Recommendation

That City Council establish, by minute action, June 7, 2022, as the public hearing and first reading of an Ordinance Amending Sections 10.36.010 and 10.36.020 of Chapter 10.36 – Parking, of the Casper Municipal Code.

Summary

On May 18, 2021, the governing body passed, adopted and approved Ordinance No. 11-21 An Ordinance Amending Various Sections of Chapter 10.36 – Parking, of the Casper Municipal Code, and Resolution 21-56 – A Resolution Adopting the City of Casper Parking Manual and Establishing Application Fees, Permit Fees and Fine Schedules Pertaining to Parking. The general collection of the City’s parking prohibitions, limitations, regulations, and exceptions are contained in the City of Casper’s Parking Manual (adopted by Resolution 21-56).

The Ordinance, Resolution and Parking Manual adopted in May of 2021, established a pilot program to allow parkway parking, limited to the area of 12th Street and 13th Street between CY Avenue and McKinley Street, subject to a permit approved by City Staff. Council recently discussed opening parkway parking city-wide subject to those with a proper parking permit.

Staff is requesting City Council to establish June 7, 2022, as the public hearing and first reading of an Ordinance Amending Sections 10.36.010 and 10.36.020 of Chapter 10.36 – Parking, of the Casper Municipal Code.

Financial Considerations

Anticipated minimal reduction in parkway permit fees.

Public Hearing and First Reading

Recommendation

Conduct the Public Hearing and First Reading of an Ordinance Amending Chapter 5.24 – Hotels and Roominghouses, of the Casper Municipal Code which addresses the licensing and regulation of commercial hotels, motels and lodging facilities within the City of Casper.

Summary

Chapter 5.24 of the Casper Municipal Code was passed on July 19, 1920. This chapter needs updated to remove archaic language. A proposed ordinance to update the outdated language in the code was discussed at the March 8, 2022, work session and a public hearing was scheduled for April 5, 2022. However, the public hearing was canceled after a question surfaced regarding vacation homes and short-term rentals in the Council’s discussion.

At the April 12, 2022, Work Session, Council discussed vacation homes and short-term rentals. Council concluded that staff need not address short-term private rentals for Airbnb and VRBO by city ordinance at this time.

Staff is requesting to move forward with an ordinance amendment and conduct the Public Hearing and First Reading of An Ordinance Amending Chapter 5.24 – Hotels and Roominghouses, of the Casper Municipal Code.

Financial Considerations

It is anticipated there will be a minimal change in license fees and uniformity thereof (\$25.00 per business/calendar year).

That Council approve the changes to Mobile Vendor Parking Permit Ordinance Chapter 10.

Summary

In September of 2019, chapter 8.04 – Businesses Affecting Public Health was amended and the requirement for mobile food vendors to obtain a health license from the City of Casper was removed. This was done due to the fact that mobile food vendors must obtain a food permit from the State of Wyoming and another from the County Health Department, and therefore, Council believed it was a duplicate permit. While the ordinance for health licenses was amended to remove the requirement for food trucks, this requirement, unfortunately, was not taken out of Chapter 10 – Mobile Vendor Parking Permit. This amendment will correct this oversight.

Additionally, another ordinance revision that is being proposed would accommodate food truck proprietors who are looking to operate from within downtown parking lots that are either city-owned or city managed.

This issue became salient with the recent completion of the Old Yellowstone District Parking Lot, which was finished in the fall of 2021. That parking lot lies within the bounds of the Downtown/Old Yellowstone District area, which is specifically described in the MVPP ordinance. The OYD Parking Lot was built with a few special parking spaces that were designed to accommodate food trucks: they are larger than normal, and they offer access to electrical outlets, and located strategically where pedestrians can access from the pathway where tables are also located.

The existing ordinance does suggest that MVPP permit holders might be operating from a parking lot, but some of the MVPP ordinance language tends to contradict that assumption. Section 10.36.031 (D)(2)(b) of the MVPP ordinance refers to “block faces” in regards to the broader discussion of how long a food truck can operate from a specific block in the downtown area. Another section of the ordinance, 10.36.031 (D)(3)(e), requires the MVPP application to have a cosigner who is a business owner from that block of downtown. These sections of the ordinance will have to be updated because there are no “block faces” in a parking lot.

Fee is \$25 per space and \$15 for electricity.

SUBJECT: Public Hearing to consider an Ordinance approving a vacation, replat and subdivision agreement for the Kensington Heights Addition No. 5 Subdivision

Meeting Type & Date:

Regular Council Meeting, May 17, 2022

Action Type:

First Reading on Ordinance and Public Hearing

Recommendation:

That Council, by ordinance, approve a vacation, replat and subdivision agreement for Kensington Heights Addition No. 5.

Summary:

Kensington Heights Development, LLC has applied for a vacation and replat creating Kensington Heights Addition No. 5. The subject property is zoned R-2 (One Unit Residential), and consists of 26.67-acres, more or less, located east of Wyoming Boulevard between Drayton Way and Centennial Village Drive. The proposed subdivision (Kensington Heights Addition No. 5) is creating thirty-nine (39) new single-family residential lots and a large parcel (Tract D) at the north end, which will be replatted into additional residential lots in the future. All proposed lots, as shown, exceed the City's minimum lot size requirement of 4,000 square feet. Multiple points of access to the area are provided at Drayton Way and Country Club Road, as well as Drayton Way and Boots Drive. Staff has included two (2) recommended conditions of approval. The first condition clarifies construction and maintenance responsibilities for the pedestrian pathway that will be built on the east side of the subdivision, through Block 11. The second condition addresses the need for property owner participation in the construction of a sidewalk or trail along Wyoming Boulevard, if and when it happens in the future.

The Planning and Zoning Commission voted to support the vacation and replat after a public hearing on April 21, 2022. There were no public comments either for or against this case. The Commission included the following recommended conditions of approval:

1. The pedestrian way located between Lots 5 & 6, Block 11, shall be constructed per City Code requirements concurrent with other public improvements within the subdivision, and shall be maintained, in perpetuity, by the adjacent landowners.
2. At such time that a sidewalk or pedestrian trail is constructed along the Wyoming Boulevard frontage of the subdivision, the adjacent property owners shall participate in a proportionate share of the cost of engineering, design, materials and construction.

SUBJECT: Public hearing to consider an Ordinance approving a vacation, replat, subdivision agreement and zone change for the Harmony Hills Addition No. 4.

Meeting Type & Date:

Regular Council Meeting, May 17, 2022.

Action Type:

First Reading on Ordinance and Public Hearing

Recommendation:

That Council, by ordinance, approve a vacation, replat, subdivision agreement and zone change for Harmony Hills Addition No. 4.

Summary:

Application has been made for a vacation and replat creating Harmony Hills Addition No. 4, located east of Poplar Street and south of Yesness Court. The property involved in the replat is approximately 10.48-acres, more or less, and is currently zoned C-2 (General Business). In a companion item, application has been made to rezone the northern portion of the subdivision (*Lots 6-17*) to R-2 (One Unit Residential). Although single-unit residential is a permitted use under the current C-2 (General Business) zoning of the property, the applicant feels that a rezone to R-2 (One Unit Residential) would be advantageous in obtaining financing, from an end-user's perspective. The five (5) lots along Yesness Court, directly north of this subdivision, were rezoned to R-2 (One Unit Residential) in 2016 for the same reason.

Existing zoning in the immediate area is as follows:

- R-1 (Residential Estate) – west and south
- R-2 (One Unit Residential) – north
- C-2 (General Business) – east
- PUD (Planned Unit Development) – southeast
- AG (Urban Agriculture) - southwest

The applicant's plans for the property are to continue the development of traditional single-unit residential homes on Lots 6-17, and to utilize Lots 1-5 for small scale, neighborhood serving commercial uses.

Existing zoning adjacent to the subject property is as follows:

- North – R-2 (One Unit Residential);
- South – R-2 (One Unit Residential);
- East – R-2 (One Unit Residential) and R-3 (One to Four Unit Residential);
- West – C-2 (General Business) and R-4 (High Density Residential).

Comprehensive Land Use Plan Conformity:

As with all proposed zone changes, Section 17.12.170 of the Casper Municipal Code requires that staff review zoning applications in the context of the approved Comprehensive Land Use Plan, and provide a recommendation to the Planning and Zoning Commission and City Council as to how the zone change is either supported, or not supported by the Plan. The Generation Casper Comprehensive Plan provides a Future Land Use Plan (FLU), which is found in Chapter Four (4), on Page 4-26. The FLU is an illustrative map that identifies the physical distribution of land uses, and forms the basis for future zoning and land use regulations. The subject property is located in an area designated as “Neighborhood Center.” Page 4-32 of the Plan provides general characteristics of areas designated as a Neighborhood Center, which typically includes low-scale commercial uses supporting general neighborhood needs, as well as supporting multifamily residential, as primary uses. The Future Land Use Plan and Page 4-32 of the Comprehensive Plan are included at the end of the staff report for the Commission’s review.

The following is a list of permitted uses in the R-2 (One Unit Residential) zoning district:

- A. **Conventional site-built single-family dwellings and manufactured homes with siding material consisting of wood or wood products, stucco, brick, rock, or horizontal lap wood, steel or vinyl siding;**
- B. Day-care, adult;
- C. Family child care home;
- D. Parks, playgrounds, historical sites, golf courses, and other similar recreational facilities used during daylight hours;
- E. Schools, public, parochial, and private elementary, junior and senior high;
- F. Neighborhood assembly uses;
- G. Neighborhood grocery;
- H. Group home;
- I. Church.

The Planning and Zoning Commission voted to support the vacation, replat and zone change after a public hearing on April 21, 2022. There were no public comments either for or against this case. The Commission included the following recommended conditions of approval:

1. A standard City detached sidewalk shall be constructed along the Poplar frontage of the subdivision concurrent with the construction of other public improvements in the subdivision.
2. Standard City curbside shall be constructed along Mark's Way, from Poplar Street, east, to tie in with the existing curbside located approximately midway along proposed Lot 3.
3. Prior to the approval of a permit to construct public improvements, easement releases shall be provided by the applicant, from all City of Casper utility franchisees for the vacation of the undeveloped Goodstein Street right-of-way which currently bisects the subdivision.

Regular Council Meeting
May 17, 2022

Action Type:
Ordinance

Recommendation:
That Council, on third reading, approve an ordinance confirming the assessment for Local Assessment District No. 158 – Coates Road Asphalt Surfacing Improvements Project.

Summary:
On April 5, 2022, Council conducted a public hearing and approved, on first reading, an Ordinance confirming the assessment roll for Local Assessment District (LAD) No. 158 – Coates Road Asphalt Surfacing Improvements Project. The LAD No. 158 area includes eighteen (18) properties that are accessed by Coates Road within the City Limits. There were no comments from any of the affected property owners at the meeting on April 5, 2022, and only one written objection had been received prior to that meeting. Likewise, on April 19, 2022, Council approved, on second reading, the aforementioned Ordinance.

After the ordinance is adopted, including three readings by Council, residents within the District may pay their entire assessment within thirty (30) calendar days, free of interest, or in ten (10) equal yearly installments at an interest rate of three percent (3%).

The Council, acting as the Board of Equalization, will review the assessment roll, recommend any corrections, and/or approve the assessment roll as presented. If Council elects to adjust the assessments, City staff will prepare a recommendation for Council consideration.

Financial Consideration
The total assessment for the project is \$48,665.75 to be deposited into the LAD Fund.

Re: Notice of Assessment of Local Assessment
District No. 158
Coates Road Asphalt Surfacing Improvements
Project

To Whom It May Concern:

Please accept this letter as our formal objection to the above referenced Notice of Assessment and our property located at 4360 Coates Road, Casper, Wyoming.

We feel that the property assessment is incorrect and ask that you please review the same. The reason for our objection is based upon the fact that we were not the owners of the property located at 4360 Coates Road when the Asphalt Surfacing Improvements Project took place. We purchased the property located at 4360 Coates Road on October 13, 2022. We were not aware of the Asphalt Surfacing Improvements Project at any time prior to or after the purchase of the property until receipt of the April 18, 2022 letter we received from the City of Casper.

In a phone conversation and in email Scott R. Baxter, P.E., Associate Engineer with the City of Casper, on May 10, 2022, advised us that he (Mr. Baxter) spoke with the previous owner, Julia Olsen earlier that day. Ms. Olsen told Mr. Baxter that she “made her objection in February 2021, but never heard anything further after the creation of the LAD occurred. She didn’t talk with any of the neighbors (they hadn’t called or said anything).”

