee's compliance with the Franchise. Such notice shall specifically reference the subsection of the Franchise that is under review so that the Grantee may organize the necessary books and records for easy access by the Grantor. The Grantee shall not be required to maintain any books and records for Franchise compliance purposes longer than three (3) years, except for: (1) books and records showing the calculation of Gross Revenues and payment of Franchise Fees, which shall be kept for ten (10) years; and (2) service complaints, which shall be kept for one (1) year as specified above. The Grantee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Grantor agrees to treat as confidential any books, records or maps that constitute proprietary or confidential information to the extent Grantee make the Grantor aware of such confidentiality. If the Grantor believes it must release any such confidential books or records in the course of enforcing this Franchise, or for any other reason, it shall advise Grantee in advance so that Grantee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent jurisdiction, the Grantor agrees that, to the extent permitted by state and federal law, it shall deny access to any of Grantee's books and records marked confidential, as set forth above, to any Person.

## **SECTION 12. Education and Government (EG) Access**

**12.1 Education and Government Access.** Grantee shall provide one (1) channel on the Cable System for use by the Grantor's non-commercial, video programming for education and government ("BG") access programming. The EG channel may be placed on any tier of service available to Subscribers. The Grantor shall utilize the EG channel as follows: the Grantor shall, at a minimum, cablecast its regular Council meetings on the channel.

**12.2 Management and Availability.** The City may designate any entity or entities to manage the channel. The City has the authority to determine scheduling of the use of the channel. The EG Channel shall be available to all Subscribers without additional costs or equipment, provided that Grantee may require use of equipment, such as converters, that is required of all Subscribers generally.

**12.3 Grantee Not Responsible for Content.** Grantee shall not be responsible for, nor shall the Grantor hold the Grantee responsible for any claim for injury or damage arising from the programming carried on the EG channel. It is intended by this Section that Grantee is extended at least the protection recognized by 47 U.S.C. § 558.

**12.4 Return of Channel to Grantor.** In the event the programming levels set forth herein are not maintained or if the Grantor does not adequately use the channel, Grantee reserves the right to have the channel returned to the Grantee for the Grantee's use. Grantee shall provide Grantor with sixty (60) days' prior written notice informing Grantor when programming levels set forth herein are not being maintained. Grantee reserves the right to utilize the EG channel only after Grantor has been notified and Grantor has not maintained programming levels set forth herein within sixty (60) days from receipt of said notice. In the event the Grantee exercises its right to again utilize said EG channel after the sixty (60) day period elapses, the Grantee shall notify its customers of Grantee's intention to utilize the EG channel by providing customers with a thirty (30) day prior written notice. In addition, the Grantee may use the designated channel during those hours that the Grantor or other governmental, public or educational entity is not using the channel.

**12.5 Capital Support for Education and Government Access Channel.** Grantee shall provide an EG capital grant in the amount of Twenty Thousand Dollars (\$20,000.00), payable to the

Grantor within sixty (60) days of the Effective Date. Grantor and Grantee acknowledge that pursuant to Federal Law [47 U.S.C. §§ 542(g)(2)(C)] EG funds are only to be used for EG capital equipment costs and not for operational costs. EG capital support shall be for the exclusive use of the Grantor within the Service Area and shall not be used for purposes other than as described under Section 12.5 herein. The Grantor shall be responsible for installing, operating, maintaining and replacing the equipment purchased as necessary. The Grantee shall be entitled to recover such capital costs from subscribers as allowed by federal law. Five (5) years from the Effective Date of this Franchise, the Grantor may request in writing an additional EG capital grant in an amount up to Twenty Thousand Dollars (\$20,000.00) which shall be payable to the Grantor within sixty (60) days of a written request. Such request shall be accompanied by a report showing how the previous capital EG grant was used, and a description of the future EG capital needs that will be paid by the EG grant. Grantor and Grantee shall discuss the requested EG capital request, which shall not be unreasonably denied by Grantee.

**12.6 EG Competitive Neutrality.** If any new or renewed Cable System or Video Service agreement, as defined in Section 14.4.1, contains obligations that are lesser in amount than the obligations imposed in this Section 12, Grantee's aggregate obligations under Section 12 shall be reduced to an equivalent amount. To the extent such a reduction is not sufficient to make the total obligations of this Franchise equivalent to the new or renewed franchise, Grantee may deduct from future franchise fee payments an amount sufficient to make the obligations of this Franchise equivalent to the new or renewed franchise.

### **SECTION 13. Enforcement or Revocation**

**13.1 Informal Resolution.** In all cases where the Grantor believes that the Grantee has not complied with the terms of the Franchise, the Grantor, via the City Manager or his/her designee, shall first informally discuss the matter with Grantee and seek mutual resolution of the problem.

**13.2 Notice of Default.** If the Grantee engages in a pattern of noncompliance, including one or more instances of substantial noncompliance with a material provision of the Franchise where informal discussions do not lead to mutually acceptable resolution of the issue, the Grantor shall notify the Grantee in writing of the exact nature of the alleged pattern of noncompliance (the "Default Notice"). The Default Notice shall contain a statement specifically describing the default and the identification and contact information of any person providing information that serves as the basis for the default allegation.

**13.3 Grantee's Right to Cure or Respond.** The Grantee shall have ninety (90) days from receipt of the Default Notice to (i) respond to the Grantor, contesting the assertion of default, or (ii) to cure such default, or (iii) if, by the nature of default, such default cannot be cured within the ninety (90) day period, initiate reasonable steps to remedy such default and notify the Grantor of the steps being taken and the projected date that they will be completed. During this time the Grantor shall make reasonable efforts to make any employee of Grantor available for interview by Grantee, and shall provide information that serves as the basis for default allegation available to Grantee.

**13.4 Enforcement.** Subject to applicable local, state, and federal law, in the event the Grantor, determines that the Grantee is in default of any provision of the Franchise, the Grantor may:

- A. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or
- B. Commence an action at law for monetary damages or seek other equitable relief; or
- C. In the case of a substantial default of a material provision of the Franchise, seek to revoke the Franchise itself in accordance with subsection 13.5 below.

D. Upon revocation of the Franchise, Grantor may require Grantee to remove the Cable System from the Streets of the Grantor.

**13.5 Revocation Procedure.**

A. If the Grantee fails to respond to the Default Notice received from the Grantor, or if the default is not remedied within the cure period set forth above, the Grantor may seek to revoke the Franchise as outlined in this subsection.

B. Prior to holding a public hearing on whether or not to revoke the Franchise, the Grantor shall give sixty (60) days' written notice to the Grantee. The notice shall set forth the exact nature of the default. During those sixty (60) days the Grantee may either object in writing and state its reasons for such objection, and provide any explanation or to cure the alleged default.

C. If the Grantor has not received a satisfactory response from Grantee, it may then seek to revoke the Franchise at a public hearing. The Grantee shall be given at least thirty (30) days prior written notice of such public hearing, specifying the time and place of such hearing and stating its intent to revoke the Franchise.

D. At the hearing, the Council shall give the Grantee an opportunity to state its position on the matter, present evidence and question witnesses, after which it shall determine whether or not the Franchise shall be revoked. The public hearing shall be on the record and a written transcript or recorded video of the proceeding shall be made available to the Grantee within thirty (30) business days at Grantee's sole cost and expense. The decision of the Council shall be made in writing and shall be delivered to the Grantee. The Grantee may appeal such determination to an appropriate court, which shall have the power to review the decision of the Council *de novo*. The Grantee may continue to operate the Cable System until all legal appeals procedures have been exhausted.

**SECTION 14. Miscellaneous Provisions**

**14.1 Force Majeure.** The Grantee shall not be held in default under, or in noncompliance with the provisions of the Franchise, nor suffer any enforcement or penalty relating to noncompliance or default, where such noncompliance or alleged defaults occurred or were caused by circumstances reasonably beyond the ability of the Grantee to anticipate and control. This provision includes, but is not limited to, severe or unusual weather conditions, fire, flood, or other acts of God, strikes, work delays caused by failure of utility providers to service, maintain or monitor their utility poles to which Grantee's Cable System is attached, as well as unavailability of materials and/or qualified labor to perform the work necessary.

**14.2 Minor Violations.** Furthermore, the parties hereby agree that it is not the Grantor's intention to subject the Grantee to penalties, fines, forfeitures or revocation of the Franchise for violations of the Franchise where the violation was a good faith error that resulted in no or minimal negative impact on the Subscribers within the Service Area, or where strict performance would result in practical difficulties and hardship to the Grantee which outweighs the benefit to be derived by the Grantor and/or Subscribers.

**14.3 Action of Parties.** In any action by the Grantor or the Grantee that is mandated or permitted under the terms hereof, such party shall act in a reasonable, expeditious and timely manner. Furthermore, in any instance where approval or consent is required under the terms hereof, such approval or consent shall not be unreasonably withheld.

**14.4 Level Playing Field.** Grantee acknowledges and agrees that Grantor may be required by federal law, and reserves the right, to grant one or more additional franchises to provide Cable Service within the Service Area. If any other provider of cable services or video services (without regard to the technology used to deliver such services) is lawfully authorized to use the

Streets to provide such services, and if the material obligations applicable to Grantee are more burdensome or less favorable than those imposed on any such competing provider, then upon ninety (90) days' prior written notice to Grantor, Grantee shall have the right and may choose, to the extent consistent with applicable federal and state laws and orders and rules adopted pursuant thereto:

A) to modify this Franchise as Grantee and Grantor mutually determine is reasonably necessary to ensure that the material obligations applicable to Grantee are not more burdensome or less favorable than those imposed on any such competing provider; or

B) to deem this Franchise expired thirty-six (36) months from the date of the above written notice; or

C) to terminate this Franchise and take in its place substantially the same franchise agreement of a competing provider of Cable Services or video services authorized by Grantor.

**14.4.1 Material Obligations.** Grantor and Grantee agree that any undertakings that relate to the renewal of the Franchise shall be subject to the provisions of Section 626 of the Cable Act (47 U.S.C. § 546) or any such successor statute. Nothing in this Franchise shall impair the right of Grantor or Grantee to seek other remedies available under law. For purposes of this section, "material obligations" shall include: underground construction; service to public buildings; customer service; franchise fee; education and government (EG) access, including any capital support; and records retention and inspection thereof.

**14.4.2 Video Service.** For the purpose of this Section 14.4, "Video Service" shall mean the provision of multichannel video programming generally considered comparable to video programming delivered by a television broadcast station, cable service or other digital television service, whether provided as part of a tier, on demand or on a per-channel basis, without regard to the technology used to deliver the video service, including, without limitation, Internet protocol technology or any successor technology. The term includes, without limitation: Cable Service and Video Service delivered by a community antenna television system. The term does not include: any video content provided solely as part of, and through a service offered by or over a network which does not utilize facilities located in Grantor's Public Ways, such as: (i) a service which enables users to access content, information, electronic mail or services that are offered via the public Internet, (ii) direct broadcast satellite service, and (iii) any wireless multichannel video programming provided by a commercial mobile service provider.

**14.5 Notices.** Unless otherwise provided by federal, state or local law, all notices, reports or demands pursuant to this Franchise shall be in writing and shall be deemed to be sufficiently given upon delivery to a Person at the address set forth below, or by U.S. certified mail, return receipt requested, nationally or internationally recognized courier service such as Federal Express. Grantee shall provide thirty (30) days' written notice of any changes in rates, programming services or channel positions using any reasonable written means. As set forth above, notice served upon the Grantor shall be delivered or sent to:

**14.7 Severability.** If any section, subsection, sentence, clause, phrase, or portion of this Franchise is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this Franchise.

MEMO TO: J. Carter Napier, City Manager *JCN*

Craig Collins, AICP, City Planner  
SUBJECT: Establish Public Hearing to Review a Municipal Code Text Amendment Relating to Fencing/Buffering

Meeting Type & Date: Regular Council meeting February 20, 2018.

Action Type: Establish Public Hearing for March 6, 2018

Recommendation: That Council, by minute action, establish March 6, 2018 as the date of the public hearing for the review of a Municipal Code text amendment related to fencing/buffering.

Summary: Several months ago, the Planning and Zoning Commission and the City Council were presented with a zone change request in North Casper, the purpose of which was to change the property from residential zoning to commercial zoning to allow the property owner to keep a six (6) foot fence she had constructed in violation of the City's front yard fencing height restrictions. The property owner's purpose in constructing the fence was to buffer her multi-family residential property from the commercial property directly adjacent to it. The zone change was ultimately approved by the City Council, which allowed the property owner to keep the fence; however, the City Council directed staff to amend the Municipal Code to allow residential properties that border commercial properties to construct a buffering fence along the entire common lot line between the two properties.

An ordinance was drafted, which staff believes is a relatively simple amendment that will improve compatibility between dissimilar uses, but also, doesn't open up the possibility for every residential property in the City to construct a tall fence in the front yard. The purpose of the residential front yard fence height limitation is both aesthetic, and based in safety. If tall opaque fences were generally allowed in all residential front yards, those fences would present sight distance obstructions for vehicles trying to exit driveways and alleys, and would also obstruct motorists' views of pedestrians and children directly adjacent to the roadway. The current limitation in the Municipal Code restricts all front yard fences to either three (3) or four (4) feet in height, depending on the type of fence (transparency).