Mr. Baxter also told us that “there is no formal notice issued from the City of Casper after the creation of the LAD. We just moved into the construction process for summer of 2021. So...Julia never knew what was going on and she had been side-tracked with many other things sorting out the estate and also had a new baby. The next thing she ever heard or saw was the notification of Roll Filing that arrived just a few weeks ago! At that point she knew the project had moved forward and she might in fact be billed for the improvements, but she called me to let me know the property had been sold. All of the real estate transaction she did by e-sign and she never visited the property after about April 2021. So, the combination of these circumstances resulted such that she did not try to withhold information or trick anyone. She just had forgotten about the project and wasn't even sure things were moving forward for construction and billing to property owners. She was never here in Casper so she was never aware of the summer construction activity. Her realtor wouldn't have been expected to know about it either.”

Mr. Baxter further advised us that “This is a sort of ‘perfect storm’ in the course of how these LAD projects work out, and the City of Casper will be looking internally to see how we can notify and communicate better with property owners, realtors and title companies to make this process work better.”

Furthermore, if we had been given the ability to object, we would have done so based on the method of calculation used to assess the expense to each property. The method was based on the size of the lot which doesn't correlate to the use of the road because it does not extend all the way to our property line.

There are several other homes that use the exact same amount of road to access their homes because the road stops at the bottom of the hill and becomes a dirt road again. Given the opportunity, we would have objected to the project entirely because it was not our desire to have a paved road and no real benefit to us because we still have to drive on a dirt road to access our property. And we would have furthermore objected to the method of calculations because we are in a position to pay the highest amount in comparison to our neighbors who get the same (if not more in some cases) amount of benefit out of the existence of this road being paved.

We are providing this information to help the City Council understand how this unfolded and we respectfully request a

-- discount proportionate to when we took possession of the property located at 4360 Coates Road as well as taking into our account that we were not given a fair and equal opportunity to object to the method of calculation used to appropriate the cost to the homeowners on Coates Road.

We thank you in advance for your consideration.

Regards,

Adam and Tori Larson

Recommendation

That Council approve the contract for the design process for the renovation and remodel of the Casper Business Center for use as the headquarters of the Casper Police Department.

Summary

On October 10, 2018, a Request for Proposals (RFP) was published for the Phase I Feasibility and Space Needs Assessment for a new Police Department Headquarters and Fire-EMS Administration and Headquarters Station No. 1. The Needs Assessment was awarded to Police Facility Design Group.

Police Facility Design Group (PFDG) conducted an exhaustive Needs Assessment, which included an analysis of the feasibility of maintaining, remodeling, and upgrading existing buildings, site locations for potential new construction, and multiple, existing local buildings. Among those buildings that were analyzed, the Casper Business Center proved to be the best and most cost effective candidate for a new Police Headquarters.

The original RFP included provisions that allow for the RFP respondent to be considered “for the subsequent phase(s) of architectural design and construction administration services.”

The City retained a local subject matter expert who has assisted in monitoring the services of PFDG, their pricing in comparison with national and local trends, their expertise in the field of police facility design and engineering, and their willingness to carry out the vision of the City of Casper. It is the recommendation of the City’s retained, local expert that PFDG be awarded the contract for the subsequent phase(s) of architectural design and construction administration services.

PFDG has worked closely and effectively in the considerations of the Casper Business Center as a Police Headquarters and has already conducted an on-site evaluation of the building.

Like the City of Casper, municipalities, local, and state governments across the nation are exploring the use of recent federal revenues for the enhancement and expansion of infrastructure. Specialized design and engineering services are rapidly being contracted, and the demand for these specialized services has already resulted in increased delays.

It is the recommendation of the Casper Police Department that the Architectural Design and Construction Administration Services contract be executed without delay so as to avoid unwarranted delays in this project. Likewise, the existing relationship with PFDG has proven to be effective, cost efficient, and beneficial to the City.

Therefore, it is our recommendation that Council authorize the City to enter into contract with PFDG to perform the architectural design and construction administration services for the new police headquarters, for which, PFDG would be paid an amount not to exceed \$2,061,978.

SUBJECT: 2022 Summer Downtown Open Container

Meeting Type & Date

Council Regular Session
May 17, 2022

Action type

Resolution

Recommendation

That Council set, by Resolution, the boundaries, times, and restrictions applicable to the 2022 Summer Downtown Open Container Events.

Summary

The following considerations are being suggested for the 2022 Downtown Open Container Events Resolution.

Boundaries:

With the successful startup of the Black Tooth Brewery, located at 322 S David Street, the Open Container Boundary will be amended to allow for the inclusion of the Black Tooth Brewery inside the approved boundary. As such, the Open Container Boundary will be amended to include South David Street, from the intersection of David Street at West Yellowstone and West 2nd Street, south on David Street, until the intersection of David Street and West Midwest Avenue.

Wristbands:

It is recommended that Council amend the 2022 Downtown Open Container Events Resolution to remove provisions for stickered containers and provide for the use of designated wristbands, the color and schedule of which is to be promulgated by the City Clerk's Office, but purchased and maintained by the vendor. It is recommended that any such vendor-obtained wristbands shall be properly and clearly marked with the name of the vendor's establishment. It is the intent of these single-use wristbands to designate those who are participating in the Downtown Open Container Event and to signify that the wearer has been verified by the vendor to be of lawful age.

Hours of Operations:

The hours of operations wherein Open Containers are permissible in the Downtown Area will remain unchanged: closing at 10:00 PM.

Signage:

Semi-permanent, seasonal signs will be installed at the boundary edges. These semi-permanent signs will remain in place throughout the season, then removed and stored for use in the next year, thereby reducing employee expenses to perform weekly placement and removal.

Financial Considerations

It is anticipated that the Casper Police Department will need to budget \$36,000 in increased overtime monies in FY23 to adequately staff the Open Container events. Overtime expenses are dependent upon the rate of pay of individual, participating employees. This amount was determined by 48 nights at two (2) officers per night and 12 nights at four (4) officers per night (during holiday weekends), for a total of 720 Overtime hours. Overtime budgeting is calculated based upon the average of overtime pay rates during the last fiscal year.

SUBJECT: Establishing a Debt Service Sinking Fund to Provide Multi-Year Funding
for the Fire A Pension Obligation to the State of Wyoming

Meeting Type & Date

Council Meeting
May 17, 2022

Action type

Resolution

Recommendation

That Council, by Resolution, establish a Debt Service Sinking fund to Provide Multi-Year Funding for the Fire A Pension Obligation to the State of Wyoming.

Summary

Fire A pension fund was established in 1935 and restructured in 1981. Upon suggestions from the Wyoming Retirement System (WRS) and consulting actuaries, the Legislature adopted a bill to cease contributions to the plan on April 1, 1997. Between 1997 and 2001, the Legislature increased the benefits to the pensioners. The actuarial report from January 1, 2002 highlighted a deteriorated funded position. The Legislature was unsuccessful in resolving the unfunded liability of the pension fund in 2014.

In this past Legislative session, Senate File 0039 provided for a \$75 million cash infusion to the Fire A Reserve of which \$20 million would be repaid by the nine legacy employers which includes the City of Casper. A census was completed by March 14, 2022, which showed there were 255 total pensioners. 93 (36.47%) of the total pensioners were retired from the City of Casper and subject to receive benefits.

Wyoming statute W.S. §15-5-203(h) creates an assessment to the legacy employers based on the percent of pensioners in the plan. Of the \$20 million, 36.47% (rounded) would be \$7,294,118; paid over 20 years at 0% interest for a payment of \$364,705.88 per year.

According to the FY21 audit, the City has realized unappropriated cash in the General Fund which could be used to set up the fund. The beginning balance of the fund would be the present value (\$4,956,472) of the future amount needed (\$7,294,118). While interest rates are currently low, it is expected that the interest rates will not remain so and will increase over the 20 years of the obligation; the estimated average rate of return is 4%. The interest gained on the balance in the fund each year would be used, in addition to a portion of the corpus, to make the payments. After the 20th payment, the fund balance will be \$0.

Discussion regarding the fund set up and purpose was held at the April 26, 2022 work session and direction to proceed was received by Council.

Financial Considerations

Initial funding for this proposal would be from unappropriated cash balances in the General Fund; \$4,956,472 would be transferred to a Debt Service Fund and no longer be available for appropriation in the General Fund. After the initial funding, the rate of return should be sufficient to make all the payments throughout the 20 years of the obligation. If, in the future, the rate of return is not realized, there is a potential that additional funding may be needed to complete the payment schedule.

SINKING FUND TO PROVIDE MULTI-YEAR
FUNDING FOR THE FIRE A PENSION OBLIGATION
TO THE STATE OF WYOMING.

WHEREAS, the Wyoming Legislature established W.S.§15-5-203(h) which creates an obligation of the City of Casper to the State of Wyoming in the amount of \$7,294,117.60, payable in 20 annual installments of \$364,705.88 at 0% interest for the purpose of funding the Fire A Pension Fund; and

WHEREAS, the payments will begin June 1, 2023; and

WHEREAS, the City's unobligated general fund cash balance is adequate to provide present value funding (\$4,956,472.00) for a debt service sinking fund which is expected to fully fund the 20-year obligation; and,

WHEREAS, the City will invest the sinking fund balance to achieve a target rate of return of 4% on average over the 20 years of the investment; and,

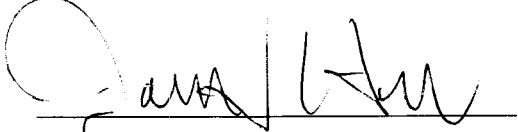

WHEREAS, at the end of the 20-year period, the sinking fund balance will be \$0 and the sinking fund will be dissolved.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CASPER, WYOMING: That the City of Casper shall establish an encumbered sinking fund as part of the City's debt service, utilizing (\$4,956,472.00) of the unobligated cash balance in the general fund for the purpose of funding the obligation to the State of Wyoming for the Fire A Pension Fund; and

SUBJECT: Approving Changes to the Leisure Services Advisory Board

Meeting Type & Date

Regular Council Meeting
May 17, 2022

Action Type

Resolution
Minute Action

Recommendation

That Council, by resolution, authorize the creation of the Parks and Recreation Advisory Board to replace the Leisure Services Advisory Board, and adopt the Rules as submitted. We further recommend the appointments, by Minute Action, of three (3) new members whose terms expired.

Summary

In 1994, Resolution No. 94-35 was adopted by the Casper City Council to establish and specify the duties of the Leisure Services Advisory Board. Since that time, members of the Board have worked toward their established mission of “planning, setting priorities, and providing direction for the leisure service facilities and programs in our community”. This mission required close collaboration with what was formally known as the Leisure Services Department of the City of Casper. The Leisure Services Department has been restructured over the years, and since 2018, areas or programs historically referred to as “Leisure Services” have been rechristened as “Parks and Recreation”.

Recently, the Board has been discussing its purpose and contributions to the recreation community, the City of Casper, and Casper City Council. The five current Board members are excited to engage with recreation facility user groups, City staff, and City Council to a greater degree than they have in recent years, in order to accomplish their intended purpose. They are requesting City Council approval to make changes that will help support this charge.

First, by unanimous vote, the members have expressed desire to change the name of the Leisure Services Advisory Board to the Parks and Recreation Advisory Board, to more closely align with its City namesake. The Board has also reviewed its operating resolution, policies, and procedures, and are requesting approval of a new resolution and operating rules to reflect the new constructs by which they wish to operate. The new rules were approved by a vote of the membership and are attached, in tandem with a proposed resolution, for Council’s consideration. Finally, there are currently three Board vacancies that need to be filled. The Board solicited applications from interested community members beginning February 14, 2022. Four applications were received

during the initial review period. Applicants were interviewed by Board and City staff members. During the April Board meeting the interview panel recommended to accept three new members, which was approved by vote of the members. The Board Chairperson recommends the appointment of these three individuals. An updated membership list is attached.

- h. The agenda for Board meetings will be set by the Chairman with input from other members of the Board as well as the Parks, Recreation, and Public Facilities Director and his/her staff.
- i. The Board shall elect a Chairman and Vice Chairman from the members of the Board at the first Board meeting of each calendar year.
- j. Each Board member shall serve as a liaison to at least one City of Casper operated Parks and Recreation facility. This requirement is optional for the Chair and Vice Chair. Facility and/or program managers and supervisors shall endeavor to keep their respective Board liaison apprised of activities and operations related to their facilities and programs. Board members may also optionally serve as liaison for leased facility user groups, provided that the user group desires a liaison.