The Planning and Zoning Commission reviewed the proposed text amendment at its January 18<sup>th</sup>, 2018 public meeting, and unanimously supported the proposed ordinance.

FROM: Liz Becher, Community Development Director 

SUBJECT: Authorizing a Real Estate Purchase Agreement with 1890 Holdings, LLC (1890) in the amount of \$300,500 for Economic Development Purposes.

Meeting Type & Date:

Regular Council Meeting, February 20, 2018.

Action Type:

Public Hearing and Resolution

Recommendation:

That Council, following a public hearing, by resolution, authorize a Real Estate Purchase Agreement with 1890 for economic development purposes pursuant to W.S. § 15-1-112(b)(i)(D) on City land located on South Ash Street, and described as a 10,500 square foot parcel of vacant land identified as Lots 13-15, Block 1, City of Casper, County of Natrona, State of Wyoming.

Summary:

1890 is interested in purchasing and redeveloping the above described real property for a use which will benefit the economic development of the municipality. 1890 will repurpose the existing building into an expanded location for its branded production and retail showroom of outdoor apparel and accessories, as well as a social gathering site.

Notice of the public hearing to sell the described property was published in the Casper Star-Tribune for three (3) consecutive weeks in accordance with Wyoming State statute.

Financial Considerations:

The FY18 approved budget includes the sales revenue of \$300,500 from the sale of this property. The revenue would be captured in the Revolving Land fund.

Oversight/Project Responsibility:

Liz Becher, Community Development Director, and Craig Collins, City Planner.

SUBJECT: Public Hearing for Transfer of Ownership Interest in Three Retail Liquor Licenses.

Meeting Type & Date  
Regular Council Meeting  
February 20, 2018

Action type  
Public Hearing  
Minute Action

Recommendation  
That Council, by minute action, consider the applications for transfer of ownership interest in three Retail Liquor Licenses; Retail Liquor License No. 18, 3OH7 Hospitality, LLC d/b/a C85 @ The Wonder Bar, Retail Liquor License No. 3, Triple C Food & Beverage d/b/a C85 @ The Pump Room and Retail Liquor License No. 29, Double C Hospitality, LLC d/b/a C 85 @ Galles Liquor Mart.

Summary  
The interest in these liquor licenses had been held by Tony Cercy and Cole Cercy as equal partners. This transfer will make Cole Cercy the sole interest holder.

It was discovered during the renewal process that the interest ownership had changed. Per Municipal Code 5.08.050 (B) whenever an interest of more than ten percent of the whole interest in any corporation, association, or organization holding a retail liquor license is sought to be sold, assigned or otherwise transferred, a new application shall be filed with the city clerk.

As required by Municipal Code 05.08.070, a notice was published in a local newspaper once a week for two consecutive weeks. As required by State Statute 12-4-104(a) it is being advertised on the City's website ([www.casperwy.gov](http://www.casperwy.gov)).

SUBJECT: Public Hearing for Transfer of Ownership Interest in Three Retail Liquor Licenses.

Meeting Type & Date

Regular Council Meeting  
February 20, 2018

Action type

Public Hearing  
Minute Action

Recommendation

That Council, by minute action, consider the applications for the transfer of ownership interest in three Retail Liquor Licenses; Retail Liquor License No. 23, Johnson Restaurant Group, Inc. d/b/a CY Discount Liquors, Retail Liquor License No. 12, Firerock Hospitality Group, LLC d/b/a Firerock Steakhouse, and Retail Liquor License No 15, OC Casper, LLC d/b/a Old Chicago.

Summary

The interest in these liquor licenses had been held by John D. Johnson and Jim F. McBride. This transfer will make John D. Johnson the sole interest holder in all three Retail Liquor Licenses.

It was discovered during the renewal process that the interest ownership had changed. Per Municipal Code 5.08.050 (B) whenever an interest of more than ten percent of the whole interest in any corporation, association, or organization holding a retail liquor license is sought to be sold, assigned or otherwise transferred, a new application shall be filed with the city clerk.

As required by Municipal Code 05.08.070, a notice was published in a local newspaper once a week for two consecutive weeks. As required by State Statute 12-4-104(a) it is being advertised on the City's website ([www.casperwy.gov](http://www.casperwy.gov)).

**Dated: 1/16/2018**

February 20, 2018

**MEMO TO:** J. Carter Napier, City Manager JCN  
**FROM:** Fleur Tremel, Assistant to the City Manager/City Clerk FT  
Carla Mills-Laatsch, Licensing Specialist  
**SUBJECT:** Public Hearing for Annual Renewal of Liquor Licenses.

Meeting Type & Date  
Regular Council Meeting  
February 20, 2018

Action type  
Public Hearing  
Minute Action

Recommendation  
That Council, by minute action, authorize the annual renewal of all currently issued liquor licenses, contingent upon compliance with all other applicable codes, and with the stipulations and conditions previously placed on Retail Liquor License No. 6, Frosty's Bev, LLC., d.b.a Frosty's Lounge; No. 21, Urban Market Wines, LLC., d.b.a Urban Bottle; and No. 37, Charger Holdings, LLC., d.b.a Yellowstone Garage.

Summary  
State Statutes require that the City Council hold a public hearing each year prior to the renewal of City issued liquor licenses (complete list attached). This gives the public an opportunity to address City Council with any concerns they might have regarding the operation and management of a given establishment. It also affords City Council an opportunity to have certain liquor establishments appear and address any questions that City Council might have.

All liquor license applications must be certified as being complete by the Liquor Division of the Wyoming Department of Revenue. The Division has certified all 2018-2019 license applications as being complete.

### **Police Report for 2017**

The Casper Police Department has compiled a report of all calls for service at the address of each liquor dealer's establishment in calendar year 2017. The Casper Police Department will have presented the report directly to City Council at the February 13, 2018 work session.

No establishments accrued the designated minimum number of demerit points to merit suspension of their liquor license.

## Licenses with Stipulations

Unless removed by the City Council, the following licenses will retain the existing stipulations placed upon them:

- Retail Liquor License No. 6, Frosty Bev LLC, d.b.a. **Frosty Liquor**, has stipulations and conditions put in effect restricting Roger Hessler from ownership or interest in this liquor license. Stipulation 1.b regarding patio hours was rescinded by Council in 2012 upon request of the license holder.
- Retail Liquor License No. 36, Urban Market Wines, LLC, d.b.a. **Urban Bottle**, has stipulations and conditions restricting this liquor license from being transferred to a new address.
- Retail Liquor License No. 37, Charger Holding, LLC, d.b.a. **Yellowstone Garage**, has stipulations and conditions restricting this liquor license from being transferred to a new address.

## Assessed Demerit Points

Casper Municipal Code 5.08.190 (C) requires reporting of assessed demerit points to the City Council at renewal. Although various liquor license holders, their employees, agents or third parties were convicted of a listed offense and consequently acquired demerit points (below), no holders accumulated enough points to be subject to suspension or revocation as provided by Code.

The following is a summary of the assessed demerit points as furnished by the Casper Police Department.

### **Disclosed Felony and Alcohol Related Violations**

All individuals, partners, officer of a club, or stockholders, limited liability companies, limited liability partnerships, and every officer and every director must disclose if they have been convicted of a felony violation or any violation related to the sale or manufacture of alcoholic liquor or malt beverages.

Four individuals listed on the 2018-2019 applications disclosed they had alcohol related convictions. However, in contacting these applicants, 3 individuals' convictions were over ten (10) years old. One individual has a conviction in 2013. Wyoming Statutes require disclosure of convictions within ten (10) years prior to filing of the application. Consequently, three of these individuals would not have needed to make the disclosure in that the conviction is irrelevant to the renewal process per State law.

### **Restaurant and Bar & Grill Licenses – Food Service Requirements**

Casper Municipal Code Sections 5.08.260 and 5.08.285 require the applicant for a Restaurant Liquor License or a Bar & Grill Liquor License to satisfy the City Council that the primary source of revenue from the operation of the restaurant be derived from food services and not from the sale of alcoholic liquor or malt beverages. City Council shall condition renewal of the licenses upon a requirement that not less than sixty percent (60%) of gross sales from the preceding twelve months' operations of a licensed restaurant or bar & grill, as reported by the applicant, be derived from food services.

From the review of all applications, revenue from the sale of food exceeded sixty percent (60%) of gross sales for all of the restaurant and Bar & Grill applications.

### **Non-operational or “Parked” Licenses**

An owner or holder can maintain a license in an inactive or ‘parked’ status for one year without having a functional physical building and not purchasing the required minimum amount of alcohol. Upon showing good cause by the licensee, the Council may grant a one year extension of the non-operational status.

Current parked licenses are:

- Retail Liquor License No. 5, **Travis Taylor**, located at 134 North Center Street. This license can remain non-operational until December 20, 2018, after which the license will have to be operational.

- Retail Liquor License No. 8, **Good 2 Go, LLC**, located at 1968 E Yellowstone Highway. This license can remain non-operational until April 5, 2018. This liquor license holder has indicated they will be operational by March 2018; however they have requested the one year extension in case the remodel takes longer than expected. If granted, they will have to be operational by April 5, 2019.
- Bar & Grill License No. 10, **Marvin Piel, LLC**, located at 100 North Center Street. This license may remain non-operational until November 22, 2018 at which time it will need to become active or request the one year extension.
- Microbrewery No.1, **Wyoming State Brewing Company, LLC**, located at 256 South Center Street. This licensee is requesting the one year extension to November 2, 2018, at which time they will have to be operational.
- Microbrewery No. 3, **Skull Tree Brewing, LLC**, located at 1530 Burlington. This license was transferred June 8, 2016. This licensee will have to be operational by June 8, 2018.

### **Extension Requests**

In July of 2017 Wyoming State Statute changed the non-operational time periods. Under the old law liquor licenses were able to be non-operational for two years with an optional one year extension. That changed to one year with a one year optional extension making two years the maximum time a license can remain non-operational.

City Staff received correspondence from the State Liquor Division requiring letters from two non-operational license holders to extend their non-operational status. Both of these license holders were on non-operational status when the law changed. The two license holders are as follows:

Retail Liquor license No. 8, Good 2 Go, LLC, located at 1968 East Yellowstone Highway has requested the one year extension. If this is approved, it would extend the non-operational status to April 5, 2019.

Microbrewery No. 1, Wyoming State Brewing Company, LLC, located at 256 South Center Street has requested the extension. If this is approved, it would extend the non-operational status to November 2, 2018, however the State Liquor division will grant a grace period to coincide with end of our licensing period term on March 31, 2019.

City Council may grant this by minute action. No publication is required for the extension.

### **Delinquent Sales Tax holds**

If a liquor dealer fails to pay its state sales tax, the department of revenue will put their liquor license into a “delinquent sales tax hold” status.

The delinquent sales tax hold affects their ability to transfer their liquor license and purchase alcohol from the State Liquor Commission. In the event that they are in delinquent status the City Council could opt to suspend the license. All types of liquor licenses are subject to this statute.

As of this date (February 7, 2018) the following liquor license holders are on sales tax hold:

- La Cocina, Restaurant Liquor License No. 17 on tax hold since January 18, 2018. Representatives from La Cocina stated they will take care of this matter as soon as possible.
- CRU Casper, LLC, Resort Liquor License No. 3 on tax hold since February 7, 2018. Representatives from CRU Casper, LLC stated they will take care of this matter immediately.
- Western States, Inc., Resort Liquor License No. 5 on tax hold since February 7, 2018. Representatives from Western States, Inc stated they will take care of this matter immediately.

### **Renewal Year**

After the public hearing, if City Council renews the liquor licenses, all renewed licenses will be effective for April 1, 2018, the beginning of the 2018-2019 license year.

To Whom It May Be Concerned:

Good 2 Go Store #216 in Casper, WY, located at 1968 East Yellowstone Avenue is currently being remodeled. We anticipate that the remodel will be completed by the end of February 2018. This remodel will allow us to meet the required storage and layout that we would like to have to sell alcohol, wine, and liquor at our convenience store. As we approach the year date of our non-operational liquor license, we would like to request an optional one-year extension in case the remodel is not complete.

We anticipate operating this license by March of 2018.

Sincerely,

Good Morning Carla,

Wyoming State Brewing is requesting another year of non-operational status with our craft brewing license. With all the other projects we have had in 2017 we just haven't had time to really put a solid business plan together for a brewing operation. However, we do have some properties available that we hope to use for this brewing operation. We hope to have this endeavor up and running on or before November 1, 2018. Please accept this letter as the status of Wyoming State Brewing Company LLC and our brewing license.