5. City Council Relations

- a. Individual Board member communication with individual Council members is encouraged. However, formal actions and communications between the City Council and Board need to follow the track of Board action: directive to the Parks, Recreation, and Public Facilities Director; request to the City Manager; and schedule before an official meeting of the City Council. City Council directives will, in turn, go to the City Manager; to the Parks, Recreation, and Public Facilities Director, and then to an official meeting of the Parks and Rec Advisory Board.
- b. The Board will serve as an advocate to the City Council on behalf of the Parks, Recreation, and Public Facilities Department, but will have the freedom to promote ideas independent of City staff.
- c. The Casper City Council is encouraged to appoint one of its members as liaison to the Parks and Rec Advisory Board.

6. Community Involvement and Citizen Interactions

- a. The Board itself is made up of representatives of the community and is, therefore, an appropriate body to represent the citizens. However, as the Board feels it is necessary to do so to measure citizen priorities and/or support with respect to Parks and Recreation projects, facilities, and programs, it may formally solicit input from the community through surveys, neighborhood meetings, or other appropriate methods.
- b. The Board shall reserve a time at each of its regular meetings when members of the public may have an opportunity to bring items before the Board.
- c. Board members are encouraged to seek out citizen input on the performance of the Parks, Recreation, and Public Facilities Department.
- d. The Board shall encourage the public to work with City staff to resolve citizen complaints. Board members shall refer citizen complaints to the facility liaison, who will in turn refer complaints to the facility supervisor, or when the liaison feels it is warranted, to the entire Board.
- e. In a situation where the Board feels the Parks, Recreation, and Public Facilities Department is not adequately addressing complaints or problems, the Board may, upon a vote of the Board, bring the situation to the attention of the City Manager and/or the City Council.

7. User Groups, Leases, Rentals, and Fees

- a. The Board will endeavor to meet with all officially organized user groups which lease or rent Parks and Recreation facilities on an as needed basis.
- b. City staff will be responsible for meeting and working with the user groups to resolve day-to-day issues.
- c. The Board will be available to consider appeals from user groups of decisions made by City staff.
- d. The responsibility for negotiating rentals, leases and other contracts, and associated fees, rests with Parks, Recreation, and Public Facilities Department staff.

- e. The Board may provide City staff and the Casper City Council with recommendations regarding Parks and Recreation fees, cost recovery goals, and general terms and conditions for rentals, leases, or other agreements related to Parks and Recreation facilities.
- f. The City Council has exclusive authority to establish fees and cost recovery goals and enter into leases or other agreements.

8. Goal Setting and Budget Planning

- a. Board may review proposed goals for each of the Parks and Recreation facilities and provide feedback regarding proposed goals and suggested priorities. Staff is responsible for preparing a list of goals to submit to the Board for review.
- b. Board may review proposed capital budgets for the Parks and Recreation Divisions and recommend the items to take forward to the City Manager and the City Council. Staff is responsible for preparing the recommended plan to submit to the Board for review.

4. *Waiver of Subrogation*

Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies

regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

5. *Deductibles and Self-Insured Retentions*

Contractor has two options regarding deductibles and self-insured retentions:

- a. Option 1: Any deductibles or self-insured retentions must be declared to and approved by the City. Unless otherwise approved by the City in writing, any deductible may not exceed Ten Thousand Dollars (\$10,000). - b. Option 2: Contractor shall carry insurance with terms that require its insurance company to pay the full value of a covered claim from the first dollar of coverage, even if the Contractor is unable to pay any deductible or self-insured retention amount(s) required by the insurance policy. 7. *Claims Made Policies*

If any of the required policies provide coverage on a claims-made basis:

- a. The Retroactive Date must be shown and must be before the date of the Contract or the beginning of Contract work.
- b. Insurance must be maintained and evidence of insurance must be provided *for at least five (5) years after completion of the contract of work*. However, Contractor's liabilities under this Contract shall not be deemed limited in any way by the insurance coverage required.
- c. If coverage is canceled or non-renewed, and not *replaced with another claims-made policy form with a Retroactive Date* prior to the Contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of *five (5) years* after completion of contract work and at all times thereafter until the applicable statute of limitations runs.

8. *Verification of Coverage*

Contractor shall furnish the City with original certificates of insurance including all required amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to the City before work begins. All certificates and endorsements are to be received and approved by the City before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

9. *Subcontractors*

Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that the City is an additional insured on insurance required from subcontractors.

10. *Special Risks or Circumstances*

City reserves the right to reasonably modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

E. Contractor agrees to indemnify the City, the City's employees, elected officials, appointed officials, agents, and volunteers, and all additional insured and hold them harmless from all liability for damages to property or injury to or death to persons, including all reasonable costs, expenses, and attorney's fees incurred related thereto, to the extent arising from negligence, fault or willful and wanton conduct of the Contractor and any subcontractor thereof.

12. LIMITATION OF LIABILITY:

In no event shall the City, the City's employees, elected officials, appointed officials, or agents be liable under this Contract to Contractor or any third party for consequential, indirect, incidental, special, exemplary, punitive or enhanced damages or lost profits or revenues, or diminution in value, arising out of, relating to, or in connection with any breach of this Contract, regardless of (a) whether such damages were foreseeable (b) whether or not the Contractor was advised of the possibility of such damages and (c) the legal or equitable theory (contract, tort, or otherwise) upon which the claim is based.

13. INTENT:

Contractor represents that it has read and agrees to the terms of this Contract and further agrees that it is the intent of the parties that Contractor shall perform all of the services for the compensation set forth in this Contract. Contractor also agrees that it is the specific intent of the parties, and a material condition of this Contract, that it shall not be entitled to

compensation for other services rendered unless specifically authorized by the City by Resolution of its governing body. Contractor agrees that it has carefully examined the Scope of Services, and that the compensation is adequate for performance of this Contract.

14. WYOMING GOVERNMENTAL CLAIMS ACT:

The City does not waive any right or rights it may have pursuant to the Wyoming Governmental Claims Act, Wyoming Statutes Section 1-39-101 *et seq.*, and the City specifically reserves the right to assert any and all rights, immunities, and defenses it may have pursuant to the Wyoming Governmental Claims Act.

15. NO THIRD PARTY BENEFICIARY RIGHTS:

The parties to this Contract do not intend to create in any other individual or entity the status of third-party beneficiary, and this Contract shall not be construed so as to create such status. The rights, duties and obligations contained in this Contract shall operate only between the parties to this Contract, and shall inure solely to the benefit of the parties to this Contract. The parties to this Contract intend and expressly agree that only parties signatory to this Contract shall have any legal or equitable right to seek to enforce this Contract, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Contract, or to bring an action for the breach of this Contract.

16. FORCE MAJEURE:

Neither party shall be liable for failure to perform under this Contract if such failure to perform arises out of causes beyond the control and without the fault or negligence of the nonperforming party. Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, epidemics, pandemics, quarantine restrictions, freight embargoes, and unusually severe weather. This provision shall become effective only if the party failing to perform immediately notifies the other party of the extent and nature of the problem, limits delay in performance to that required by the event, and takes all reasonable steps to minimize delays.

17. ELECTRONIC SIGNATURES:

The parties understand and agree that they have the right to execute this Contract through paper or through electronic signature technology, which is in compliance with Wyoming and federal law governing electronic signatures. The parties agree that to the extent they sign electronically, their electronic signature is the legally binding equivalent to their handwritten signature. Whenever they execute an electronic signature, it has the same validity and meaning as their handwritten signature. They will not, at any time in the future, repudiate the meaning of their electronic signature or claim that their electronic signature is not legally binding. They agree not to object to the admissibility of this Contract as an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the grounds that it is an electronic record or electronic

signature or that it is not in its original form or is not an original. Each party will immediately request that their electronic signature be revoked in writing if they discover or suspect that it has been or is in danger of being lost, disclosed, compromised or subjected to unauthorized use in any way. If either party would like a paper copy of this Contract, they may request a copy from the other party, and the other party shall provide it.

Recommendation

That City Council approve the resolution designating the current corpus allocation, future additional corpus and eligible expenses of the earned interest of the Perpetual Care fund.

Summary

The City Council met on April 26th to discuss the corpus balance of the perpetual care fund and designate what future interest earnings can be used for. During that discussion staff proposed the following recommendations:

- The corpus balance of the Operations Trust is set to thirty million (\$30,000,000) dollars and interest earned is restricted for operations and maintenance of facilities originally constructed or improved with Optional 1% Sales Tax funds.
- The corpus balance of the North Platte Park Trust is set to four hundred eighty thousand (\$480,000) dollars and the interest earned is restricted for improvements in the original North Platte Poplar Park area. This area includes the exterior of the Events Center, Crossroads Park, Casper Speedway, Skeet Range, Casper Air-Modelers' Facility and other vacant lands to the north and east of the Casper Events Center. The motocross area and horseback riding area are excluded due to provisions in those organizations' lease agreements.
- The corpus balance of the Urban Forestry Trust be set to one hundred thirty-five thousand (\$135,000) dollars; inclusive of a restricted donation for seventy-five thousand (\$75,000) dollars from William McNamara received in 1998. The interest earned is restricted for Casper Urban Forests including the purchase of new trees and maintenance of existing trees.

Future donations and one cent allocations established by Council can increase the corpus and will be memorialized by future resolutions.

Financial Considerations

Interest earned on the Perpetual Care corpus will offset operational subsidies for recreational facilities, provide for facility improvements in the North Platte Park area and secure additional tree purchases thereby reducing the burden on the General Fund to provide funding for these areas.

RESOLUTION NO. 22-77

A RESOLUTION DESIGNATING THE CORPUS ALLOCATION, FUTURE ADDITIONAL CORPUS, AND ELIGIBLE EXPENSES OF THE PERPETUAL CARE FUND

WHEREAS, the City of Casper has the following established Perpetual Care designations: Operations Trust, North Platte Park Trust, and Urban Forestry Trust; and,

WHEREAS, the City of Casper desires to clearly delineate the corpus balances of these trusts; and,

WHEREAS, the intention is to permanently secure these balances for the purpose of generating interest for program expenses.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CASPER, WYOMING: That the following described corpus fund balances are committed or assigned until otherwise amended:

Operations Trust Fund – \$30,000,000 with interest earned on this account applied to operations and maintenance of facilities originally constructed or improved with Optional 1% Sales Tax funds.

North Platte Park Trust – \$480,000 with interest earned on this account applied to improvements in the original North Platte Poplar Park area.

Urban Forestry Trust - \$135,000, which includes a \$75,000 restricted donation received in 1998 from William McNamara, with interest earned on this account applied to Casper Urban Forests including the purchase of new trees in addition to maintenance of existing trees.

BE IT FURTHER RESOLVED: That future donations and one cent allocations can increase the corpus balance without the need for additional resolutions.

BE IT FURTHER RESOLVED: That the City Treasurer is authorized to budget anticipated interest revenues based on cash balances in fund investments; and transfer those funds as the interest is received as follows:

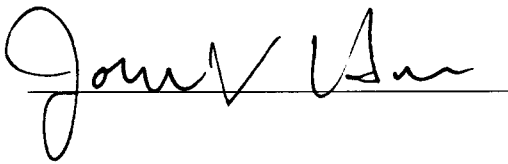

Operations Trust Fund – interest for operational subsidies will be transferred at year-end based on actual operational loss. In the event more interest revenues are received than budgeted, these funds will be used first before other funding sources; and

North Platte Park Trust – interest for maintenance of buildings in the North Platte Poplar Park area will be transferred to the buildings and structures fund in the fiscal year of the maintenance occurring; and

Urban Forestry Trust – interest for the purchase and maintenance of trees will be transferred to the general fund for the Parks tree expenses in the fiscal year of the purchase.

Recommendation

That Council, by resolution, authorize an Agreement with Ramshorn Construction, Inc., for construction of the 2022 12th Street Improvements – CY Avenue to McKinley Street, Project No. 21-072, for the base bid amount of \$1,464,724.50, with a deduct change order in the amount of \$316,832.50, for a revised contract price of \$1,147,892.00. Furthermore, it is recommended that Council authorize a construction contingency account, in the amount of \$52,108.00, for a total project amount of \$1,200,000.00.

Summary

On May 4, 2022, bids were received from three (3) contractors for construction of the 2022 12th Street Improvements Project. The bids for the work were as follows:

<u>CONTRACTOR</u>	<u>LOCATION</u>	<u>BASE BID</u>
Ramshorn Construction	Casper, Wyoming	\$1,464,724.50
JTL Group/Knife River	Casper, Wyoming	\$1,608,174.70
71 Construction	Casper, Wyoming	\$1,861,007.10

The Engineering Office cost estimate for the project was \$1,300,000.