Sincerely

The argument the petitioners make is that it is important that Casper illustrates that compassion, understanding and unity are values that are upheld and promoted regardless of persuasion. a. **Condition of Approval.** As a condition of approval for this license, the Licensee agrees to locate the Facility identified by this license at the Licensee’s expense, in accordance with Wyoming Statute § 37-12-301 *et. seq.* Wyoming Underground Facilities Notification Act, to include the nature, location and depth of the Facility. The location and depth will be described on an engineering drawing, using three dimensional planes and a datum reference determined by the Agency. If unanticipated or unusual circumstances are encountered during Facility construction which forces a deviation in excess of two feet from the approved horizontal alignment, the respective district maintenance engineer will be contacted prior to making the deviation, for approval of the deviation and an amended exhibit will be filed by the Licensee. See Plan/Staking Sheet.

b. **Plan/Staking Sheet.** The Licensee shall attach hereto a plan sheet and/or staking sheet showing the proposed facilities to be placed within the Agency’s right-of-way. This plan sheet, shall be designated Exhibit “A” and made a part of this License. Upon completion of the proposed work, the Licensee shall submit to the Agency “As-Constructed” plans showing the actual location of the facilities within the Agency’s right-of-way. Exhibit “A” and the “As-Constructed” plans shall comply with the Wyoming Department of Transportation Utility Accommodation Regulation and the following requirements:

## PLAN VIEW REQUIREMENTS

- Existing roadway, right-of-way line, right-of-way fence, and cross fences if they are not on the right-of-way line.
- Existing approaches, intersecting roads or streets, drainage ditches, irrigation ditches, pipes, and culverts that have to be crossed
- Existing major utility facilities.
- Proposed Facility alignment with offset distances from either the roadway centerline or right-of-way line.
- Location of existing facilities on the highway right-of-way that are owned and operated by the Company.
- Proposed locations of all support appurtenances such as air relief valves, manholes, pedestals, junction boxes, line marker, vent pipes, guys and anchors, etc.
- Size and/or capacity of the proposed Facility, that is, kV, number of cable pairs, pipe diameter, pipe type, wall thickness (for carrier and casing), product to be carried, max. operating psig, etc.
- Indicate with a highlighter, appropriate symbol, or verbiage (for example, "As-Constructed") the new Facility so that it is easily recognizable for someone reading the drawing(s).
- Legal description: Section, Township, and Range with North Arrow.
- Reference new Facility to the nearest milepost marker using a compass direction and footage. Example: "1231' east of milepost 30."
- All bridge attachments must be reviewed and approved by the WYDOT Bridge Program. Bridge attachments should indicate if the Facility is to be placed in an existing conduit or a new conduit on the bridge. Bridge attachments are addressed in the WYDOT Utility Accommodation Regulation.

## AERIAL HIGHWAY CROSS SECTION

- Low sag design clearance above the high point of the roadway.
- Existing or proposed under-built facilities, including those by others.
- Cross section view of the highway right-of-way indicating the location of poles or support structures relative to the roadway centerline or right-of-way lines.

## BURIED HIGHWAY CROSS SECTION

- Cross section view of the highway right-of-way at the crossing, showing the depth of the Facility relative to natural ground, roadway drainage ditch, and the roadway template.
- If casing pipe or conduit is used, indicate by dimension where the casing will end.
- If heavy wall thickness pipe is used instead of casing pipe, show where the heavy wall thickness pipe transitions back to normal thickness pipe.

The maximum sheet size shall be 11" x 17". Use of Agency supplied project plans and cross sections is recommended as most of the above requirements are met, saving time and expense to both parties. Contact the Agency for availability of paper plans and/or electronic design files.

- Facility Placement.** The Facility will be placed in a manner conforming to recognized standards, applicable federal, state, or local laws, codes, ordinances, and regulations; in the exact location shown on the attached "Exhibit A"; and as directed by the Agency. Placing the Facility in a location other than originally approved without obtaining prior Agency approval by submitting a revised "Exhibit A", will void the license.
- Changes.** Any future alterations, modifications, or removals of the Facility within the highway right-of-way, required and requested by the Agency, shall be completed without delay. Adjustments will be accomplished *at no expense to the Agency*, unless otherwise provided for by law. Any costs due to delays or lack of response to the Agency or an Agency contractor resulting from the failure of the Licensee to perform the required adjustments necessitated by a highway construction project or maintenance activities, will be borne by the Licensee.
- Limitations.** This license will not be modified, transferred, or assigned without the written consent of the Agency. This license does not allow for installation of additional facilities, nor does this license set aside a strip of land of specific width for the exclusive use by the Licensee.
- Cancellation/Nullification.** The Licensee is required to notify the Agency in writing to cancel and/or nullify any issued license if the described Facility is not constructed within the prescribed time limits, scheduled to be removed, or taken out of service. No Facility will be allowed to be abandoned in place. The Facility must be removed at the time of abandonment.

- g. **Facility Access.** The maintenance, use, inspection, and access to the Facility shall be accomplished from locations outside of the lines of no access or access control. Ingress or egress to and from the Facility from the traveled ways of an access controlled road is hereby expressly forbidden.
  - h. **Traffic Control.** The Licensee agrees to the standards for traffic control as outlined in the Agency's *Traffic Control for Roadway Work Operations* manual. Standards developed by the Licensee may be substituted for the cited manual provided they have been approved by the district traffic engineer. The Licensee must cease all operations if they do not comply with traffic control standards. Traffic control plans and road closure plans will be submitted to the Agency's engineer for approval prior to starting any work on highway right-of-way.
  - i. **Contaminated Soil.** Any Licensee installing a new Facility or replacing/upgrading an existing Facility that encounters any type of contaminated soil, will at the Licensee's expense manage the contaminated soil in accordance with current DEQ regulations.
5. **Responsibilities of Agency.** This license is issued pursuant to Wyoming Statute § 1-26-813, Right-of-Way Along Public Ways . . . , and grants permission for the Licensee to occupy a portion of the right-of-way controlled by the Agency. This permission is limited by the type of controlling interest held by the Agency. Responsibility to satisfy any other fee (deeded) interest rests with the Licensee.
6. **General Provisions.**
- a. **Additional Stipulations.** Additional specific district stipulations may be attached to this form by the Agency as specified by the *Wyoming Department of Transportation Utility Accommodation Regulation*. The Licensee agrees to incorporate the applicable requirements into the design of the Facility and assures compliance with these requirements during the construction of the Facility. Non-compliance will void this permit.
  - b. **Ambiguities.** The parties agree that any ambiguity in this License shall not be strictly construed, either against or for either party, except that any ambiguity as to sovereign immunity shall be construed in favor of sovereign immunity.
  - c. **Amendments.** Any changes, modifications, revisions or amendments to this License which are mutually agreed upon by the parties to this License shall be incorporated by written instrument, executed and signed by all parties to this License.
  - d. **Applicable Law/Venue.** The construction, interpretation and enforcement of this License shall be governed by the laws of the State of Wyoming. The Courts of the State of Wyoming shall have jurisdiction over this License and the parties, and the venue shall be the First Judicial District, Laramie County, Wyoming. The parties intend and agree that the State of Wyoming and the Agency do not waive sovereign immunity by entering into this License, and specifically retain immunity and all defenses available to them as sovereigns pursuant to Wyoming Statute § 1-39-104(a), Granting Immunity From Tort Liability, and all other state law.
  - e. **Award of Related Licenses.** The Agency may undertake or award supplemental or successor Licenses for work related to this License. The Licensee shall cooperate fully with other contractors and the Agency in all such cases.
  - f. **Construction Methods.** The license is issued with the understanding that conventional construction methods like: trenching, plowing, boring, pole setting by truck, etc. will be used.   - h. **Indemnification.** The Licensee agrees to forever indemnify the Agency and save it harmless from all liability for damages to property, or injury to or death of persons, including all costs and expenses related thereto, arising wholly or in part, or in connection with the existence, construction, alteration, maintenance, surveillance, repair, renewal, use, or removal of the facility by the Licensee or his agents, for those facilities located within the State or Federal highway system described or noted herein.

If the Licensee is a political subdivision of the State, the following provision applies in lieu of the above cited paragraph:

The Licensee hereby agrees to indemnify and hold harmless the Agency against all loss, liability, and damage that arises out of any activities of the Licensee, its agents, employees, and contractors in the performance of any construction, maintenance, repair, or other work on the Agency's property.

Allegations or proof of negligence or other legal fault on the part of the Agency will not defeat the Agency's rights under this provision or relieve the Licensee, its contractors, and agents of their duty to indemnify and hold harmless the Agency, but the Agency will be responsible for any percentage of fault that may be attributable to it pursuant to law, and the obligation of the Licensee, its contractors and agents to indemnify and hold harmless the Agency will be reduced by the percentage of fault attributable to the Agency.

- i. **Inspectors.** Based upon the complexity, construction methods or other concerns, the Agency may assign part-time or full-time inspector(s) to the Licensee's project. The cost of such inspection will be at the sole expense of the Licensee, and the Agency's District Offices will initiate an *Authority for Rendering Special Services (ARS)*, as provided in *Operating Policy 24-3*, to cover such costs.
- j. **Notices.** All notices arising out of, or from, the provisions of this License shall be in writing and given to the parties at the address provided under this License, either by regular mail, facsimile, or delivery in person.
- k. **Proof of Insurance.** The Licensee shall not commence work on this License until the Licensee has obtained all insurance required, provided a copy of all policies to the Agency, and such insurance has been approved by the Agency. Approval of the insurance shall not relieve or decrease the liability of the Licensee. The Licensee's insurance certificates shall be furnished or countersigned by a resident agent authorized to do business in the State of Wyoming.
- l. **Sovereign Immunity.**

For private (non governmental) entities (which include utility companies, railroads):

For other governmental entities (municipality, county, board, commission, another state, water districts, sewer districts and other "instrumentalities" of local governments):

The State of Wyoming and Agency do not waive sovereign immunity by entering into this Agreement and the Licensee does not waive governmental immunity, except to the extent necessary for the Parties to pursue an agreement action to clarify or enforce the written terms of this Agreement. In all other situations, the State of Wyoming and the Agency specifically retain immunity and all defenses available to them as sovereigns pursuant to Wyoming Statute § 1-39-104(a), and all other state law. Designations of venue, choice of law, enforcement actions, and similar provisions should not be construed as a waiver of sovereign immunity.

- m. **Third-Party Beneficiary Rights.** The parties do not intend to create in any other individual or entity the status of third party beneficiary, and this License shall not be construed so as to create such status. The rights, duties and obligations contained in this License shall operate only between the parties to this License, and shall inure solely to the benefit of the parties to this License. The provisions of this License are intended only to assist the parties in determining and performing their obligations under this License.

5. The Licensee shall place cable marker posts at both sides of the Interstate right-of-way at crossings, as well as at 1,000 foot intervals or line of sight, whichever is shorter, for parallel encroachments.

D. Restoration of Interstate Right-of-Way

1. The Licensee shall restore the interstate right-of-way to its original condition upon completion of the initial construction, as well as any time thereafter when facility maintenance and/or repair has taken place and the ground has been disturbed, as directed by the Department's Engineer.
2. Drainage ditches disturbed by the cable placement shall be restored and the soil compacted to assure proper flow to prevent future erosion.
3. Should the Department's normal maintenance discover that erosion has taken place in the Licensee's previous work area or due to the Licensee's maintenance activities, the Department shall notify the Licensee of the problem and the Licensee shall take corrective action within thirty (30) days from the date of notification.
4. Fence cuts shall be repaired to Department Standards. Temporary fence may be required during construction, as directed by the District Maintenance Engineer.
5. Reseeding of disturbed ground shall be in accordance with the Department's specifications and as directed by the Department's Engineer.

**E. As Constructed Plans**

Upon completion of construction, the Licensee shall provide two (2) copies of "As Constructed Plans" to the District Maintenance Engineer. These plans shall reflect the actual location of the facilities installed relative to the roadway centerline, as well as updated details of any road crossings. (Also see Exhibit\_\_\_\_)

**F. Exhibits**

Exhibits showing the proposed alignment of the facility shall accompany all applications, whether for a crossing or for a parallel encroachment. The Exhibit shall consist of the following:

1. Plan view sheets showing the existing road and interstate right-of-way line, with the location of the proposed facility plotted relative to and with dimensions to both the roadway centerline and Interstate right-of-way line.
2. Land Description ( $\frac{1}{4}$   $\frac{1}{4}$  Section, Section, Township, and Range) and an accurate distance tie to an Interstate station or an Interstate milepost.
3. Location of all appurtenances like manholes, pedestals, junction boxes, line markers, etc.
4. Depth of bury, location and length of casing on road bores, type and size of casing pipe, location of casing vents (if applicable).
5. Cross sectional view of roadway template at crossings, and the relative location of the proposed facility to the roadway template, ditch and right-of-way line.
6. Specific construction details showing how the company plans to avoid damaging all existing utilities.
7. GPS coordinates whenever your utility enters/exits the right-of-way, changes direction, or crosses a structure or road. GPS coordinates should not be more than  $\frac{1}{2}$  mile apart.

**G. Expenses**

1. A full time Department inspector will be assigned to watch over this project at the company's expense. The inspector will be paid through an Authority to Render Service (ARS). No work will be allowed without the Department inspector being on site.
2. Any relocation required by the Department will be done by the company at their expense. Chapter XXVIII of WYDOT's Rules and Regulations, Utility Relocation Assistance, will not apply to this utility.

3. The company will construct temporary exit and entrance ramps from the interstate if interchanges are not close enough to utilize during construction.
4. The company will designate a representative as a point of contact during construction. This representative must work for the company, be on site during all construction and maintenance of this utility, and have the authority to stop work upon the order of Department personnel.

## II. EXCEPTIONS TO THIS POLICY

- A. The provisions of construction Detail Sheets shall not be deviated from without specific written approval of the Department's Utility Section.
- B. When extenuating circumstances exist (whether environmental, economical, engineering/design related, difficult terrain, or other situations) the Department's Engineer may vary from the requirements of construction Details "A", "B" and "C", on a case by case basis, and upon making a thorough review of the specific situation. Under no circumstances shall the utility be located more than 20 feet from the Interstate right-of-way line.

Recommendation

That Council, by resolution, accept a 20-foot right-of-way easement from Daniel S. Herrera and Jennifer K. Herrera in the amount of \$4,248.17, as part of the West Casper Zone II Water System Improvements, Project No. 15-59.

Summary

The 2006 City of Casper Water System Master Plan Level I Study recommended improvements to the West Casper Zone II Water System in order to expand the system and provide redundant transmission service for existing and future residents in the area. These improvements have been designed, and land acquisition negotiations for obtaining easements and right-of-ways from landowners are nearing completion.

Right-of-way easements are necessary for the installation of a 12-inch water transmission main across land from Wolf Creek Road at 40<sup>th</sup> Street to the pump station at the southeast corner of Coates Road and CY Avenue, approximately 10,370 linear feet. Easement negotiations continue with one additional property owner and will be presented to Council at a later date. The table below shows the associated compensation determined from the County assessed land values and approximate acquired land areas.

LANDOWNER	EASEMENT COMPENSATION	ACRES
Daniel S. Herrera & Jennifer K. Herrera	\$4,248.17	0.144
TOTAL	\$4,248.17	

Financial Considerations

A grant from the Wyoming Water Development Commission (WWDC) was approved to fund 67% of this project. The remaining 33% will be from Water Fund Reserves allocated to the West Casper Zone II Water System Improvements.

SUBJECT: Authorizing a Contract for Professional Services with Recycling Industrial Repairs, Inc. (RIR), in an amount not to exceed \$99,000 for the Baler Maintenance Support Project.

Meeting Type & Date  
Regular Council Meeting  
February 20, 2018

Action Type  
Resolution

Recommendation:  
That Council, by resolution, authorize a Contract for Professional Services with RIR, in an amount not to exceed \$99,000, for the Baler Maintenance Support, Project No. 18-016.

Summary  
Balers are high maintenance equipment and require continual preventative maintenance on a daily, weekly, monthly and annual basis. The baler manufacturer maintenance program is not sufficient to provide proactive maintenance to insure a 40-year life. Annual inspections by a third party baler maintenance expert are recommended by the baler manufacturer and City staff. City staff also recommends training key staff on baler programming to reduce the need for relying on consultants for programming modifications and providing troubleshooting advice via telephone and modem to resolve maintenance problems quickly.

There are fifty (50) liner-wear plates on each of the City balers. Liner-wear plates require replacement on balers at approximately 1,800 hours of operation. Replacing worn liner-wear plates is a routine maintenance activity for balers, and costs up to \$91,350 to contract out the maintenance work for one (1) baler. It is a goal of the Balefill team to reduce the cost of replacing worn liner-wear plates by fifty percent (50%) by using local welding companies to cut liner-wear plates, and City staff to disassemble and remove worn liner-wear plates. To meet the goal, it is necessary to update the Harris schematics for the liner-wear plate diagrams which will significantly reduce the number of wear plates that need to be cut and provide an accurate design for a local welding company to use.

Since replacing the balers in 2010, the City has raised safety issues with the operation of ejection rams on the balers in conjunction with the bagging system. The City balers are designed to operate with enough garbage in the ejection chamber to create two (2) bagged bales of garbage. When the ejection ram activates, one (1) bale of garbage is ejected from the end of the chamber where it is bagged and received on a bagging conveyor.

The garbage that remains serves as a spacer between the extended ejection ram and the end of the baler chamber. The remaining garbage will be bagged after the next compaction cycle; however, at the end of a work shift the remaining garbage in the chamber must be removed to evacuate all garbage from the baler to prevent fires and maintain the baler in good working condition. The ejection ram is not long enough to push the remaining garbage out; therefore, to remove the remaining garbage out of the baler at the end of the shift, an employee must enter the bale chamber, place a landscape timber or tires in the chamber to provide the additional space to eject the garbage onto the bagging conveyor. Prior to having the bagging system at the end of the ejection chamber, the garbage at the end of the day was dug out.

Requiring employees to enter the baler chamber is extremely dangerous and requires a lockout/tagout procedure where the baler is de-energized and the power to the baler is turned off, locked and tagged out. Because there is potential for human error and the consequence of making a lockout/tagout error is deadly, staff would like to eliminate the need for an employee to enter the ejection chamber. The ejection ram needs to be long enough to eject the remaining garbage at the end of the day from the ejection chamber onto the bagging conveyor to eliminate the need for an employee to enter the ejection chamber. To extend the ejection rams, a design is needed from RIR, who is familiar with the City's balers, in order to provide bid specifications for cylinder shops to manufacture the extended rams.

#### Financial Considerations

Project funding is from Balefill Fund Reserves and included in the Balefill FY18 budget.

MEMO TO: J. Carter Napier, City Manager *JCN*

FROM: Andrew Beamer, P.E., Public Services Director *AB*  
Cynthia M. Langston, Solid Waste Division Manager

SUBJECT: Authorizing an Agreement with Raven Industries, Inc., in the amount of \$144,157.13 for the Casper Balefill Closure, Geosynthetics Manufacturer, Project No. 17-039.

Meeting Type & Date:

Regular Council Meeting  
February 20, 2018

Action Type:

Resolution

Recommendation:

That Council, by resolution, authorize an agreement with Raven Industries, Inc., for the Casper Balefill Closure, Geosynthetics Manufacturer, Project No. 17-039, in the amount of \$144,157.13. Furthermore, it is recommended that Council authorize a construction contingency account, in the amount of \$7,842.87, for a total contract amount of \$152,000.

Summary:

On January 19, 2018, the City of Casper received three (3) bids for the Casper Balefill Closure, Geosynthetics Manufacturer, Project No. 17-039. The bids received are as follows:

<u>CONTRACTOR</u>	<u>LOCATION</u>	<u>TOTAL BASE BID</u>
<b>Raven Industries, Inc.</b>	<b>Parker, Colorado</b>	<b>\$144,157.13</b>
Erosion Control Applications, Inc.	Anaheim, California	\$165,965.03
Northwest Linings & Geotextile Products, Inc.	Kent, Washington	\$183,839.50

The Engineer's Estimate prepared by Solid Waste Professionals of Wyoming (SWPW) was \$183,532.50. SWPW is under contract for engineering, design, bidding, construction administration and construction quality assurance for the work of the Balefill Closure, Geosynthetics Manufacturer, Project No. 17-039. Construction includes an engineered cap for the previously closed 14 acres to accommodate the new GCCS, drainage provisions, final cover and a vegetative layer. The Agreement with Raven Industries, Inc. is for the materials procurement of the geosynthetic liner membrane cap portion of the Casper Balefill Closure Project.

The Balefill was closed in 2009 prior to reaching its permitted capacity as a stop-gap remedy to prevent wastes from being added to the landfill source of groundwater contamination. The Balefill

Raven Industries, Inc.  
Casper Balefill Closure, Geosynthetics Manufacturer  
Project No. 17-039

closure cap included a geo-synthetic membrane, drainage provisions, final cover and a vegetative layer. The geo-synthetic membrane was designed to cover 92 acres, excluding the pre-regulated 14 acre area that stopped receiving wastes after 1985.

WDEQ issued a closure permit in 2010 for the Casper Closed Balefill, permit number 10.070, and in 2015, WDEQ approved construction of a Gas Collection and Control System (GCCS) as an additional remedy to reduce landfill gas as a source of groundwater contamination. The GCCS included 14 gas extraction wells in the pre-regulated area and over 100 gas extraction wells over the entire Closed Balefill.

During construction of the GCCS, it was determined that the 14 acres without the geo-synthetic membrane did not have adequate cover for the gas extraction wells to effectively draw landfill gas into the GCCS. After finding that the 14-acre area had less than 6 inches of sand in some areas, WDEQ recommended the 14-acre area be covered and capped with the same geo-synthetic membrane that covers the remaining 92 acres of the Closed Balefill. A cover and cap in this area will provide a closure cap that meets current landfill regulations and will allow the 14 gas extraction wells to effectively draw landfill gas to insure maximized operational efficiencies.

The work is scheduled to be substantially completed by August 2018.

Financial Considerations:

Funding for this project will be from FY16 Balefill Fund Reserves and will be eligible for 100% reimbursement under the State of Wyoming's landfill remediation program.

MEMO TO: J. Carter Napier, City Manager *SN*

FROM: Andrew Beamer, P.E., Public Services Director *AB*

SUBJECT: Authorizing an Agreement with Erosion Control Applications, Inc., in the amount of \$63,325.53 for the Casper Balefill Closure, Geosynthetics Installer, Project No. 17-039.

Meeting Type & Date:  
Regular Council Meeting  
February 20, 2018

Action Type:  
Resolution

Recommendation:

That Council, by resolution, authorize an agreement with Erosion Control Applications, Inc., for the Casper Balefill Closure, Geosynthetics Installer, Project No. 17-039, in the amount of \$63,325.53. Furthermore, it is recommended that Council authorize a construction contingency account, in the amount of \$3,674.47, for a total contract amount of \$67,000.

Summary:

On January 19, 2018, the City of Casper received two (2) bids for the Casper Balefill Closure, Geosynthetics Installer, Project No. 17-039. The bids received are as follows:

<u>CONTRACTOR</u>	<u>LOCATION</u>	<u>TOTAL BASE BID</u>
<b>Erosion Control Applications, Inc.</b>	<b>Anaheim, California</b>	<b>\$63,325.53</b>
Northwest Linings & Geotextile Products, Inc.	Kent, Washington	\$86,229.03

The Engineer's Estimate prepared by Solid Waste Professionals of Wyoming (SWPW) was \$205,135.50. SWPW is under contract for engineering, design, bidding, construction administration and construction quality assurance for the work of the Balefill Closure, Geosynthetics Installer, Project No. 17-039. Construction includes an engineered cap for the previously closed 14 acres to accommodate the new GCCS, drainage provisions, final cover and a vegetative layer. The agreement with Erosion Control Applications, Inc, is for the installation of the geosynthetic liner membrane cap portion of the Casper Balefill Closure Project.

The Balefill was closed in 2009 prior to reaching its permitted capacity as a stop-gap remedy to prevent wastes from being added to the landfill source of groundwater contamination. The Balefill closure cap included a geo-synthetic membrane, drainage provisions, final cover and a vegetative

layer. The geo-synthetic membrane was designed to cover 92 acres, excluding the pre-regulated 14 acre area that stopped receiving wastes after 1985.

WDEQ issued a closure permit in 2010 for the Casper Closed Balefill, permit number 10.070, and in 2015, WDEQ approved construction of a Gas Collection and Control System (GCCS) as an additional remedy to reduce landfill gas as a source of groundwater contamination. The GCCS included 14 gas extraction wells in the pre-regulated area and over 100 gas extraction wells over the entire Closed Balefill.

During construction of the GCCS, it was learned the 14 acres without the geo-synthetic membrane did not have adequate cover for the gas extraction wells to effectively draw landfill gas into the GCCS. After learning the 14 acre area had less than 6 inches of sand in some areas, WDEQ recommended the 14 acre area be covered and capped with the same geo-synthetic membrane that covers the remaining 92 acres of the Closed Balefill. A cover and cap in this area will provide a closure cap that meets current landfill regulations and will allow the 14 gas extraction wells to effectively draw landfill gas to insure maximize operational efficiencies.

The work is scheduled to be substantially completed by August 2018.

Financial Considerations:

Funding for this project will be from FY16 Balefill Fund Reserves and will be eligible for 100% reimbursement under the State of Wyoming's landfill remediation program.

Oversight/Project Responsibility:

Agreement

STANDARD FORM OF  
AGREEMENT BETWEEN OWNER AND CONTRACTOR  
(Section 00 52 13)

THIS AGREEMENT is made between the City of Casper, 200 North David Street, Casper, Wyoming, hereinafter referred to as the "OWNER," and Erosion Control Applications, Inc., 901 East Orangethorpe Avenue, Anaheim, California 92801, hereinafter referred to as the "CONTRACTOR."