The City of Casper Public Services Department makes ongoing evaluations and considerations for utility replacements and street reconstruction each year. The one-way portion of 12th Street (CY Avenue to McKinley Street) was designated as one of the City’s higher priorities for street reconstruction for 2022.

Plans for the project include milling and overlay of all asphalt pavement; reconstruction of failing curbswalks, ADA accessible concrete ramps, driveway approaches, valley gutters, and curb and gutter. Construction of the improvements is to be substantially complete by November 23, 2022.

Deduct Change Order No. 1 is recommended to reduce the total contract amount to match available funding by reducing the project scope. A portion of work that was intended for adjacent side street improvements on Jefferson Street and Mitchell Street will be eliminated for a savings of \$166,550. Furthermore, the project scope on 12th Street will run from CY Avenue to Oakcrest Avenue, removing four blocks of work from Oakcrest Avenue to McKinley Street for another savings of \$150,282.50. The total amount of deduct Change Order No. 1 is \$316,832.50.

The original cost estimate and budgeted amount for the project was \$990,000 and was prepared by the City's Engineering Office. This cost estimate was developed in Spring of 2021 and did not reflect the significant increase in the price of asphalt, pipe, and other construction materials.

Funding for the project will be from the following combination:

1. Optional One Percent #16 Funds for Streets in the amount of \$990,000.
2. Optional One Percent #16 Funds for Storm Sewer in the amount of \$115,950.
3. Optional One Percent #16 Funds for Water System Infrastructure in the amount of \$94,050.

STANDARD FORM OF
AGREEMENT BETWEEN OWNER AND CONTRACTOR

THIS AGREEMENT is made between the City of Casper, 200 N. David Street, Casper, WY 82601, hereinafter referred to as the "Owner," and Ramshorn Construction, Inc., hereinafter referred to as the "Contractor."

WHEREAS, the City of Casper desires to make improvements to asphalt and concrete surfaces on a portion of 12th Street; and,

WHEREAS, Ramshorn Construction, Inc., is able and willing to provide those services specified as the City of Casper, 2022 12th Street Improvements – CY Avenue to McKinley Street, Project No. 21-072.

NOW, THEREFORE, it is hereby agreed as follows:

ARTICLE 1. WORK.

ARTICLE 2. ENGINEER.

The Project has been designed by the City of Casper Engineering Office, 200 N. David, Casper, Wyoming, who is hereinafter referred to as the "Engineer" and who is to act as Owner's representative, assume all duties and responsibilities and have the rights and authority assigned to Engineer in the Contract documents in connection with completion of the Work in accordance with the Contract documents.

- 3.2 Liquidated Damages. Owner and Contractor recognize that time is of the essence of this Agreement and that Owner will suffer financial loss if the Work is not substantially completed by the time specified in Paragraph 3.1 above, plus any extension thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by Owner if the Work is not substantially completed on time. Accordingly, instead of requiring any such proof, Owner and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay Owner Five Hundred Dollars (\$500.00) for each day that expires after the time specified in Paragraph 3.1 for substantial completion. After Substantial Completion, if the Contractor shall neglect, refuse, or fail to complete the remaining work within the time specified in paragraph 3.1

Ramshorn Construction, Inc.

for completion and readiness for final payment or any proper extension thereof granted by Owner, Contractor shall pay Owner Two Hundred Dollars (\$200.00) for each day that expires after the time specified in paragraph 3.1 for completion and readiness for final payment. It is further agreed that such liquidated damages are not a penalty, but represent the parties' best estimate of actual damages.

ARTICLE 4. CONTRACT PRICE.

In Consideration of the performance of the work in accordance with the Contract documents for this Unit Price Contract, Owner shall pay Contractor in current funds a not-to-exceed total contract price of One Million Four Hundred Sixty-Four Thousand Seven Hundred Twenty-Four and 50/100 Dollars (\$1,464,724.50), subject to additions and deductions by Change Order approved by the Owner. The contract fee shall be based on materials actually furnished and installed and services actually provided based on the unit prices contained in the Bid Form and Itemized Bid Schedule, included as Exhibit "A" (pages BF-1 through BF-4, Bid Form and BS-1, Bid Schedule) and by this reference made a part of this Agreement.

ARTICLE 5. PAYMENT PROCEDURES.

Contractor shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed through the Engineer as provided in the General Conditions.

- 5.1 Progress Payments. Contractor's Applications for Payment, as recommended by Engineer, shall be submitted to City Engineering Staff on or before the 25th day of each month during construction, and Owner shall mail progress payments in the following month one day after the second monthly meeting of the Casper City Council. Progress payments shall be structured as provided below. All progress payments will be on the basis of the progress of the Work measured by the Schedule of Values provided for in Paragraph 14.01 of the General Conditions, subject to the cutoff and submittal dates provided in the Measurement and Payment Procedures.
 - 5.1.1 Progress payments will be made in an amount equal to ninety five percent (95%) of the Work completed, and ninety five percent (95%) of Invoice Cost of materials and equipment not incorporated in the Work but delivered and suitably stored, less in each case the aggregate of payments previously made.
 - 5.1.2 Owner shall withhold five percent (5%) of the work completed as retainage, said retainage to be paid in accordance with the provisions of Paragraph 5.3, Final Payment.
 - 5.1.3 Should amounts owed by the Contractor to the City for any goods, services, licenses, permits or any other item or purpose remain unpaid beyond the City's general credit policy, those amounts may be deducted from the payment being made by the City to the Contractor pursuant to this agreement.

- 5.2 OWNER may withhold progress payments if CONTRACTOR fails to submit an updated progress schedule with the application for payment as detailed in Section 01310 Progress Schedules.
- 5.3 Final Payment. Upon final completion and acceptance of the Work in accordance with Article 14 of the General Conditions, Engineer shall recommend payment and present Contractor's Final Application for Payment to the City. Pursuant to Wyoming State Statutes, final payment cannot be made until forty-one (41) days after publication of the first Notice of Completion.

ARTICLE 6. WITHHELD FUNDS.

Pursuant to Wyoming Statutes Section 16-6-701 et seq., withheld percentages for Contracts exceeding fifty thousand dollars (\$50,000.00) will be retained in an account in the name of the Contractor (except when specifically waived in writing by Contractor) which has been assigned to the Owner until the Contract is completely, satisfactorily, and finally accepted by the Owner. Unless a depository is designated by the Contractor in a written attachment hereto, the Contractor's signature hereon shall act as authority for the Owner to designate a retainage depository on behalf of the Contractor, for the purposes specified in Wyoming Statutes Section 16-6-704. The Contractor's signature hereon shall act as an assignment of the depository account to the Owner, as provided by Wyoming Statutes Section 16-6-701 et seq., whether the depository is designated by the Contractor or by the Owner.

SUBJECT: Authorizing a Cooperative Agreement with the Wyoming Department of Transportation for Construction Activities for the Poplar Street Utility Improvements – CY Avenue to Collins Drive, Project No. 21-018

Meeting Type & Date

Regular Council Meeting
May 17, 2022

Action Type
Resolution

Recommendation:

That Council, by resolution, authorize a Cooperative Agreement with the Wyoming Department of Transportation (WYDOT) for construction activities for the Poplar Street Utility Improvements – CY Avenue to Collins Drive, Project No. 21-018, in the amount of \$836,385.

Summary:

WYDOT is preparing to reconstruct Poplar Street from CY Avenue to Collins Drive. Street, sidewalk and storm sewer improvements are to be engineered and constructed by WYDOT with City-owned water and sanitary sewer improvements engineered by the City's Engineering Consultant, WWC Engineering.

The City owns and maintains water and sewer mains within this project corridor that are approaching the end of their service life, in conflict with the proposed improvements, and in need of replacement. WYDOT was approached to include the replacement of these utilities during their construction operations. Utility replacements will include the replacement of an existing 12" water main along Poplar St, replacement of an existing 30" water main at the Poplar St./Collins Dr. intersection, and the replacement sanitary sewer manholes within the work area.

Under the terms of a cooperative agreement with WYDOT, WYDOT will acquire all necessary construction permits and easements necessary to complete the work, provide engineering services during construction, and procure construction of the work. The cooperative agreement spells out the project limits, responsibilities of WYDOT and the City, and the funding arrangements.

Financial Considerations

The cost to replace these utilities, including WYDOT's overhead and construction administration fees, is estimated to be \$836,385. The City's funding for this project will come from FY22 one cent funds allocated to water.

BETWEEN THE
WYOMING DEPARTMENT OF TRANSPORTATION
AND
THE CITY OF CASPER**

State Project ARSCT N212A06
Casper Streets
Poplar Street, CY Avenue - Collins Drive
Waterline and Sanitary Sewer Work
Natrona County

1. **Parties.** The parties to this Cooperative Agreement (Agreement) are the Wyoming Department of Transportation (WYDOT), whose address is 5300 Bishop Blvd., Cheyenne, Wyoming 82009, and the City of Casper (City), whose address is 200 N David Street, Casper Wyoming 82601.
2. **Purpose of Agreement.** The purpose of this Agreement is to set forth the terms and conditions by which the City and WYDOT desire to participate in the water line replacement and sanitary sewer maintenance, which will include the replacement of existing twelve (12) inch ductile iron pipe (DIP) water main along Poplar Street with twelve (12) inch PVC pipe, replacement and relocation of the thirty (30) inch DIP water main running east-west at Poplar Street and Collins Drive, and replacement of three (3) sanitary sewer manholes. The location of the project is as shown on Exhibit A, Location Map, which is attached to and incorporated into this Agreement by this reference. This project is associated with WYDOT main project N212124.
3. **Term of Agreement.** This Agreement is effective when all parties have executed it (Effective Date). The term of the Agreement is from the Effective Date through completion of the project. All services shall be completed during this term.
4. **Participation of Project Costs.**
 - A. The City agrees to pay WYDOT the entire actual cost of this project, including all indirect costs through the current Indirect Cost Allocation Plan (ICAP) rate as approved by the Federal Highway Administration (FHWA), within forty-five (45) days after billing for the waterline and sanitary sewer work. Estimated costs are set forth in Exhibit B, Summary of Project Costs, which is attached to and incorporated into this Agreement by this reference. ICAP is a rate built into WYDOT's accounting system for overhead expenditures for administering a project. The ICAP rate is developed by WYDOT and approved by the FHWA, with the new rate taking effect immediately. The current rate of eleven percent (11%) is effective until September 30, 2024, at which time the rate is subject to

change based on FHWA approval. The ICAP rate will be charged on total direct costs on this project, as shown on Exhibit B.

- B. The costs shown on the Exhibit B are estimates only and the City understands that the final costs may be higher or lower. If the actual costs go over by twenty percent (20%) of the total estimated costs, both parties must agree and sign an amendment for the additional costs.
- C. WYDOT will bill the City on a monthly basis unless otherwise agreed upon between the parties.
- D. No payment shall be made for work performed before the Effective Date of this Agreement.

5. **Responsibilities of the City.**

- A. The City, or an engineering consultant selected by the City, shall conduct preliminary survey work, engineering investigations and right-of-way studies and shall develop final design plans and estimates. Any work outside the existing limits of the WYDOT project will require the City to perform environmental clearances.
- B. The City shall submit a letter to WYDOT designating a qualified project representative, at no cost to WYDOT, capable of making timely decisions and authorized to sign documents concerning the completion of the waterline and sanitary sewer work for this project.
- C. The City shall be given the opportunity to review and comment on the estimates prior to the advertisement of bids by WYDOT. Likewise, the City shall be asked to concur in the award of this project to the lowest qualified bidder. As a result of signing the Letter of Concurrence, the City agrees to the amended costs to match the actual bid amount.
- D. Upon completion and acceptance of this project, the City shall maintain, at its sole expense, all features constructed under this Agreement. Maintenance shall include all repairs necessary to keep the improvement in its functional constructed condition.
- E. Upon completion and acceptance of the project, the City shall return, within thirty (30) days of WYDOT Resident Engineer's request, WYDOT's Acceptance Certificate, or any other required WYDOT documents. Once this Acceptance Certificate has been completed, all National Pollutant Discharge Elimination System (NPDES) General Permits related to the project will be transferred to the City. The City shall then be responsible for all storm water runoff on the project and storm water monitoring until a Notice of Termination (NOT) can be submitted for the project by the City. In the event petroleum contaminated soil or

water is encountered on this project, the required work associated with mitigation of the contamination will become part of this project.

6. Responsibilities of WYDOT.

- A. WYDOT, or an engineering consultant selected by WYDOT, shall acquire all necessary construction permits and permanent easements necessary to perform the waterline and sanitary sewer work shown on Exhibit A. The City shall keep easements across private property in force for perpetuity.
- B. WYDOT will advertise and award a bid to contract the water line replacement and sanitary sewer maintenance. The City shall be given the opportunity to review and comment on the estimates prior to the advertisement of bids by WYDOT. Likewise, the City shall be asked to concur in the award of this project to the lowest qualified bidder. As a result of signing the Letter of Concurrence, the City agrees to the amended costs to match the actual bid amount.
- C. WYDOT shall perform and provide immediate direction, control and supervision of construction engineering for this project in accordance with project plans and specifications.
- D. WYDOT agrees to make all arrangements for the adjustment and/or relocation of utilities in conflict with this project. Arrangements will be made by separate agreement(s) with the affected utility owner(s) not covered by this Agreement.

7. General Provisions.

- A. **Amendments.** Any changes, modifications, revisions or amendments to this Agreement which are mutually agreed upon by the parties to this Agreement shall be incorporated by written instrument, executed by all parties to this Agreement.
- B. **Applicable Law, Rules of Construction, and Venue.** The construction, interpretation, and enforcement of this Agreement shall be governed by the laws of the State of Wyoming, without regard to conflicts of law principles. The terms "hereof," "hereunder," "herein," and words of similar import, are intended to refer to this Agreement as a whole and not to any particular provision or part. The Courts of the State of Wyoming shall have jurisdiction over this Agreement and the parties. The venue shall be the First Judicial District, Laramie County, Wyoming.

The City shall not use this Agreement, or any portion thereof, for collateral for any financial obligation without the prior written permission of WYDOT.

- G. Confidentiality of Information.** Except when disclosure is required by the Wyoming Public Records Act or court order, all documents, data compilations, reports, computer programs, photographs, data, and other work provided to or produced by the City in the performance of this Agreement shall be kept confidential by the City unless written permission is granted by WYDOT for its release. If and when the City receives a request for information subject to this Agreement, the City shall notify WYDOT within ten (10) days of such request and shall not release such information to a third party unless directed to do so by WYDOT.
- I. Entirety of Agreement.** This Agreement, consisting of eight (8) pages; Exhibit A, Location Map, consisting of one (1) page; and Exhibit B, Summary of Project Costs, consisting of one (1) page, represent the entire and integrated Agreement between the parties and supersede all prior negotiations, representations and agreements, whether written or oral. In the event of a conflict or inconsistency between the language of this Agreement and the language of any attachment or document incorporated by reference, the language of this Agreement shall control.

Consistent with the express terms of this Agreement, the City shall be free from control or direction over the details of the performance of services under this Agreement. The City shall assume sole responsibility for any debts or liabilities that may be incurred by the City in fulfilling the terms of this Agreement and shall be solely responsible for the payment of all federal, state, and local taxes which may accrue because of this Agreement. Nothing in this Agreement shall be interpreted as authorizing the City or its agents or employees to act as an agent or representative for or on behalf of the State of Wyoming or WYDOT or to incur any obligation of any kind on the behalf of the State of Wyoming or WYDOT. The City agrees that no health or hospitalization benefits, workers' compensation, unemployment insurance or similar benefits available to State of Wyoming employees will inure to the benefit of the City or the City's agents or employees as a result of this Agreement.
- O. Nondiscrimination.** The City shall comply with the Civil Rights Act of 1964, the Wyoming Fair Employment Practices Act (Wyo. SUBJECT: Authorizing a Professional Services Agreement with Davidson Mechanical for the Mechanical Repairs at Metro Animal Services

Resolution

Recommendation

That Council, by resolution, authorize a Professional Services Agreement with Davidson Mechanical for the mechanical repairs required at Metro Animal Services.

Summary

On Wednesday, February 23, 2022, Matt Thomason, Buildings and Structures (BAS) Manager, received an email from Metro Animal Shelter staff that it appeared that the heating system for the building was not operating properly and that the door the mechanical room was frozen shut. BAS responded to the Metro Animal Shelter within 15 minutes and found that the heating system had failed and that all of the equipment within the mechanical room that contained water had frozen and burst. The damaged equipment includes three boilers, the heating coil for the main air handler, a number of pumps, and other associated equipment. BAS immediately contacted a number of local vendors to obtain temporary heat for the kennel area of the shelter as temperatures had been well below zero for a number of days. Temporary heating and ventilation solutions were installed one day and are still in place today. The City's Risk Management Division was also contacted and Ethan Yonker, Risk Manager, responded to the site to help assess the situation and determine next steps.

On February 24, 2022 BAS staff worked to isolate the mechanical room so that no other damage would take place, and began thawing out the frozen pipes and determining the extent of the damage. Due to the extent of the damage identified by BAS staff, it was determined that an insurance claim should be filed and that a contractor should be hired to complete the extensive mechanical repair and/or replacement work needed.

BAS reached out to a number of local plumbing contractors to obtain quotes for the repairs. The companies contacted and outcomes of the requests for quotes are as follows:

- Davidson Mechanical – Visited site and provided a quote
- Haid Plumbing – Visited site but declined to provide a quote
- Huber Plumbing – Indicated interest, but never visited the site to quote the work
- Hi-Country Plumbing – Indicated interest, but never visited the site to quote the work

Davidson Mechanical was the only vendor that provided a quote for the work. Staff recommends authorization of a Professional Services Agreement with Davidson Mechanical to complete the repairs.

Two representatives from the City's property insurer, the Wyoming Association of Risk Management (WARM), visited Metro on March 17, 2022 to evaluate the loss and determine claim compensability. Based on information gathered since the freeze, it appears likely that the heating failure was caused by a power bump. It has been determined that the property claim will be accepted by WARM.

Financial Considerations

The costs for the repairs will be covered by the property claim with WARM, except the \$5,000 deductible that will be paid by the City's Property and Liability Fund.

Oversight/Project Responsibility

Matt Thomason, Buildings and Structures Manager, will oversee the project.

Contractor hereby grants to City a waiver of any right to subrogation which any insurer of said Contractor may acquire against the City by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies

regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

5. *Deductibles and Self-Insured Retentions*

Contractor has two options regarding deductibles and self-insured retentions:

- a. Option 1: Any deductibles or self-insured retentions must be declared to and approved by the City. Unless otherwise approved by the City in writing, any deductible may not exceed Ten Thousand Dollars (\$10,000). Unless otherwise approved in writing by the City, self-insured retentions may not exceed Ten Thousand Dollars (\$10,000), and the City may require the Contractor to provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.
- b. Option 2: Contractor shall carry insurance with terms that require its insurance company to pay the full value of a covered claim from the first dollar of coverage, even if the Contractor is unable to pay any deductible or self-insured retention amount(s) required by the insurance policy. Contractor shall provide a written endorsement from its insurance carrier that such insurance coverage is in place, and shall keep such coverage in place during the term of this Contract and any subsequent time period required for claims made policies.

6. *Acceptability of Insurers*

Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise agreed to in writing by the City.

7. *Claims Made Policies*

If any of the required policies provide coverage on a claims-made basis:

- a. The Retroactive Date must be shown and must be before the date of the Contract or the beginning of Contract work.
- b. Insurance must be maintained and evidence of insurance must be provided *for at least five (5) years after completion of the contract of work*. However, Contractor's liabilities under this Contract shall not be deemed limited in any way by the insurance coverage required.
- c. If coverage is canceled or non-renewed, and not *replaced with another claims-made policy form with a Retroactive Date* prior to the Contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of *five (5) years* after completion of contract work and at all times thereafter until the applicable statute of limitations runs.

8. *Verification of Coverage*

Contractor shall furnish the City with original certificates of insurance including all required amendatory endorsements or copies of the applicable policy language effecting coverage required by this clause and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to the City before work begins. All certificates and endorsements are to be received and approved by the City before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

9. *Subcontractors*

Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that the City is an additional insured on insurance required from subcontractors.

10. *Special Risks or Circumstances*

City reserves the right to reasonably modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

- E. Contractor agrees to indemnify the City, the City's employees, elected officials, appointed officials, agents, and volunteers, and all additional insured and hold them harmless from all liability for damages to property or injury to or death to persons, including all reasonable costs, expenses, and attorney's fees incurred related thereto, to the extent arising from negligence, fault or willful and wanton conduct of the Contractor and any subcontractor thereof.

12. LIMITATION OF LIABILITY:

In no event shall the City, the City's employees, elected officials, appointed officials, or agents be liable under this Contract to Contractor or any third party for consequential, indirect, incidental, special, exemplary, punitive or enhanced damages or lost profits or revenues, or diminution in value, arising out of, relating to, or in connection with any breach of this Contract, regardless of (a) whether such damages were foreseeable (b) whether or not the Contractor was advised of the possibility of such damages and (c) the legal or equitable theory (contract, tort, or otherwise) upon which the claim is based.

13. INTENT:

Contractor represents that it has read and agrees to the terms of this Contract and further agrees that it is the intent of the parties that Contractor shall perform all of the services for the compensation set forth in this Contract. Contractor also agrees that it is the specific intent of the parties, and a material condition of this Contract, that it shall not be entitled to

compensation for other services rendered unless specifically authorized by the City by Resolution of its governing body. Contractor agrees that it has carefully examined the Scope of Services, and that the compensation is adequate for performance of this Contract.

14. WYOMING GOVERNMENTAL CLAIMS ACT:

The City does not waive any right or rights it may have pursuant to the Wyoming Governmental Claims Act, Wyoming Statutes Section 1-39-101 et seq., and the City specifically reserves the right to assert any and all rights, immunities, and defenses it may have pursuant to the Wyoming Governmental Claims Act.

15. NO THIRD PARTY BENEFICIARY RIGHTS:

The parties to this Contract do not intend to create in any other individual or entity the status of third-party beneficiary, and this Contract shall not be construed so as to create such status. The rights, duties and obligations contained in this Contract shall operate only between the parties to this Contract, and shall inure solely to the benefit of the parties to this Contract. The parties to this Contract intend and expressly agree that only parties signatory to this Contract shall have any legal or equitable right to seek to enforce this Contract, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Contract, or to bring an action for the breach of this Contract.

16. FORCE MAJEURE:

Neither party shall be liable for failure to perform under this Contract if such failure to perform arises out of causes beyond the control and without the fault or negligence of the nonperforming party. Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, epidemics, pandemics, quarantine restrictions, freight embargoes, and unusually severe weather. This provision shall become effective only if the party failing to perform immediately notifies the other party of the extent and nature of the problem, limits delay in performance to that required by the event, and takes all reasonable steps to minimize delays.

17. ELECTRONIC SIGNATURES:

The parties understand and agree that they have the right to execute this Contract through paper or through electronic signature technology, which is in compliance with Wyoming and federal law governing electronic signatures. The parties agree that to the extent they sign electronically, their electronic signature is the legally binding equivalent to their handwritten signature. Whenever they execute an electronic signature, it has the same validity and meaning as their handwritten signature. They will not, at any time in the future, repudiate the meaning of their electronic signature or claim that their electronic signature is not legally binding. They agree not to object to the admissibility of this Contract as an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the grounds that it is an electronic record or electronic

signature or that it is not in its original form or is not an original. Each party will immediately request that their electronic signature be revoked in writing if they discover or suspect that it has been or is in danger of being lost, disclosed, compromised or subjected to unauthorized use in any way. If either party would like a paper copy of this Contract, they may request a copy from the other party, and the other party shall provide it.

Summary

Wyoming State Statute § 27-10-102 grants the fire fighters in any city, town, or county the right to collective bargaining and representation by a bargaining agent (union). The current Collective Bargaining Agreement (CBA) between the City of Casper and the Casper Fire-EMS Department and the Fire Fighters' Local Union 904 will expire on June 30, 2022.

The City of Casper and the Fire Fighters' Local Union 904 began negotiations in February 2022 with the following items as signed tentative agreements:

1. **Amendment to Article III, Section 1, Management Rights and Responsibilities** – In general terms, these revisions will provide clear and concise language to benefit both the members and management. The changes made will clarify communicating any changes in policy prior to implementation of a policy and that re-assignments not related to disciplinary action, not resulting in a demotion.
2. **Amendment to Article IV, Section 6, Paragraph 2** – In general terms, these revisions will provide Federal mileage reimbursement rate to members for business use of a personal vehicle.
3. **Amendment to Article IV, Section 11, Paragraph "B" Day Personnel** – In general terms, new fire fighters will start with Eighty (80) hours of disability leave available upon hire.
4. **Amendment to Article IV, Section 22, Paragraph 2** – In general terms, Community Risk Reduction Officers that report to duty after scheduled work hours will be compensated at a one and one half (1.5) times of their base hourly rate of pay.