WHEREAS, the City of Casper desires to close the western portion of the Casper Balefill by excavating, filling and installing a geomembrane for closure of the western-most 14 acres of the Balefill and complete additional ancillary work at the Balefill; and

WHEREAS, Erosion Control Applications, Inc. is able and willing to provide those services specified as the CASPER BALEFILL CLOSURE, GEOSYNTHETICS INSTALLER; CITY PROJECT 17-039.

NOW, THEREFORE, it is hereby agreed as follows:

ARTICLE 1. WORK.

CONTRACTOR shall perform all the work required by the Contract Documents for completion of the CASPER BALEFILL CLOSURE, GEOSYNTHETICS INSTALLER; CITY PROJECT 17-039, hereinafter referred to as the "WORK".

ARTICLE 2. ENGINEER.

The Project has been designed by Solid Waste Professionals of Wyoming, LLC (SWPW), and SWPW is hereinafter referred to as the "ENGINEER" and "CQA MANAGER;" SWPW will act as the OWNER's Representative, assume all duties and responsibilities, and will have the rights and authority assigned to the ENGINEER and CQA MANAGER in the Contract Documents, respectively, in connection with completion of the WORK in accordance with the Contract Documents.

ARTICLE 3. CONTRACT TIME.

- 3.1 Substantial Completion is defined in the General Conditions and includes all earthwork, liner installation, piping, and revegetation.
- 3.2 The WORK will be Substantially Complete within 90 days of Notice to Proceed date; and ready for final payment in accordance with the General Conditions within 110 days of Notice to Proceed date.
- 3.3 Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the WORK is not Substantially Complete by the time specified in Paragraph 3.2 above, plus any extension thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays,

expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the WORK is not Substantially completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Two Thousand Dollars (\$2,000) for each day that expires after the time specified in Paragraph 3.2 for Substantial Completion. After Substantial Completion, if CONTRACTOR shall neglect, refuse, or fail to complete the remaining WORK within the time specified in Paragraph 3.2 for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER One Thousand Dollars (\$1,000) for each day that expires after the time specified in Paragraph 3.2 for completion and readiness for final payment. It is further agreed that such liquidated damages are not a penalty, but represent the parties' best estimate of actual damages.

#### ARTICLE 4. CONTRACT PRICE.

In consideration of the performance of the WORK in accordance with the Contract documents for this Unit Price Contract, OWNER shall pay CONTRACTOR in current funds a not-to-exceed total contract price of Sixty Three Thousand Three Hundred Twenty-Five and 53/100 Dollars (\$63,325.53), subject to additions and deductions by Change Order approved by the OWNER. The contract fee shall be based on materials actually furnished and installed and services actually provided based on the unit prices contained in the Bid Form and itemized Unit Prices Form, included in the Bid Documents and by this reference made a part of this Agreement.

#### ARTICLE 5. PAYMENT PROCEDURES.

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed through the ENGINEER or CQA MANAGER as provided in the General Conditions.

5.1 Progress Payments. OWNER shall make progress payments on the basis of CONTRACTOR's Applications for Payment as recommended by ENGINEER or CQA MANAGER, on or about the 25th day of each month during construction as provided below. All progress payments will be on the basis of the progress of the WORK measured by the Unit Prices Form provided for in Paragraph 14.01 of the General Conditions, subject to the cutoff and submittal dates provided in the General Provisions. Should amounts owed by the CONTRACTOR to the City for any goods, services, licenses, permits or any other item or purpose remain unpaid beyond the City's general credit policy, those amounts may be deducted from the payment being made by the City to the CONTRACTOR pursuant to this agreement.

5.1.1 Prior to payment of fifty percent (50%) of Total Contract Price, progress payments will be made in an amount equal to ninety percent (90%) of the WORK completed, and ninety percent (90%) of Invoice Cost of materials and equipment not incorporated in the WORK but delivered and suitably stored, less in each case the aggregate of payments previously made.

- 5.1.2 After payment of fifty percent (50%) of Total Contract Price has been made, OWNER shall withhold such amounts necessary so the total retainage is equal to five percent (5%) of the Total Contract Price.
- 5.1.3 In the event the CONTRACTOR makes only one application for payment upon substantially completing the WORK, progress payment will be made in an amount equal to ninety five percent (95%) of the WORK completed. OWNER shall withhold five percent (5%) of the WORK completed as retainage, said retainage to be paid in accordance with the provisions of Paragraph 5.3, Final Payment.
- 5.1.4 Should amounts owed by the Contractor to the City for any goods, services, licenses, permits or any other item or purpose remain unpaid beyond the City's general credit policy, those amounts may be deducted from the payment being made by the City to the Contractor pursuant to this agreement.
- 5.2 OWNER may withhold progress payments if CONTRACTOR fails to submit an updated progress schedule with the application for payment, as detailed in Section 01 32 16 of the SPECIFICATIONS.
- 5.3 Final Payment. Upon final completion and acceptance of the WORK in accordance with Paragraph 14.07 of the General Conditions, ENGINEER or CQA MANAGER shall recommend payment and present CONTRACTOR's Final Application for Payment to the City. Pursuant to Wyoming State Statutes, final payment cannot be made until forty-one (41) days after publication of the first Notice of Completion.

#### ARTICLE 6. WITHHELD FUNDS.

Pursuant to Wyoming Statutes Section 16-6-701 et seq., withheld percentages for Contracts exceeding twenty-five thousand (\$25,000.00) Dollars will be retained in an account in the name of the CONTRACTOR (except when specifically waived in writing by CONTRACTOR) which has been assigned to the OWNER until the Contract is completely, satisfactorily, and finally accepted by the OWNER. Unless a depository is designated by the CONTRACTOR in a written attachment hereto, the CONTRACTOR's signature hereon shall act as authority for the OWNER to designate a retainage depository on behalf of the CONTRACTOR, for the purposes specified in Wyoming Statutes Section 16-6-704. The CONTRACTOR's signature hereon shall act as an assignment of the depository account to the OWNER, as provided by Wyoming Statutes Section 16-6-701 et seq., whether the depository is designated by the CONTRACTOR or by the OWNER.

#### ARTICLE 7. CONTRACTOR'S REPRESENTATIONS.

In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

- 7.1 CONTRACTOR has familiarized himself with the nature and extent of the Contract Documents, the WORK, locality, and with all local conditions and federal, state, and local Laws and Regulations that in any manner may affect cost, progress, or performance of the WORK.

- 7.4 CONTRACTOR has correlated the results of all such observations, examinations, investigations, tests, reports, and data with the terms and conditions of the Contract Documents.
- 7.5 CONTRACTOR has given ENGINEER written notice of all conflicts, errors, or discrepancies that he/she has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.

Summary:

On January 19, 2018, the City of Casper received seven (7) bids for the Casper Balefill Closure, Earthworks, Project No. 17-039. The bids received are as follows:

Contractor	Location	Total Base Bid
<b>Dan Hart Patrol Service, LLC</b>	<b>Upton, Wyoming</b>	<b>\$572,602.50</b>
Wayne Coleman Construction, Inc.	Mills, Wyoming	\$595,307.00
Earth Work Solutions	Gillette, Wyoming	\$643,499.00
JTL Group Inc., dba Knife River	Casper, Wyoming	\$647,744.36
Weeden Construction, LLC	Banner, Wyoming	\$658,443.50
Oftedal Construction, Inc.	Casper, Wyoming	\$815,747.00
MD Leasing, LLC	Gillette, Wyoming	\$881,921.60

The Engineer's Estimate prepared by Solid Waste Professionals of Wyoming (SWPW) was \$567,554.60. SWPW is under contract for engineering, design, bidding, construction administration and construction quality assurance for the work of the Casper Balefill Closure,

Dan Hart Patrol Service, LLC  
Casper Balefill Closure, Earthworks  
Project No. 17-039

Earthworks, Project No. 17-039. Construction includes an engineered cap for the previously closed 14 acres to accommodate the new GCCS, drainage provisions, final cover and a vegetative layer. The Agreement with DHPS is for the Earthwork portion of the Casper Balefill Closure Project.

The Balefill was closed in 2009 prior to reaching its permitted capacity as a stop-gap remedy to prevent wastes from being added to the landfill source of groundwater contamination. The Balefill closure cap included a geo-synthetic membrane, drainage provisions, final cover and a vegetative layer. The geo-synthetic membrane was designed to cover 92 acres, excluding the pre-regulated 14 acre area that stopped receiving wastes after 1985.

WDEQ issued a closure permit in 2010 for the Casper Closed Balefill, permit number 10.070, and in 2015, WDEQ approved construction of a Gas Collection and Control System (GCCS) as an additional remedy to reduce landfill gas as a source of groundwater contamination. The GCCS included 14 gas extraction wells in the pre-regulated area and over 100 gas extraction wells over the entire Closed Balefill.

During construction of the GCCS, it was learned the 14 acres without the geo-synthetic membrane did not have adequate cover for the gas extraction wells to effectively draw landfill gas into the GCCS. After learning the 14 acre area had less than 6 inches of sand in some areas, WDEQ recommended the 14 acre area be covered and capped with the same geo-synthetic membrane that covers the remaining 92 acres of the Closed Balefill. A cover and cap in this area will provide a closure cap that meets current landfill regulations and will allow the 14 gas extraction wells to effectively draw landfill gas to insure maximize operational efficiencies.

The work is scheduled to be substantially completed by August 2018.

Financial Considerations:

Funding for this project will be from FY16 Balefill Fund Reserves and will be eligible for 100% reimbursement under the State of Wyoming's landfill remediation program.

accordance with Article 12 of the General Conditions. They also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the WORK is not Substantially completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER Two Thousand Dollars (\$2,000) for each day that expires after the time specified in Paragraph 3.2 for Substantial Completion. After Substantial Completion, if CONTRACTOR shall neglect, refuse, or fail to complete the remaining WORK within the time specified in Paragraph 3.2 for completion and readiness for final payment or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER One Thousand Dollars (\$1,000) for each day that expires after the time specified in Paragraph 3.2 for completion and readiness for final payment. All progress payments will be on the basis of the progress of the WORK measured by the Unit Prices Form provided for in Paragraph 14.01 of the General Conditions, subject to the cutoff and submittal dates provided in the General Provisions. Should amounts owed by the CONTRACTOR to the City for any goods, services, licenses, permits or any other item or purpose remain unpaid beyond the City's general credit policy, those amounts may be deducted from the payment being made by the City to the CONTRACTOR pursuant to this agreement.

5.1.1 Prior to payment of fifty percent (50%) of Total Contract Price, progress payments will be made in an amount equal to ninety percent (90%) of the WORK completed, and ninety percent (90%) of Invoice Cost of materials and equipment not incorporated in the WORK but delivered and suitably stored, less in each case the aggregate of payments previously made.

- 5.1.2 After payment of fifty percent (50%) of Total Contract Price has been made, OWNER shall withhold such amounts necessary so the total retainage is equal to five percent (5%) of the Total Contract Price.

Unless a depository is designated by the CONTRACTOR in a written attachment hereto, the CONTRACTOR's signature hereon shall act as authority for the OWNER to designate a retainage depository on behalf of the CONTRACTOR, for the purposes specified in Wyoming Statutes Section 16-6-704. Owner and Contractor recognize that time is of the essence of this Procurement Agreement and that Owner will suffer financial loss if Goods are not delivered at the point of delivery and ready for acceptance of delivery by Owner within the time specified in Paragraph 4.2 above, plus any extension thereof allowed in accordance with the Procurement General Conditions. Further, they recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual losses or damages (including special, indirect, consequential, incidental, and any other losses or damages) suffered by Owner if complete acceptable Goods are not delivered on time. Accordingly, and instead of requiring proof of such losses or damages, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay Owner Two Hundred Dollar(s) (\$200.00) for each day that expires after the time specified in Paragraph 4.1 for delivery of acceptable Goods. It is further agreed that such liquidated damages are not a penalty, but represent the parties' best estimate of actual losses or damages.

#### ARTICLE 5. CONTRACT PRICE.

Owner shall pay Contractor in current funds for furnishing the Goods and Special Services in accordance with the Procurement Documents, subject to additions and deductions by Change Order, the Contract Price of Two Hundred Nineteen Thousand Five Hundred Twenty and 00/100 Dollars (\$219,520.00).

## ARTICLE 6. PAYMENT PROCEDURES.

Progress payments shall be structured as provided below. Owner will make progress payments on account of the Contract Price in accordance with Paragraph 6.3 of the Procurement General Conditions on the basis of Contractor's Applications for Payment as follows:
  - 6.1.1 Upon receipt and approval of Shop Drawings and receipt of the first Application for Payment submitted in accordance with Paragraph 6.1 of the Procurement General Conditions and accompanied by Engineer's recommendation of payment in accordance with Paragraph 6.2.1 of the Procurement General Conditions, an amount equal to five percent (5%) of the Contract Price.
  - 6.1.2 Upon acceptance of delivery of the Goods, and upon receipt of the second such Application for Payment accompanied by Engineer's recommendation of payment in accordance with Paragraph 6.2.2 of the Procurement General Conditions, an amount sufficient to increase total payments to Contractor to ninety percent (90%) of the Contract Price, less such amounts as Engineer shall determine in accordance with Paragraph 6.2.3 of the Procurement General Conditions.
- 6.2 Final Payment. Upon furnishing of the Special Services, and upon receipt of the final Application for Payment accompanied by Engineer's recommendation of payment in accordance with Paragraph 6.6 of the Procurement General Conditions, Owner shall pay the remainder of the Contract Price as recommended by Engineer.