7. **Amendment to Article IV, Section 4, Letter “B”** – In general terms, this revision will clarify that an emergency callback on a Holiday is compensated at triple-time rate.
8. **Amendment to Article IV, Section 4, Paragraph “A”: Call Back** – In general terms, this revision will allow compensatory time to be used to a greater effect.
9. **Amendment to Article IV, Section 4, Paragraph “D”: Day Personnel** – In general terms, this revision will allow compensatory time to be used to a greater effect for day personnel.
10. **Addition to Article V, Section 2, Letter “E: Mental Health Services”** – In general terms, members will be provided with up to four (4) mental health consultations annually, up to \$250 per consultation. This is an additional benefit to encourage members to seek professional mental health services with the ability to choose their own provider.

Additionally, the parties agreed to the following items:

1. Platoon wages to equal those members that workday schedules. This is a 2.6% to 2.8% increase for the platoon positions. This is in addition to any step increase members are eligible for. This item of resolution is for a two-year period FY23 and FY24.
2. A minimum of a 3.5% Cost of Living Adjustment (COLA) will be given to members with an understanding that members will also receive any additional amount for a COLA the same as other full-time employees of the City of Casper. If the sales tax revenue exceeds \$425,000.00 over the first six months’ projected sales revenue in FY23 (July 1, 2022 – Dec. 31, 2022), an additional 3.5% COLA will be provided to the Fire Fighters and other full-time employees of the City January 1, 2023.
3. A conversion factor of .7123 can be used when members who work platoon come to a day schedule and the City will increase the vacation day accrual cap to 263 hours for day personnel.

The Fire Fighters’ Local Union 904 and Casper Human Resources Division will draft the Collective Bargaining Agreement for 2022-2023 to be adopted by Resolution no later than the June 21, 2022, City Council Meeting. This will be an agreement commencing July 1, 2022 – June 30, 2023. This is an additional benefit to encourage members to seek professional mental health services with the ability to choose their own provider.

Additionally, the parties agreed to the following items:

1. Platoon wages to equal those members that work day schedules. This is a 2.6% to 2.8% increase for the platoon positions. This is in addition to any step increase members are eligible for. This item of resolution is for a two-year period FY23 and FY24.
2. A minimum of a 3.5% Cost of Living Adjustment (COLA) will be given to members with an understanding that members will also receive any additional amount for a COLA the same as other full-time employees of the City of Casper. If the sales tax revenue exceeds \$425,000.00 over the first six months' projected sales revenue in FY23 (July 1, 2022 – Dec. 31, 2022), an additional 3.5% COLA will be provided to the Fire Fighters and other full-time employees of the City January 1, 2023.
3. A conversion factor of .7123 can be used when members who work platoon come to a day schedule and the City will increase the vacation day accrual cap to 263 hours for day personnel.
4. Other topics presented by both teams will remain as interim topics to be worked on prior to the next negotiation period. A Memorandum of Understanding (MOU) between the parties designating the interim topics will be executed by the City and Local Union 904.
5. Wage increases will not be an item of negotiation in the February-March 2023 Collective Bargaining term.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF CASPER, WYOMING: The terms negotiated between the Parties are hereby ratified and that the Mayor, and the City Manager, are hereby authorized and directed, and the City Clerk to attest, to proceed with drafting the Collective Bargaining Agreement with the Casper Fire Fighters' Local Union 904 for the contract period July 1, 2022 – June 30, 2023.

ARTICLE I
RECOGNITION

Section 1 - Recognition.

- A. The City of Casper hereby recognizes that Fire Fighters Local 904 is the sole and exclusive representative for all the sworn employees, hereinafter referred to as "employee or "employees" of the Fire-EMS Department (the "Department"), other than those excluded in this Collective Bargaining Agreement (the "Agreement"), for the purpose of collective bargaining with respect to wages, hours of work, and working conditions, except as specified in the remainder of this subsection.

The Union recognizes the Fire-EMS Chief and the Deputy Chiefs to be a part of Management. Management employees are not subject to the provisions of this union Agreement and fall directly under the City of Casper Personnel Rules and Regulations and/or individual employment contracts, as they currently exist, and as they may, from time to time, be amended.

- B. The Union hereby recognizes that, when duly assigned by Council action, the City Manager and/or his authorized representatives are the sole and exclusive Bargaining Agents for the City Council of the City of Casper, Wyoming.
- C. All Wyoming State Statutes that would apply to the terms and conditions of this Collective Bargaining Agreement, the Rules and Regulations of the Civil Service Commission of the City of Casper, Wyoming, as well as the City of Casper Personnel Rules and Regulations, as they are, from time to time amended, are incorporated into this Agreement by this reference.

Section 2 - General.

The City of Casper, hereinafter referred to as the "City," and the Fire Fighters Local 904, hereinafter referred to as the "Union," in order to increase general efficiency by the Fire-EMS Department, and to maintain the existing harmonious relationship between the City and its employees, and to promote the morale, rights, well-being, and sincerity of the Union and the City hereby agree as follows.

Section 3 - Non-Discrimination.

Basis: Neither the City nor the Union shall discriminate against any employee covered by this Agreement in a manner which would violate any applicable laws because of race, color, religion, sex (including pregnancy, sexual orientation, or gender identity), national origin, disability, age (40 or older), or genetic information (including family medical history).

Union Activity: Neither the City nor the Union shall interfere with the right of employees covered by this Agreement to become or not become members of the Union, except as

provided for in the Constitution and By-Laws of I.A.F.F. Local 904. There shall be no discrimination against any such employees because of lawful Union membership or non-membership activity or status.

Union Responsibility: The Union recognizes its responsibility as bargaining agent and owes the same responsibility to all employees, whether Union members or not, in compliance with all applicable state statutes.

Gender: Whenever the male gender is used in this Agreement, it shall be construed to include equally both male and female employees.

ARTICLE II

DISPUTE RESOLUTION

Section 1 - Definition and Procedure.

Definition and Procedure: A grievance is a dispute or difference of opinion raised by an employee covered by this Agreement, by the Union, or by the City involving the meaning, interpretation, or application of the express provisions of this Agreement or existing work rules.

Step One - Within twenty (20) calendar days of the party's knowledge of a grievable occurrence, the Union shall present in writing a statement of the grievance, the Agreement provision violated, and a description of the restitution desired to the Fire-EMS Chief. In the case of City grievances against the Union, the Fire-EMS Chief shall present the same to the Union President.

Within ten (10) calendar days, the Fire-EMS Chief (or Union President) shall respond in writing.

Step Two - If the response of the Fire-EMS Chief is not considered satisfactory, the Union may within ten (10) calendar days appeal the Fire-EMS Chief's decision to the City Manager. The City Manager shall respond within ten (10) calendar days.

Step Three - If the response of the City Manager or the Union President is not considered satisfactory, the Union or the City may, within five (5) calendar days, request in writing arbitration. If the parties cannot agree upon an arbitrator(s) within an additional ten (10) calendar days, the parties shall petition the District Court within ten (10) calendar days for the appointment of an arbitrator(s) in accordance with the provisions of the Uniform Arbitration Act.

Time limits may be extended upon mutual agreement.

The arbitrator shall have no right to amend, modify, nullify, ignore, add to or subtract from, the provisions of this Agreement. The arbitrator shall consider only the specific issues submitted in writing by the City and Union.

If notice is not given within the five (5) day period specified in Step 3, the right to arbitration shall be considered to be waived.

It is further agreed that the City or the employees shall not enter into any court action or file any claim for any alleged grievance or violation of this Agreement until the provisions of the grievance procedure and the Uniform Arbitration Act have been followed.

The City and employees agree not to subject to the grievance procedure those matters relating to examination, suspension, reduction in grade, and/or discharge from the Fire-EMS Department which are appropriate for hearing and decision by the Civil Service Commission.

ARTICLE III

MANAGEMENT RIGHTS AND RESPONSIBILITIES

Section 1 - Rights of Management.

Except as otherwise specifically provided in this Agreement, the City has the sole and exclusive right to exercise all the rights or functions of Management, and the exercise of such rights or functions shall not be subject to the grievance procedure, except as to the resolution of whether or not a specific matter is a Management right. Without limiting the generality of the foregoing, as used herein, the term "Rights of Management" includes, but is not limited to:

1. The determination of Fire-EMS Department policy, including the right to manage the affairs of the Fire-EMS Department in all respects.
2. The right to assign working hours, including overtime.
3. The right to establish, modify, or change work schedules, manning of apparatus, and amount of apparatus in the main or reserve fleet.
4. The right to assign employees to other duties within the Fire-EMS Department when their apparatus is out of service.
5. The right to direct the members of the Fire-EMS Department, including the right to hire, promote, discipline, or transfer any employee.
6. The right to organize and reorganize the Fire-EMS Department in any manner it chooses, including the size of the Fire-EMS Department and the determination of job classifications and ranks based on duties assigned.

7. The determination of the safety, health, and property-protection measures provided by the Fire-EMS Department for the citizens of Casper.
8. The selection, promotion, or transfer of employees to supervisory or other managerial or division assignments.
9. The allocation and assignment of work to employees within the Fire-EMS Department.
10. The determination of policy affecting selection or training of employees.
11. The scheduling of operations and determination of the number of hours of assigned duty per week.
12. The establishment, modification, and enforcement of Fire-EMS Department rules, regulations, and orders.
13. The transfer of work from one position to another within the classified service of the Fire-EMS Department.
14. The introduction of new, improved, or different methods and techniques of operation of the Fire-EMS Department or of changes in existing methods and techniques, so long as said methods and techniques or changes do not increase unreasonably the risk of injury or illness or any way threaten the safety of any member of the Fire-EMS Department.
15. The placing of service, maintenance, or other work with outside contractors or other agencies of the City.
16. The determination of the number of ranks and the number of employees within each rank.
17. The determination of the amount of supervision necessary.
18. The transfer of employees from one station to another.
19. The right to institute, continue, modify and/or discontinue, without any requirement to negotiate or otherwise receive the consent of the Union, a program of assigning employees to work out-of-class on a temporary basis for training or other purposes. Such program may involve the payment of extra compensation to employees working out-of-class. The Union will be informed of program details in writing.

20. Every effort will be made to maintain a platoon staffing level of at least eighteen (18) personnel. The platoon staffing assignments will normally be as follows:

- (3) Personnel on Engine 1
- (3) Personnel on Engine 2
- (3) Personnel on Engine 3
- (3) Personnel on Engine 5
- (3) Personnel on Engine 6
- (1) Personnel on Rescue 1
- (1) Personnel on Truck 1
- (1) Personnel on Fire 1
- (18) Platoon Personnel

The minimum staffing level will be maintained unless the City of Casper's budget declines to extreme financial circumstances. Extreme financial circumstances shall be defined by current receipts generated from State general sales tax, property tax, direct distribution payments, mineral tax, and severance tax which, for three consecutive months, are below 67% the monthly average of General Fund operating expenses (excludes capital expenditures and transfers) as determined from the most recent completed annual City of Casper financial audit.

It is agreed that no conduct or action of the City or the Union hereunder shall be inconsistent with any provision of the Agreement, Personnel Rules and Regulations, Civil Service Rules and Regulations, and the Laws of Wyoming governing Fire Fighters, and the discretionary power invested in the City and the Fire-EMS Chief shall not be exercised in an arbitrary or capricious manner.

The exercise of such rights does not preclude employees or the Local from initiating a grievance as set forth in this Agreement for any alleged violation of this Agreement, Personnel Rules and Regulations, Civil Service Rules and Regulations, and the Laws of Wyoming governing Fire Fighters.

Section 2 - Probationary Period.

New employees shall be subject to a probationary period as established in State Law from the date of last hiring, and shall not become regular employees until after completion of said period. Probationary employees may be terminated at any time in the sole discretion of the City, without notice, and such termination shall not be subject to the grievance procedure. Upon satisfactory completion of the probationary period, the employee shall acquire seniority status from the date of last hire.

Section 3 - Performance Evaluation (Proficiency Rating).

The methods and procedures involved in performance evaluation shall be the responsibility and at the discretion of Management. Management shall be responsible for providing the

fairest evaluation and techniques practicable. Fire-EMS Department supervisors shall be responsible for evaluating individuals as fairly as practicable.

Section 4 - Rules and Regulations.

The City shall have the right to make such reasonable directions, rules, and regulations as may be deemed necessary by the City for the conduct and management of the affairs of the City, and the Union agrees that the employees shall be bound by and obey said directions, rules, and regulations. The City agrees that no directions, rules, or regulations will be made which are in conflict with this Agreement. Employees shall promptly and efficiently execute the instructions and orders of those above them in the chain of command. If an employee or employees believe a direction, rule, regulation, instruction, or order of a supervisor is unreasonable or unjust, the employee or employees shall comply with the direction, rule, regulation, order, or instruction of the supervisor, but with the further provision that such employee or employees may regard the direction, rule, regulation, order, or instruction as a grievance which shall be handled in accordance with the grievance procedures set forth in Article II, Section 1, of this Agreement.

Any rule or regulation not specifically addressed in this Agreement, but outlined in the Rules and Regulations of the Civil Service Commission of the City of Casper, Wyoming and the City of Casper Personnel Rules and Regulations, as from time to time amended, shall apply to the employees.

In the event that an employee or employees shall refuse to comply with a direction, rule, regulation, or shall refuse to execute promptly and efficiently an instruction or order of a supervisor, the City shall have the right, at its option, to suspend or discipline the offending employee or employees, subject to the Civil Service Rules and Regulations, and the laws of Wyoming governing Fire Fighters.

In the case of an administrative investigation conducted by Human Resources, Risk Management, the City Attorney's office or the Fire-EMS Chief and/or their respective designees, failure to answer questions regarding employment may result in disciplinary action up to and including termination. In that case and circumstance, the employee shall be advised by the person investigating the situation that nothing stated by the employee in the administrative investigation can be used against that employee in any subsequent criminal investigation pertaining to that employee.

ARTICLE IV

UNION RIGHTS, RESPONSIBILITIES AND BENEFITS

Section 1 - Responsibility.

Union Responsibility: The Union recognizes its responsibility as bargaining agent and owes the same responsibility to all employees, whether Union members or not, in compliance with all applicable state statutes.

Section 2 - Strikes.

The Union agrees that there shall be no strikes, slow-downs, stoppage of work, or any interference with the management of the Fire-EMS Department. The City agrees that there shall be no lock-out of Fire Fighters.

Union officials shall be responsible for taking affirmative steps to return employees to work or resume full services if a strike or slow-down occurs. Action by Union officials would include:

Prompt disavowal of such conduct by public announcement.

Posting of general notice in employees' meeting location explaining such disavowal; and advising employees individually that such conduct is unlawful and prohibited by this Agreement.

The City shall have the right to discipline or discharge any employee encouraging or participating in a strike, slow-down, or other interference in accordance with this Agreement, the Personnel Rules and Regulations, Civil Service Rules and Regulations, and the laws of Wyoming governing Fire Fighters.

Section 3 - Wage Schedule

A. Effective July 12, 2020, employees will be paid according to the following:

Captain	\$23.49	\$24.67	\$25.88	\$27.18	\$28.54

Battalion Chief	\$37.21	\$39.08	\$41.03	\$43.10	\$45.23

Note: Promotions will result in no less than a 5% pay increase.

Comments: For the purposes of reporting annual gross pay to the Wyoming Retirement System on behalf of Fire "A" pension participants, annual gross pay is calculated by taking the Step 5 Fire Fighter hourly wage times 91 hours, plus one and one-half (1.5) times that hourly rate times 5 hours, and the total times 30.42 work periods per year.

*If a cost of living (COLA) increase or bonus is granted to other employees of the City within the term of this Agreement it shall be applied to employees covered by this Agreement without amending this Agreement.

An employee will advance to the next wage step on his/her next anniversary date. "Anniversary date" is defined as the date the employee in question was initially hired, unless the employee has been promoted, in which case the date of his last promotion is the anniversary date. Employees in wage Step 5 will not receive a step increase.

Receipt of a step increase is not an indication of satisfactory job proficiency or performance.

- B. The hourly rate set forth above will be the employee's straight time hourly rate. For the purpose of computing overtime, this rate will be multiplied by one and one-half.
- C. Pay Checks. Employees will be assigned ninety-six (96) hours of work, every twelve days and will be paid pursuant to the FLSA requirements. Employees may also be offered or assigned call-back hours and if working on a holiday will received pay calculated at holiday rate. Employees will be paid the remainder of hours worked, no more than four (4) business days after the end of the 12-day work period.

Section 4 - Overtime.

Employees will be paid for actual hours worked in accordance with the FLSA. Hours not worked such as, vacation, disability, FMLA leave, and bereavement, will not count as hours worked for the purposes of calculating overtime except in the case call back hours.

A. Call Back.

In keeping with the policy of the City to maintain an effective firefighting force, it may be required for employees to work overtime on a shift basis. Full and partial call backs shall be compensated at one and one-half (1.5) times the employee's hourly rate of pay. Rotating seniority overtime lists are established by the Department. Employees may be called in rotating order, when necessary, to fill positions.

1. Partial call back of twenty (20) hours or less will be administered by calling down the list, which begins with the least senior of the employees. A name is crossed off the list if: 1) the employee is unreachable, 2) he/she refuses the call back, or 3) he/she accepts the call back.

In the case of partial callbacks that are numerous and known well in advance, management may post a list of available partial callbacks and members may sign up for them.

A sign-up list will be posted and all personnel will be notified by email. For the first week employees may sign-up for a limited number of slots (determined by Battalion Chief). Multiple picks may be made in each round following the first week depending on the number of partial callbacks available until all slots are filled. Management will specify how many slots can be chosen for each round of picks.

If the employee cannot make the scheduled callback, he/she will find a replacement, change the master list, and notify the on-duty Battalion Chief.

2. Full-time call back of twenty (20) hours or more will be administered by calling down the list, which begins with the least senior of the employees. A name is crossed off the list if: 1) the employee is unreachable, 2) he/she refuses the call back, or 3) he/she accepts the call back.
3. Exceptions: If, at the time of call back, an employee is participating in a department-sponsored required, or non-required, activity, he will not be crossed off the call back list. Department-sponsored activities include, but are not limited to the following:
 - a. Classes
 - b. Seminars
 - c. Conferences
 - d. Meetings
 - e. Testing processes
 - f. Scheduled time trades
 - g. Wildland assignments
 - h. FEMA assignments
 - i. In the event that an activity does not fit into any of the above categories, the Fire-EMS Chief, or the Fire-EMS Chief's designee, will make the final determination if the activity is department sponsored.

No employee shall be called for less than two (2) hours and shall be allowed one hour to report for duty after being contacted by pager, telephone or other direct means. Forwarding of employees assigned pagers will be allowed. Overtime pay shall be at one and one-half (1.5) times for each call back hour so worked. Employees held over for reasons of manpower other than emergencies shall receive overtime pay at one and one-half (1.5) times the employee's base rate for each hour so worked. Except in the case of emergencies and/or special operations, overtime pay on a holiday shall be at triple time.

B. Emergency Call Back and Special Operations.

Call back in the case of any emergency or special operations, including those occasions on holidays, shall be paid at one and one-half (1.5) times the employee's straight time hourly rate of pay and the employee shall be compensated for a minimum of four (4) hours, regardless of the duration of the emergency call back. If the emergency call back exceeds four (4) hours of work, the employee shall be compensated for the entire duration of said emergency call back.

C. Platoon Personnel

Platoon employees shall be paid at the rate of one and one-half (1.5) times the employee's hourly rate of pay for all hours worked in excess of ninety-one (91) hours in a 12-day work period, except as provided in Paragraph "A" above.

D. Day Personnel.

Other employees of the Department not exempt under the terms of the Fair Labor Standards Act will be paid at the rate of one and one-half (1.5) times their basic hourly rate for all hours worked in excess of forty (40) hours in a seven (7) day work period.

E. Compensatory Time.

Compensatory time, at the rate of 1.5 times straight time, may be awarded in lieu of cash overtime for department-related work or education when that work or education must be completed outside the regularly scheduled work period.

Management reserves the right to cash-out compensatory time balances. Compensatory time can be used when the absence does not necessitate a call-back at the time it is scheduled. Compensatory time must be scheduled at a minimum of two (2) hours per use. Compensatory time may be scheduled with the on-duty Battalion Chief and/or Acting Battalion Chief starting at 0800 on the shift that it is to be used on a first come first serve basis. Management will make reasonable effort to permit the use of compensatory time as requested by the employee. Compensatory time may incur roving charges to the Fire-EMS Department at no penalty to the employee. The maximum accrual for compensatory time will be forty-eight (48) hours for shift personnel and forty (40) hours for day personnel.

Section 5 - Clothing Allowance.

The employee shall be responsible for reasonable care of his equipment and willful neglect shall be cause for disciplinary action. The clothing shall be worn during duty hours only, to and from work, community relations work, and Fire-EMS Department functions, and any deviation will be considered misuse of City property and may be subject to disciplinary action. The City shall provide for the normal care and maintenance of said equipment to ensure that it be kept in good and safe condition.

All entry-level shift personnel shall be granted a uniform credit equal to the actual cost of three (3) work uniforms (3 shirts and 3 pair of trousers); one (1) pair of safety boots or safety shoes; and, two (2) tee-shirts, and any other item required.* Uniforms are the property of the City of Casper and upon termination or resignation from the Fire-EMS Department, prior to completion of the probationary period, all clothing issued or paid for by the City of Casper shall be returned to the Department.

Upon permanent assignment, a dress uniform will be furnished consisting of the following:

- a. 1 dress cap;
- b. 1 dress coat;
- c. 1 pair dress trousers;

- d. rank and classification badges and insignia as required; and,
- e. dress shoes.

All shift personnel below the rank of Deputy Chief shall be granted annual uniform replacement credit equal to the actual cost of one (1) work uniform (one shirt and one pair of trousers); one (1) pair of safety boots or safety shoes; and, two (2) tee-shirts, and any other item required.* The credit can be used for the purchase or replacement of any item required to be worn by the uniform policy which is issued by the City. It can also be used for any approved optional item of clothing. The City shall provide for normal repair or replacement of the current allotment of clothing, except as provided in the first sentence of Article IV, Section 5. Repair and replacement of clothing purchased in prior Agreement years shall be the exclusive responsibility of the employee.

The uniform order will be provided to all employees no later than June 15. The employee order form will be completed and submitted by July 15 and the uniform items will be ordered no later than August 1.

All day personnel shall be allotted the amount of the annual uniform allowance and can either order from the uniform list or purchase civilian clothes and be reimbursed up to the same dollar amount allotted to each employee. The Union and Management may mutually agree on instances where exceptions are necessary.

All employees shall be provided a uniform jacket as needed.

* The above items, where appropriate, shall be Nomex or NFPA approved.

Section 6 - Hours of Work.

Platoon Personnel. It is agreed that the declared work period for such employees is twelve (12) days, and that they shall work in twenty-four (24) hour shifts, on a three (3) platoon basis as described in the 48/96 schedule listed below. The declaration is made pursuant to 29 USC Section 207(K) and 29 CFR Part 553.

1. The 48/96 shift schedule is a three-platoon system in which employees work two consecutive twenty-four hour shifts for a total of forty-eight (48) hours, and have ninety-six consecutive hours off. A typical work period is as follows:
X= work day, and O=day off: XX0000XX0000XX0000 and so on.
2. A shift is defined as twenty-four (24) hours.
3. The maximum consecutive hours an employee can work will be ninety-six (96). If an employee has reached his maximum hours worked they will not be removed from a callback list.
4. In the event a shift is scheduled to work both December 24th and December 25th of the same year, the shift assigned to work December 23rd will be reassigned to work on

December 24th. The shift originally scheduled to work December 24th will be reassigned to work December 23rd.

- a. In the event that this effects the hours of work in a work period, other reassignments shall be agreed upon by labor and management.

5. It is agreed that the declared work period for platoon employees is twelve (12) days.

Employees required to travel from one work duty station to another and are notified before 08:00 shift exchange shall be paid fifteen in (15) minute increments to gather firefighting equipment and travel to new station. Time shall be requested via an electronic timekeeping system for supervisor approval. No travel time will be paid for travel required for employee shift exchange as in Section 19 – Shift Exchange.

Day Personnel. The normal work period shall consist of eight (8) hours per day, with five (5) days of work scheduled during a seven (7) day work period. Normally, the work days would be Monday through Friday. Work schedules shall be at the discretion of the Fire-EMS Chief.

Section 7 - Pension Payroll.

The City and the employees shall pay their proportionate share into the Firemen's Pension Fund, as required by the State Treasurer in accordance with State Law. The proportionate shares shall be calculated on the gross pay with each payroll processed.