## ARTICLE 7. INTEREST.

No interest shall be paid by Owner to Contractor on retained funds.

## ARTICLE 8. CONTRACTOR'S REPRESENTATIONS.

In order to induce Owner to enter into this Procurement Agreement, Contractor makes the following representations:

- 8.1 Contractor has familiarized himself with the nature and extent of the Procurement Documents, and has given Engineer written notice of all conflicts, errors, or discrepancies

that he has discovered in the Procurement Documents and the written resolution thereof by Engineer is acceptable to Contractor.

- 8.4 Contractor has correlated the results of all such examinations, investigations, and resolutions with the terms and conditions of the Procurement Documents.

### RECITALS

- A. Assignor is presently the holder of the Lessee’s interest under the provisions of a *Lease Agreement for the Operation of the 19<sup>th</sup> Hole Restaurant at the Casper Municipal Golf Course* (the “**Lease**”), under which Assignor is leasing from the Lessor the second floor of the building located at 2120 Allendale Boulevard in Casper, Wyoming. The Lease Term commenced on July 5, 2017, and terminates on March 31, 2018. A true and complete copy of the Lease and all Exhibits thereto is attached to this Agreement as Exhibit “A” hereto and by this reference made an integral part of this Agreement for all purposes.
- B. Assignor wants to, as of the Effective Date, assign all of its right, title, and interest in and to the Lease to Assignee provided Lessor consents to this Agreement and Assignee agrees to assume and be fully responsible for all the obligations of Assignor, as Lessee under the Lease, from and after the Effective Date. Assignee is willing to accept Assignor’s assignment to it of the Lease and to assume all of Assignor’s obligations as Lessee under the Lease from and after the Effective Date for the remainder of the Lease Term.
- C. Lessor is willing to enter into this Agreement to grant its prior written consent to Assignor’s assignment of the Lease to Assignee, as provided in Section 10 (Sublease Assignment) of the Lease.
- D. Accordingly, Assignor, Assignee, and Lessor want to execute and enter into this Agreement in order to evidence and accomplish the purposes set forth in the above Recitals as of the Effective Date.

**NOW THEREFORE**, for and in consideration of the foregoing Recitals, and the mutual covenants contained herein, and for such other good and valuable consideration, the receipt, adequacy, and legal sufficiency of which are hereby expressly acknowledged by each of

Assignor, Assignee, and Lessor, and intending to be legally bound hereby, Assignor, Assignee, and Lessor do hereby specifically covenant and agree as follows:

1. Assignment. Assignor hereby assigns, conveys, transfers, and sets over unto Assignee, all of Assignor's right, title, and interest, as Lessee, in, to, and under the Lease, expressly subject to the rights and privileges of Lessor under the Lease.

2. Assumption. Assignee hereby assumes and agrees to pay, perform, fulfill, and comply with all covenants and obligations (including, without limitation, all rent covenants) to be paid, performed, fulfilled, or complied with by Assignor, as Lessee, under the Lease arising from and after the Effective Date of this Agreement.

3. Liability.

(a) It is specifically agreed between Assignor and Assignee that Assignee shall be responsible to Lessor under the Lease for the discharge and performance of any and all duties and obligations to be performed and/or discharged by the Lessee under the Lease arising from and after (but not prior to) the Effective Date of this Agreement.

(b) It is specifically agreed between Assignor and Assignee that Assignor and Assignee shall remain fully and jointly liable to Lessor for the performance of all of the terms, covenants, and conditions to be performed and/or discharged by the Lessee under the Lease arising prior to (but not from and after) the Effective Date of this Agreement.

4. Assignor Representations and Warranties. Assignor represents and warrants to Assignee that:

(a) Assignor's right, title, and interest in and to the Lease is free of any and all liens, charges, or encumbrances of any kind or nature whatsoever.

(b) There are no leases, subleases, tenancies, licenses, or other rights of occupancy or use of any portion of the Premises other than the Lease.

(c) Assignor has not previously assigned, transferred, or conveyed all or any part of its right, title or interest under the Lease to any other Person.

(d) The Lease is valid and subsisting and in full force and effect in accordance with its terms.

(e) The copy of the Lease attached hereto as Exhibit "A" is correct and complete and has not been further modified or amended.

(f) To the Assignor's knowledge, neither Assignor nor Lessor is in default under any material provision of the Lease, and no event has occurred, which with the passage of time or the giving of notice, or both, would constitute a default by Assignor.

(g) Assignor has performed all obligations (including to the best of its knowledge, repair obligations) that it has under the Lease that have accrued as of the Effective Date.

(h) Assignor has no management, service, equipment, supply, maintenance, concession, or other agreements with respect to or affecting the Leased Premises which will be binding upon Assignee after the Effective Date.

(i) All licenses or permits that Assignee is required to hold immediately after the Effective Date to lawfully operate the Premises are issued and in good standing, and the same are being concurrently assigned, to the extent assignable, and/or delivered to Assignee as of the Effective Date.

(j) To the Assignor's knowledge, neither Assignor, the Lessor or any prior owner of the Leased Premises has disposed of or released any hazardous substance, contaminant, or pollutant on or in the Premises, including any release from an underground storage tank on the Premises, liability for abatement or cleanup of which may be imposed on Assignor under any applicable law, ordinance, or regulation. Assignor will indemnify, defend, and hold Assignee harmless from and against any loss, cost, damage, or expense, including reasonable attorneys' fees, if the Premises fail to comply with applicable laws, ordinances, and regulations respecting underground storage tanks, if that noncompliance existed before the Effective Date, and if Assignor had the obligation to remedy the same, either under the Lease or as a matter of law.

(k) No litigation or proceeding is pending or, to Assignor's knowledge, threatened, relating to Assignor or the Premises, or any part thereof, or, to Assignor's knowledge, to Lessor, which could have an adverse effect on title to or the use and enjoyment or value of the Premises or Assignor's right, title, and interest in and to the Lease, or which could in any way interfere with the consummation of this Agreement. No claims are pending against Assignor by any patron or other user of the Premises, or by any other Person, for which Assignee or the Premises may be liable after the Effective Date.

(l) During the Lease Term, Assignor has maintained the liability insurance required by the Lease.

5. Lessor's Consent to Assignment and Release of Assignor from Lessee's Obligations under the Lease From and After the Effective Date. Lessor, by its execution below, hereby expressly consents to the assignment of the Lease by Assignor to Assignee, and the assumption by Assignee of Assignor's interest in the Lease, as set forth in Section 1 and Section 2 of this Agreement. Further, Lessor hereby expressly releases Assignor from any and all covenants and obligations of the Lessee under the lease to be paid, performed, fulfilled, or complied with by the Lessee under the Lease arising from and after the Effective Date of this Agreement. It is expressly provided, however, that:

(a) Such consent will not release Assignor from any obligations accruing or arising under the Lease prior to the Effective Date of this Agreement;

(b) The consent to this Agreement shall not be deemed to be consent by Lessor to any subsequent assignment, sublease, subcontract, license, or other transfer of the Lease or any rights, responsibilities, obligations, interests, or benefits thereunder, except as otherwise expressly provided by the terms of Section 10 (Sublease Assignment) of the

Lease;

(c) This consent by Lessor shall not be valid or effective unless and until this Agreement has been fully executed by Assignor, Assignee, and Lessor;

(d) This consent of Lessor shall not be construed to modify, waive, or affect any of the terms, conditions, provisions, or agreements of the Lease, or any rights of Lessor under the Lease, or to enlarge or increase the obligations of Lessor under the Lease as currently stated; and

(e) Under no circumstances shall Lessor be liable for any brokerage commission(s) or any other charge or expense in connection with this consent or this Agreement whatsoever. By their acceptance of this consent, Assignor and Assignee each hereby jointly and severally agree to indemnify, defend, and hold Lessor harmless from and against the same, and against any cost or expense (including, but not limited to, reasonable attorneys' fees and court costs) incurred by Lessor in resisting any claim for any such brokerage commission.

6. Lessor Estoppel. Lessor hereby ratifies and confirms all of the terms, covenants, and conditions of the Lease and acknowledges that the Lease shall continue to remain in full force and effect in all respects from and after the assignment of the Lease from Assignor to Assignee, and that Lessor knows of no defenses, offsets, credits, or claims against Assignor pursuant to the terms, covenants, and conditions of the Lease. Lessor acknowledges and agrees that, to its knowledge, Assignor is not in default of any obligations under the Lease prior to the Effective Date of this Agreement.

#### 7. Miscellaneous.

(a) Authority. Each party to this Agreement represents and warrants to the other parties to this Agreement that it is duly authorized to enter into this Agreement and/or to execute the applicable assignment, assumption, and/or consent provisions set forth herein and perform its respective obligations hereunder without the consent or approval of any other person or party, and that the person signing this Agreement on its respective behalf is duly authorized to sign on behalf of such party.

(b) Disclaimer. The transfer and assignment set forth herein is made by Assignor without any express or implied representation or warranty of any kind or nature, except as expressly set forth in this Agreement.

(c) No Third Party Beneficiaries. Nothing in this Agreement, express or implied, is intended or shall be construed to confer upon, or give to, any Person, other than the named parties to this Agreement, any rights, remedies, obligations, or liabilities.

(d) Binding Effect and Interpretation. This Agreement shall be binding upon and inure to the benefit of Assignor, Assignee, and Lessor and their respective successors and permitted assigns. Assignor, Assignee, and Lessor understand, agree and acknowledge that (i) this Agreement has been freely negotiated by all of the parties hereto; and (ii) in any controversy, dispute, or contest over the meaning, interpretation, validity, or

enforceability of this Agreement, or any of its terms or conditions, there shall not be any inference, presumption, or conclusion drawn whatsoever against any party by virtue of that party having drafted this Agreement, or any portion thereof.

8. Entire Agreement. This Agreement, together with the Lease and Landlord Consent to Assignment, represents the entire understanding and agreement between Assignor, Assignee, and Lessor with respect to the subject matter hereof, and no amendment or modification of this Agreement shall be effective unless it is set forth in a writing specifically stating that it is intended to be an amendment hereof, specifying what provision hereof is being amended thereby, and signed by each of Assignor, Assignee, and Lessor.

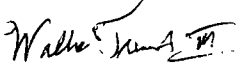

9. Severability. If any term or provision of this Agreement is invalid, illegal, or incapable of being enforced by virtue of any federal or state law, or public policy, all other terms and provisions of this Agreement shall nevertheless remain in full force and effect so long as the legal substance of the transaction contemplated hereby is not affected in any manner materially adverse to any of the parties to this Agreement. Upon such determination that any such term or provision is invalid, illegal, or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby are consummated as originally contemplated to the greatest extent possible.

10. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Wyoming without giving effect to any choice or conflict of law provision or rule (whether of the State of Wyoming or any other jurisdiction).

11. Governmental Claims. The Lessor does not waive any right or rights it may have pursuant to the Wyoming Governmental Claims Act, Wyoming Statutes Section 1-39-101 *et seq.*, and the Lessor specifically reserves the right to assert any and all rights, immunities, and defenses it may have pursuant to the Wyoming Governmental Claims Act.

**IN WITNESS WHEREOF**, Assignor, Assignee, and Lessor have duly executed this Agreement as of the date first above written.

The acceptance of payments by the

City of Casper from the Lessee for any period or periods, after a default by the Lessee of any of the terms, covenants, and conditions required to be performed, kept and observed by the Lessee shall not be deemed a waiver or stopping of any right on the party of the City to terminate the contract for failure by the Lessee to so perform, keep or observe any of said terms, covenants, or conditions. 6. **Purpose of Grant Award:** The FY 2017 SHSP plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. The FY 2017 SHSP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

The National Preparedness System is the instrument the Nation employs to build, sustain, and deliver core capabilities in order to achieve the Goal of a secure and resilient Nation. Complex and far-reaching threats and hazards require a collaborative and whole community approach to national preparedness that engages individuals, families, communities, private and nonprofit sectors, faith-based organizations, and all levels of government. The guidance, programs, processes, and systems that support each component of the National Preparedness System allows for the integration of preparedness efforts that build, sustain, and deliver core capabilities and achieve the desired outcomes identified in the Goal. The purpose of the SHSP is to prevent terrorism and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States; therefore, SHSP funded investments must have a terrorism-nexus. The total 2017 SHSP award to the State of Wyoming is three million, seven hundred fifty-two thousand dollars and zero cents (\$3,752,000.00).

In addition, the DHS expects grantees to prioritize grant funding to address gaps identified through the annual Community Preparedness Report (CPR) in achieving capability targets set through the annual Threat and Hazard Identification and Risk Assessment (THIRA). These assessments identify the jurisdictions' capability targets and current ability to meet those targets.

1.1 The City may terminate this Contract anytime by providing thirty (30) days written notice to Contractor of intent to terminate said Contract. In such event, all finished or unfinished documents, data, studies and reports prepared by the Contractor under this Contract shall, at the option of the City, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents.

1.2 Notwithstanding the above, the Contractor shall not be relieved of liability to the City for damages sustained by the City, by virtue of termination of the Contract by Contractor, or any breach of the Contract by the Contractor, and the City may withhold any payments to the Contractor for the purpose of setoff until such time as the exact amount of damages due the City from the Contractor are determined.

There shall be no increase in the amount of Contractor's compensation unless approved by Resolution adopted by City.

3. ASSIGNABILITY:

The Contractor shall not assign any interest in this Contract, and shall not transfer any interest in the same (whether by assignment or novation) without the prior written approval of the City; provided, however, that claims for money due or to become due the Contractor from the City under this Contract may be assigned to a bank, trust company, or other financial institution, or to a trustee in bankruptcy, without such approval. The City or any of its duly authorized representatives shall have access to any books, documents, papers, and records of the Contractor which are directly pertinent to the Contract for the purpose of making audit, examination, excerpts, and transactions.

5. EQUAL EMPLOYMENT OPPORTUNITY:

In carrying out the program, the Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin, or disability. Such action shall include, but not be limited to, the following: employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor shall post in conspicuous places, available to employees and applicants for employment, notices required by the government setting forth the provisions of this nondiscrimination clause. The Contractor shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, or disability.

6. OWNER OF PROJECT MATERIALS:

All finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, films, duplicating plates, and reports prepared by the Contractor under this Contract shall be considered the property of the City, and upon completion of the services to be performed, they will be turned over to the City provided that, in any case, the Contractor may, at no additional expense to the City, make and retain such additional copies thereof as Contractor desires for its own use; and provided further, that in no event may any of the documents, data, studies, surveys, drawings, maps, models, photographs, films, duplicating plates, or other reports retained by the Contractor be released to any person, agency, corporation, or organization without the written consent of the City.

7. FINDINGS CONFIDENTIAL:

All reports, information, data, etc., given to or prepared, or assembled by the Contractor under this Contract are confidential and shall not be made available to any individual or organization by the Contractor without the prior written consent of the City.

8. GOVERNING LAW:

This Contract shall be governed by the laws of the State of Wyoming. The Contractor shall also comply with all applicable laws, ordinances, and codes of the local, state, or federal governments and shall not trespass on any public or private property in performing any of the work embraced by this Contract.

9. PERSONNEL:

The Contractor represents that it has, or will secure, all personnel required in performing the services under this Contract. Such personnel shall not be employees of the City. All of the services required shall be performed by the Contractor, or under its supervision, and all personnel engaged in the work shall be fully qualified. All personnel employed by Contractor shall be employed in conformity with applicable local, state or federal laws.

10. SUBCONTRACTOR:

The Contractor shall not employ any subcontractor to perform any services in the scope of this project, unless the subcontractor is approved in writing by the City. Any approved subcontractor shall be paid by the Contractor.

11. INSURANCE AND INDEMNIFICATION:

A. **Prior to the commencement of work, Contractor shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its subcontractors, agents, representatives, or employees.**

B. *Minimum Scope and limit of Insurance.*

Coverage shall be at least as broad as:

1. Commercial General Liability (CGL): Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than the sum of Two Hundred Fifty Thousand Dollars (\$250,000) to any claimant for any number of claims arising out of a single transaction or occurrence; or the sum of Five Hundred Thousand Dollars (\$500,000) for all claims arising out of a single transaction or occurrence. If a general aggregate limit applies, the general aggregate limit shall apply separately to this project/location. The CGL policy shall be endorsed to contain Employers Liability/Stop Gap Coverage.
2. Automobile Liability: Insurance Services Office Form Number CA 0001 covering, Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than Five Hundred Thousand (\$500,000) per accident for bodily injury and property damage.
3. Workers' Compensation: as required by the State of Wyoming with Statutory Limits.
4. Professional Liability (Errors and Omissions) Insurance appropriate to the Contractor's profession, with limit no less than the sum of Two Hundred Fifty Thousand Dollars (\$250,000) to any claimant for any number of claims arising

out of a single transaction or occurrence; or the sum of Five Hundred Thousand Dollars (\$500,000) for all claims arising out of a single transaction or occurrence. If a general aggregate limit applies, the general aggregate limit shall apply separately to this project/location.

C. *Higher Limits.* If the Contractor maintains higher limits than required under this Agreement, then the City shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

D. *Other Insurance Provisions*

The insurance policies are to contain, or be endorsed to contain, the following provisions:

1. *Additional Insured Status*

The City, its officers, elected and appointed officials, employees, agents and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage shall be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10 and CG 20 37 forms if later revisions used).

2. *Primary Coverage*

For any claims related to this contract, the Contractor's insurance coverage shall be primary insurance as respects the City, its officers, elected and appointed officials, employees, agents and volunteers. Any insurance or self-insurance maintained by the City, its officers, elected and appointed officials, employees, agents or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

3. *Notice of Cancellation*

Each insurance policy required above shall state that coverage shall not be canceled, materially changed, or reduced, except with notice to the City. Such notice to the City shall be provided in a commercially reasonable time.

4. *Waiver of Subrogation*

Contractor hereby grants to City a waiver of any right to subrogation which any insurer of said Contractor may acquire against the City by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

5. *Deductibles and Self-Insured Retentions*

Contractor has two options regarding deductibles and self-insured retentions:

- a. *Option 1:* Any deductibles or self-insured retentions must be declared to and approved by the City. Unless otherwise approved by the City in writing, any deductible may not exceed Ten Thousand Dollars (\$10,000). Unless otherwise approved in writing by the City, self-insured retentions may not exceed Ten Thousand Dollars (\$10,000), and the City may require the Contractor to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
- b. *Option 2:* Contractor shall carry insurance with terms that require its insurance company to pay the full value of a covered claim from the first dollar of coverage, even if the Contractor is unable to pay any deductible or self-insured retention amount(s) required by the insurance policy. Contractor shall provide a written endorsement from its insurance carrier that such insurance coverage is in place, and shall keep such coverage in place during the term of this Contract and any subsequent time period required for claims made policies.

6. *Acceptability of Insurers*

Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise agreed to in writing by the City.

7. *Claims Made Policies*

If any of the required policies provide coverage on a claims-made basis:

- a. The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.
- b. Insurance must be maintained and evidence of insurance must be provided *for at least three (3) years after completion of the contract of work*. However, Contractor's liabilities under this Contract shall not be deemed limited in any way by the insurance coverage required.
- c. If coverage is canceled or non-renewed, and not *replaced with another claims-made policy form with a Retroactive Date* prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of *three (3) years* after completion of contract work and at all times thereafter until the applicable statute of limitations runs.

8. *Verification of Coverage*

Contractor shall furnish the City with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause. All certificates and endorsements are to be received and approved by the City before work commences. However, failure to obtain the

required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

9. *Subcontractors*

Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that the City is an additional insured on insurance required from subcontractors.

10. *Special Risks or Circumstances*

City reserves the right to reasonably modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

E. Contractor agrees to indemnify the City, the City's employees, elected officials, appointed officials, agents, and volunteers, and all additional insured and hold them harmless from all liability for damages to property or injury to or death to persons, including all reasonable costs, expenses, and attorney's fees incurred related thereto, to the extent arising from negligence of the Contractor and any subcontractor thereof.

12. INTENT:

Contractor represents that it has read and agrees to the terms of this Contract and further agrees that it is the intent of the parties that Contractor shall perform all of the services for the compensation set forth in this Contract. Contractor also agrees that it is the specific intent of the parties, and a material condition of this Contract, that it shall not be entitled to compensation for other services rendered unless specifically authorized by the City by Resolution of its governing body. Contractor agrees that it has carefully examined the Scope of Services, and that the compensation is adequate for performance of this Contract.

13. WYOMING GOVERNMENTAL CLAIMS ACT:

The City does not waive any right or rights it may have pursuant to the Wyoming Governmental Claims Act, Wyoming Statutes Section 1-39-101 et seq., and the City specifically reserves the right to assert any and all rights, immunities, and defenses it may have pursuant to the Wyoming Governmental Claims Act.

14. NO THIRD PARTY BENEFICIARY RIGHTS:

The parties to this Contract do not intend to create in any other individual or entity the status of third-party beneficiary, and this Contract shall not be construed so as to create such status. The rights, duties and obligations contained in this Contract shall operate only between the parties to this Contract, and shall inure solely to the benefit of the

parties to this Contract. The parties to this Contract intend and expressly agree that only parties signatory to this Contract shall have any legal or equitable right to seek to enforce this Contract, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Contract, or to bring an action for the breach of this Contract.

# Heart recipients celebrate Donate Life Night with the Casper Coyotes

BY AARON  
For the Casper Journal

Anthony McCumber and Jason Wynia dropped the puck Jan. 20 celebrating Donate Life Night, and beginning the Casper Coyotes vs. Colorado Jr. Eagles Hockey Game, an honor earned after a difficult journey during which they each received a gift of life. Both are Wyoming heart transplant recipients.

Ryan Johnson, director of Casper Coyotes Business Operations said, "It is incredible! It means everything to the Coyotes [to have Anthony and Jason] drop the puck. You have two individuals who have dealt with some extremely traumatic experiences... Jason is always laughing and smiling... Anthony is one of the sweetest kids I've ever met. I think we can learn a lot from them."

What does it mean to get a new heart at age 12? Anthony McCumber said, "Now I can ride the Tower of Doom!" Before his transplant, he was forbidden to ride roller coasters.

McCumber, now age 12, said, "It's given me new opportunities in life. I want to be a chef, open my own restaurant." He plays in the jazz band and regular band at school and he's saving money for a new Xbox.

McCumber's parents discovered at age eight that he had Muscular Dystrophy (MD), a disease which causes progressive muscular weakness and can weaken the heart. Congestive heart failure (CHF) results.

After two years on medication, McCumber was sick with vomiting and no one knew why. Then his lips turned blue. Tests performed in Casper resulted in his being life-flighted to Children's Hospital Colorado. Given medication and sent home for a time, there was no improvement.

April 30, 2015, he was placed on a heart transplant list as high priority, and June 6 he received a new heart. The next day, McCumber was up and walking.

Jason Wynia didn't know of any heart disease in his

family. He was 35, married and felt healthy when, in May, 2009, he noticed his weight increasing though he was eating less. In June he had trouble breathing at night.

He went to the Emergency Department, was diagnosed with pneumonia and sent home. The radiologist noted an enlarged heart with potential CHF. After three more visits to health care providers and a continued diagnosis of pneumonia, he was sent to a cardiologist for an echocardiogram, and to a pulmonologist.

"That afternoon, before they had the jelly wiped off me, they said, 'Where's your wife? You needed to be hospitalized yesterday. I went to the ER and never saw home again,'" said Wynia. Diagnosed with Idiopathic Cardiomyopathy (unknown reason for an enlarged heart), he spent over two weeks in a Casper hospital.

Life-flighted to a Salt Lake City Hospital to await a heart transplant, his heart failed and he underwent surgery to receive a left ventricular assistive device (LVAD—a battery operated mechanical pump) to keep him alive.

"There were five guys, all the same age, body size and blood type waiting in line for a transplant," Wynia said. After nine and a half months, he received a new heart at age 36.

New Wynia and wife Misty "spend more time with family, nieces and nephews," they said. "We travel more, take vacations."

Wynia works full time as lead custodian at Fort Caspar Academy "taking care of 400 kids every day." He works part time at the Casper Ice Arena doing maintenance. He and his wife host members of the Casper Coyotes Junior Hockey Team, currently hosting two young men from Ottawa, Ontario, Canada.

Wynia and McCumber express much gratitude for their donors. They know the cost of the gift. Wynia said it took a year to sort through his feelings in receiving this gift, knowing what had to have happened to make a heart available to him.

Wynia and his wife volunteer for Donate Life Wyoming and talk to anyone they can about being an organ, eye, or tissue donor, or what it's like to be a recipient. He feels he's recovered well because of his willingness to share his story.

"To sign up doesn't hurt anybody," Wynia said. "It expresses your desires. You can still help people after you pass."

McCumber shares his illness, surgery and recovery in a matter-of-fact manner, denying he had pain afterwards. "When everything was stitched up, it just

started beating," he said of his new heart received from a twenty-one year old donor.

"He was very mature about [the whole experience]," his mother, Darbee, said. "Before we went in [for the surgery] I remember his turning at the door and saying, 'I'm going to be okay!'"

McCumber attends Round Up River Camp each July in CO. "I meet up with people who have transplants," he said. Ages five to 18 attend. He and his sister, who also has MD, attend MD camp as well. He zip-lines, rides horses, and rock climbs there.

"He can do anything he wants when it comes to the heart," Darbee said.

McCumber was a recipient of the Make a Wish Wyoming Foundation. His family joined him in living out his wish of a four-day Disney cruise to the Bahamas in February, 2010. He said, "I swam with the dolphins!" He visited Ripley's Believe It or Not and "bought flavored crickets to eat."

To encourage someone to become a donor, McCumber said, "I would tell them it's worth it."

Donate Life Wyoming handles the donor registry for all of Wyoming. Casper Coyotes partner with the organization because "Donate Life Wyoming is an incredible group of people and we want to do

everything we can to support them," said Johnson.

Donor Alliance is a non-profit organization that procures organs, eye and tissue donations from Wyoming and Colorado.

"Our main goal is public education so they can make an informed decision about being a donor," said Ryan O'Neill, Community Relations Coordinator.

"Any age and health can donate. New medications are being developed that allow transplants from someone that couldn't donate before.

They are doing successful high risk transplants now from Hepatitis C to Hepatitis C, from HIV to HIV," said O'Neill.

"One human being has the potential to save 8 people through organ donations, and save or heal up to 75 with tissue donation," O'Neill said. "There were 198 people on the waiting list for organs in our state last year." For more information, go to donatelifewyoming.org.

If McCumber could talk to his donor's family today, he would "ask them where they live and who they are, and I would thank them for my heart," he said.

# Bundy's supporters got to listen and learn from hero

DAVID MONTERO  
Los Angeles Times

LAS VEGAS — Inside the dimly lit law office, there weren't enough seats. A receptionist went to a back room and found a few more chairs. On a small, sunken couch by the window, three people crunched together. Of the nearly 30 people there, many stood.

After about 30 minutes, Cliven Bundy emerged through the doorway. He was wearing a cowboy hat, long-sleeved flannel shirt and dark blue jeans. Amid applause and cheers, phones and tablet computers were raised to capture the moment.

He'd been in jail for about two years. "A political prisoner," he'd groused. No disapproval from his supporters. He smiled and gestured to the window with a guarded, weathered hand. It was raining outside.

"Any time it rains, it's a beautiful day," Bundy said. "It's not only a beautiful day, it's a great day for freedom and liberty in this land, and I've really been able to enjoy it for almost 24 hours now."

Bundy had been set free Jan. 18 by U.S. District Judge Gloria Navarro after she determined the trial he and his sons faced had been compromised because of federal prosecutors' willful withholding of evidence. The felony criminal case had included charges of conspiracy and threatening a federal officer.

The charges stemmed from the row between federal agents and Bundy supporters at his ranch near Bunkerville, Nev., in 2014 when the U.S. Bureau of Land Management attempted to take his cattle. He had refused to pay federal fees for decades while his herd roamed on federal land.

But now out of jail, he could talk to his supporters directly. They were engaged, calling out answers to questions he asked, as if he were a professor teaching a class.

He brought up the Bunkerville standoff (although he takes umbrage at federal agents' reports) and talked about flags flown there — namely the American flag, the Nevada state flag and the Clark County flag. He asked what order they should be in on the pole — arguing the Clark County flag should be highest because it has the most influence on Clark County residences.

"They're the closest government to us, the people. They're the ones we really should be pledged to in one sense. We shouldn't be pledging to a government that has very little power; we should pledge to the government that's closest to us," Bundy said. "Isn't that the government that we elect?"

Bundy was just warming up. He went on for another 40 minutes on a Tuesday afternoon. He got on for about another 40 minutes the next day.

"Did you know there is nothing in the Constitution that allows the United States government to own land?" he asked before the small group. "The only time we give any leeway to that rule would be Article 1 ... where they can come with approval from

the legislature of the state and approval of Congress and they can pay the state for land for a purpose — most of those purposes are military purposes. The only other purposes are for other federal buildings and those things would be something like a post office or a courthouse."

Jan Bartrum, a University of Nevada-Las Vegas, constitutional law professor, said Bundy's legal arguments have been debunked and wrote in a legal analysis recently that "there is almost no chance the federal courts will reverse more than a century of constitutional doctrine and try to force Congress to relinquish its landholdings in Nevada or anywhere else."

"It's giving his backers the wrong answer, except on the technical point about the Constitution not specifically mentioning acquiring property," Bartrum explained in an e-mail. "If he were right, most of the United States would not exist: that [land] acquired by the Louisiana Purchase, the Treaty of Guadalupe Hidalgo, the Gadsden Purchase, etc. ... Not to mention that the Supreme Court has repeatedly and emphatically said he's wrong — which is all that really matters."

But Bartrum was in the law office to counter Bundy's points. And his supporters weren't arguing with the rancher. Bundy pressed ahead, trying to explain how federal grazing fees weren't valid.

BLM officials did not return requests for comment. The supporters had comments, however, especially in response to Bundy's questions — both rhetorical and otherwise.

"Now who owns the property?" Bundy asked. "We the people," someone said. "We the people of who?" Bundy asked.

There were some mutters. "This is sort of important," Bundy said. "What do the people of New York think they own this public land?" A ripple of snickers went through the room. A couple of arsy children played by desk.

"As far as the people in the Elko County think we own this public land," Bundy continued, alluding to a northern Nevada county. "But how the heck can that happen — even when the nation own it? Even

At least once a week, Sandigo, a 52-year-old mother of two daughters, drives south to the city of Homestead and drops off donated clothing and food for some of them, mostly people from Mexico and Central America who work on nearby farms.

Every two weeks, many of the families gather at her home on the rural southern fringe of Miami. Sometimes several hundred show up. She hands out donated supplies to the adults while the kids play on the five-acre property, including ponies, a goat, pigs and a peacock. Most of the kids still live with at least one parent, and in the end she may never have to take care of most of them.

Sandigo, a deeply religious woman who makes frequent references to the God and Jesus, gets more involved if the parents are detained or deported. In December, she accompanied an 8-year-old Mexican girl to the hospital because the child couldn't sleep, eat or stop crying after her father was detained and sent to an asylum hearing in downtown Miami.

Two kids from Nicaragua whose parents were forced to leave the U.S. lived with her for two years. One now attends Georgetown University and the other lives with an uncle and plans to join the Army.

MIAMI — The 29-year-old Mexican farmworker was stressed and afraid. Her husband had just been detained by immigration authorities as he left a South Florida construction site and was about to be deported. She feared the same would soon happen to her two kids.

So she called Nora Sandigo, an immigration activist who has accepted responsibility for 1,250 children, becoming an essential part of emergency planning for people who are in the U.S. illegally and now face an increasing prospect of being caught amid a crackdown under President Donald Trump.

"Don't worry," Sandigo told her on a recent morning. "Come see me tomorrow."

Hundreds of immigrant parents have signed a document known as a power of attorney that enables Sandigo to care for their children if they are detained, at which point it might be too late to make such an arrangement.

"People are desperate to do this to protect their kids," she said after hanging up with the woman from Mexico. "Once they are detained there's very little that can be done for them."

The power of attorney allows Sandigo to sign documents on behalf of children at schools, hospitals and court. She can help the minors pursue legal residency if they are not

Minute Action

**Recommendation**

That Council, by minute action, approve the purchase of nine (9) ballistic protection kits which includes plates, carriers and accessories in the amount of \$25,695.00 for use by the Casper Police Department.

**Summary**

Studies have shown an increase in active shooter incidents in the United States over the last twenty (20) years. Law enforcement officers need access to body armor capable of protecting them against advanced threats. Hard body armor is needed to provide officers with ballistic protection from high velocity rifle rounds. Inadequately protected officers carry higher chances of being incapacitated which results in more civilian and law enforcement casualties.

The State of Wyoming has signed a Participation Agreement with National Association of State Procurement Officers (NASPO) ValuePoint Body Armor Products. This agreement allows the City of Casper to buy directly from the authorized NASPO distributor without having to do a bid process. By going through the NASPO agreement, the City can buy the ballistic protection kits at around fifty-six percent (56%) off the manufacturer's suggested retail price. The authorized NASPO distributor for ballistic protection is a company called Warrior Kit Safety and Survival Gear. This company carries all the necessary components of each ballistic protection kit. Therefore, all components of the kit can be purchased from one distributor at a discounted rate. Further, this company is providing a ten (10) year warranty on the ballistic plate component of the kits, while the industry standard is only a five (5) year warranty.

The City of Casper requested a quote for nine (9) ballistic protection kits which includes plates, carriers and accessories. The total cost of this quote is \$25,695.00. The City asks that Council authorize the purchase of these ballistic protection kits from this distributor.

**Financial Considerations**

Funding for this project will come from a Wyoming Homeland Security Grant designated for the Casper Police Department. A funding match, in whole or in part, is not required of the City of Casper.

SUBJECT: Authorize the discharge of \$7,985.56 of uncollectible accounts receivable balances, aged between the dates of October 1, 2012 and December 31, 2012

Meeting Type & Date

Regular Council Meeting  
February 20, 2018

Action Type

Minute Action

Recommendation

That Council, by Minute Action, authorize the discharge of \$7,985.56 of uncollectible accounts receivable balances, aged between the dates of October 1, 2012 and December 31, 2012.

Summary

Wyoming State Statute 16-4-502 specifies that amounts owed to the City can be discharged by the City Council upon certification of those accounts to the City Council by the City Manager. The accompanying list meets the certification requirement, which requires that an account be uncollectible by means of collection efforts being exhausted, death, or bankruptcy. Staff has cross referenced the current utility accounts, payroll, and accounts receivable database for names and addresses as a final review.

Staff is always reticent to release any debt as uncollectible. After sixty days of pursuit by City Staff, unpaid debts are referred to a private collection agency. But after five years of collection effort, these debts have not been collected. It has become exceedingly unlikely that additional effort expended on collection will result in any additional payments.

The attached accounts receivable list shows all amounts owed up to December 31, 2012. This proposed discharge maintains five (5) years of accounts receivable on the aged trial balance, supporting staff's current workflow to continually clear up bad debt. The total balance of \$7,985.56 is certified for discharge.

Financial Considerations

The accounts requested to be discharged will have no financial impact to the City's reported financial results. The City adjusts bad debt expense at the end of each fiscal year, and because the proposed accounts for write-off are five (5) years old, they have been previously recognized.

SUBJECT: Time Extension's for Retail Liquor License No. 8, Good to Go, LLC, d/b/a Good to Go, and Microbrewery No. 3, Wyoming State Brewing Company, LLC, d/b/a Wyoming State Brewing Company.

Meeting Type & Date

Regular Council Meeting  
February 20, 2018

Action type

Minute Action

Recommendation

That Council, by minute action, approve the one year extensions for Good 2 Go, LLC, d/b/a Good 2 Go, located at 1968 East Yellowstone Highway, and Wyoming State Brewing Company, LLC, d/b/a Wyoming State Brewing Company, located at 256 South Center Street.

Summary

An owner or holder can maintain a license in an inactive or 'parked' status for one year without having a functional physical building and not purchasing the required minimum amount of alcohol. Upon showing good cause by the licensee, the Council may grant a one year extension of the non-operational status.

In July of 2017, Wyoming State Statute changed the non-operational time periods. Under the old law liquor licenses were able to be non-operational for two years with an optional one year extension. That changed to one year with a one year optional extension, which makes two years the maximum time a license can remain non-operational.

City Staff received correspondence from the State Liquor Division requiring letters from two non-operational license holders to extend their non-operational status. Both of these license holders were on non-operational status when the law changed. The two license holders are as follows:

1. Retail Liquor license No. 8, Good 2 Go, LLC, located at 1968 East Yellowstone Highway has requested the one year extension. If this is approved, it would extend the non-operational status to April 5, 2019.

2. Microbrewery No. 1, Wyoming State Brewing Company, LLC, located at 256 South Center Street has requested the extension. If this is approved, it would extend the non-operational status to November 2, 2018, however the State Liquor division will grant a grace period to coincide with end of our licensing period term on March 31, 2019.

City Council may grant this by minute action. No publication is required for the extension.

To Whom It May Be Concerned:

Good 2 Go Store #216 in Casper, WY, located at 1968 East Yellowstone Avenue is currently being remodeled. We anticipate that the remodel will be completed by the end of February 2018. This remodel will allow us to meet the required storage and layout that we would like to have to sell alcohol, wine, and liquor at our convenience store. As we approach the year date of our non-operational liquor license, we would like to request an optional one-year extension in case the remodel is not complete.

We anticipate operating this license by March of 2018.

Sincerely,

Attention: Carla Mills-Laatsch

REF: Wyoming State Brewing LLC

Good Morning Carla,

Wyoming State Brewing is requesting another year of non-operational status with our craft brewing license. With all the other projects we have had in 2017 we just haven't had time to really put a solid business plan together for a brewing operation. However, we do have some properties available that we hope to use for this brewing operation. We hope to have this endeavor up and running on or before November 1, 2018. Please accept this letter as the status of Wyoming State Brewing Company LLC and our brewing license.

Sincerely  
**WYOMING STATE BREWING CO, LLC**