Effective July 1, 2020, the City will contribute 14% of employee's compensation towards the Plan "B" retirement. Per the Wyoming Retirement System's Pension Contribution Rates, the City's contribution rate will increase to 15% on July 1, 2021 and again on July 1, 2022 to 16%.

If the state determines that the "B" pension has reached a level where it is no longer necessary to fund the plan at the 12% level, the City will make available to the individual employee the option of contributing the difference between the required State contribution and 12% to the State of Wyoming's Deferred Compensation plan. However, each employee must match the City's contribution to the State of Wyoming's Deferred Compensation plan dollar for dollar. (An example would be, if the State dropped the required City contribution from 12% to 10%, the City would contribute up to 2% to the State of Wyoming's Deferred Compensation plan contingent upon the individual employee contributing the same amount as the City, i.e. up to 2%). The City has no further obligation if the employee does not participate by matching the dollar amount.

The State of Wyoming's Deferred Compensation plan (457) is designated for all employees covered by this Collective Bargaining Agreement who opt to participate in the City sponsored Deferred Compensation plan.

Section 8 - Health, Dental and Life Insurance.

Health insurance costs, which include major medical and dental coverage, are to be shared by the employee and the City. Employees will enjoy the same health insurance benefits and pay the same

premiums as all other regular full-time City employees. Premiums may be adjusted from time to time.

Life insurance benefit shall be provided through the State of Wyoming benefits at a level equivalent to the employee's annual salary to a maximum of \$50,000. This coverage will be provided at no cost to the employee up to the age of 60. During the transition between life insurance policies the City agrees to ensure no lapse in life insurance coverage.

Employees retiring after the effective date of the 1997-98 Collective Bargaining Agreement, and their dependents, shall enjoy the same health insurance benefits and pay the same premiums as all other City retirees. "Retirement" shall mean separation from the City as an Employee upon terms that entitle the employee to receive a service or disability pension under Article 2 or 4, Chapter 5, Title 15, of the Wyoming State Statutes, as amended.

A Retirement Health Savings (RHS) Plan with the International City Management Association Retirement Corporation (ICMA-RC) shall be provided to all employees covered by this Collective Bargaining agreement. Such Plan shall have a direct mandatory Employer contribution of \$500 each plan year per employee, and a direct mandatory contribution of \$500 per Employee covered by this Collective Bargaining Agreement each Plan year. This benefit is mandatory and requires enrollment of all employees covered by this Collective Bargaining agreement. A participant who separates from the service of the Employer prior to retirement will be eligible to receive benefits immediately upon separation from service.

Nothing herein shall be construed to limit any rights of the parties under law to negotiate an alternative health and dental insurance plan.

Section 9 - Vacation.

Platoon Personnel:

Definitions:

Shift: A "shift" equals twenty-four (24) hours.

Partial Vacation Shift: Partial vacation shifts are only available in 12-hour increments limited to blocks beginning at 0800 and 2000.

Anniversary Date: In reference to the vacation selection process, an employee's anniversary date shall be the date of hiring.

Pick: A "pick" is defined as consecutive duty cycle(s) (tours), or a partial or a single shift.

Full Duty Cycle or tour: A "full duty cycle or tour" is defined as 2 consecutive regularly scheduled 24 hour shifts.

"Platoon" and "Shift" are used interchangeably in this agreement.

Accrual and Balances:

Platoon Personnel:

Effective July 1, 2012, the vacation accrual shall be as follows:

- A. Service of less than 5 years – 8 shifts (6.31 hours / 12-day pay period)
- B. Service of 5 or more, but less than 10 years – 9 shifts (7.10 hours / 12-day pay period)
- C. Service of 10 or more, but less than 15 years – 12 shifts (9.47 hours / 12-day pay period)
- D. Service of 15 or more, but less than 20 years – 13 shifts (10.26 hours / 12-day pay period)
- E. Service of 20 or more – 14 shifts (11.05 hours / 12-day pay period)

All platoon personnel may have, up to, a maximum of three hundred sixty-nine (369) vacation hours in their vacation bank.

Vacation Selection Process:

The vacation selection process shall begin no later than November 1 of each year. Vacations shall be selected by December 31 of each year for the following year. Vacation shall be selected on a rotating seniority basis on each platoon. Vacation picks can be chosen or floated during rotating seniority picks. Vacation leave shall be maintained with a positive balance after December 31, 2014, unless written approval is granted by the Fire-EMS Chief.

Prior to January 1st, no more than three (3) persons can be scheduled on vacation on any given shift. Two of the three vacation slots are reserved for full duty cycle (tour) vacations until January 1. A third vacation slot is available for full tour, single, or partial shifts. A single vacation period may not exceed a consecutive twelve (12)-shift period.

Examples:

Correct selections prior to January 1st:

July 3-4	Jones, White, Johnson (4)
July 3-4	Jones, White, Johnson

Incorrect selections prior to January 1st:

July 3-4	Jones, White (4), Johnson (4)
July 3-4	Jones, White (3), Johnson (4)

Two of the three vacation slots are reserved for full duty cycle (tour) vacations until January 1. Therefore, in this example Johnson could not schedule a single or partial shift during the selection process as White had already selected a single shift during the tour.

Floating Shifts:

Floating shifts may be chosen first come first serve after January 1st and may be used in any open vacation slot. Floating shifts may be taken as full shifts, or as partial (12-hour) shifts. Vacation slots must be picked by 7:00 a.m. of the day chosen.

A fourth floating vacation slot is available after January 1st only when scheduled staffing is such that a fourth vacation slot will not cause a drop below minimum staffing levels. An employee using a fourth vacation slot must provide a standby to cover the vacation shift in the event said vacation shift would cause a call back. The standby must be available until 0700 of the shift taken.

Floating shifts used for the purpose of time trades will not result in any additional expense to the City (i.e., you must have a standby in the event the shift is in a call back situation).

The Fire-EMS Chief may allow re-selection in the event vacation slots become available after December 31. Vacation hours may be used in the event of an emergency with the approval of the on-duty Battalion Chief. Only in this use can vacation be taken in increments other than 12 or 24 hours.

Holidays:

If a shift employee is on vacation, and his/her assigned platoon works a holiday, he/she shall be granted another shift of vacation (i.e. a "replacement" holiday shift), but said employee shall not be eligible to receive compensation for such holiday at double time. If an employee chooses to take a replacement holiday shift on a holiday, no extra time shall be granted, nor shall the employee be paid double time for such a day of vacation.

Day Personnel:

Effective July 1, 2010, the vacation shall be as follows:

- A. Service less than nine years – 14 business days (4.31 hours per bi-weekly pay period);
- B. Nine years, but less than fifteen – 20 business days (6.15 hours per bi-weekly pay period);
and,
- C. Fifteen years, but less than twenty – 24 business days (7.38 hours per bi-weekly pay period).
- D. Twenty years or more – 25 business days (7.69 hours per bi-weekly pay period).

A business "day" equals eight (8) hours.

In reference to the vacation selection process, an employee's anniversary date shall be the date of hiring. Vacation time shall be taken when such time does not impair the operational needs of the Fire-EMS Department and notice shall be given to the employee's supervisor prior to the requested vacation time.

Day personnel will have a maximum accrual limit of two hundred twenty (220) hours. Vacation balances shall not be negative.

Upon separation of employment with the City of Casper, up to a maximum of three hundred sixty-nine (369) hours of the employee's accrued vacation time shall be paid to him/her in accordance with the hourly rate the employee was receiving at the time of separation from service. Any vacation balance in excess of three hundred sixty-nine (369) hours shall not be compensated to the employee by the City of Casper. In the event of death of an employee all of the employee's accrued vacation time, at the time of death, shall be paid to his/her estate in accordance with the hourly rate the employee was receiving at the time of his/her death.

Section 10 - Holidays.

All shift personnel whose duty cycle begins at 8:00 a.m. on any of the following listed dates shall be compensated for such work at two (2) times their base pay, provided, however, they actually work such duty cycle on the actual day of the holiday.

Shifts of sick leave shall be granted with the approval of the Fire-EMS Chief in extenuating circumstances. Immediate family shall be defined as parent, grandparent, brother, sister, child, grandchild, or spouse and equivalent relations by marriage. Up to 48-hours of sick leave can be used in the case of death of the employee's and by marriage equivalent: aunt, uncle, niece, or nephew. Additional shifts of sick leave shall be granted with the approval of the Fire-EMS Chief.
- G. Sick leave shall be accrued by employees without limit.

The City will provide a payout in July 2020, for all Union members that had an individual disability leave balance as of July 11, 2018. The payout will be either based upon the employee's disability leave balance as of June 11, 2020, or frozen balance as of July 11, 2018, whichever is lower. The payout will be calculated by determining one-half (1/2) of the qualified employee's disability leave balance, not to exceed one-fourth (1/4) of the employee's annual scheduled hours of work. The qualified employees will be allowed to keep the disability leave hours in their disability bank, even after the payout occurs. With this payout, there is to be no expectation for any future disability leave payouts.
- H. Sick leave will be available to employees who trade time, upon the approval of the Battalion Chief or Station Captain. Refer to Section 19 on shift exchange.

- I. Any false representation, when substantiated by a medical doctor, chosen and paid by the City, made by an employee in connection with a claim for sick leave benefits shall be deemed just cause for discipline.
- J. For shift personnel, sick leave will not be used for non-departmental scheduled medical appointments without prior approval of a supervisor.

Section 12 - Injury Leave.

- A. Whenever a classified employee of the Fire-EMS Department is injured while within the scope of his job responsibilities, he/she shall apply for benefits as provided by the Wyoming Worker's Compensation Act. The employee also shall have the option of using sick leave and, when sick leave is exhausted, vacation, to bridge and/or supplement worker's compensation benefits.

In the event of a duty-connected injury which necessitates an absence from duty for less than 72 consecutive hours, the employee shall have the option of using up to 48-hours of sick leave for said injury. In the event of a duty-connected injury which necessitates an absence of 72 consecutive hours or more, the employee shall have the option of using sick leave and, when sick leave is exhausted, vacation at the rate of 8 hours for each 24- hour absence from duty due to compensable injury. The option to use sick leave or vacation to supplement worker's compensation payments shall cease as of the earliest date that the employee is eligible for retirement or disability pension in accordance with the provisions of the Firemen Pensions and Death Benefits Act.

- B. In the event that a Worker's Compensation Claim is approved and subsequently it is found that just cause exists to contest said claim, Management may file a grievance, as provided for herein, prior to taking any other remedial action.
- C. Any false representation made by an employee in connection with a claim for State Compensation benefits shall be deemed just cause for discipline.
- D. Employees returning from injury leave refer to the physical fitness section of the Fire-EMS Department Policy Manual for return to full duty requirements.

Temporary light duty work assignments will not start without a note listing specific restrictions from the medical care provider that the employee is being treated by. The note of restrictions shall be provided to Risk Management who is responsible for creating and maintaining all temporary light duty work agreements. Temporary light duty work assignments shall begin at the beginning of the next closest pay period being able to return to work in a light duty capacity.

During the time employees are in a temporary light duty capacity, vacation and sick leave accruals will remain at the Platoon accrual rate.

Section 13 - Family and Medical Leave Policy.

The City will abide by the provisions of the Family and Medical Leave Act of 1993, and employees will be covered by the City-wide policies related thereto, as they are amended from time to time. The Fire-EMS Chief reserves the right to request fitness for duty, functional capacity, or other medical or physical examinations during any disability leave period.

Section 14 - Career Development.

Said approval shall be granted by the Fire-EMS Chief when said leave would not disrupt or interfere with the service of the Department. In determining whether or not to grant such leave, the relative interests of the parties and the circumstances of the parties at the time such leave is requested shall be considered, as well as the purposes for the leave. Said approval shall be granted by the Fire-EMS Chief when said leave would not disrupt or interfere with the service of the Department. In addition, whenever the above representatives are working on legislative problems of mutual interest to the City and the Union, as agreed upon by the Union President and the City Manager such as revenue legislation, pension meetings with the Wyoming Association of Municipalities, or with a State legislative committee, they shall be allowed time off with pay to attend these meetings.

For purposes of the provisions of Article IV, Section 17(f), employees may, by agreement between themselves, exchange shifts so long as: (1) a suitable replacement is provided by the employee attending the Legislative session; (2) attendance by the employee at the Legislative session results in no added cost to the City; Shift exchanges under this Section may be canceled by the Fire-EMS Chief, or his/her designee, if such cancellation is necessary to insure full shift strength, or in the event of an emergency.

SHIFT EXCHANGE FOR GENERAL PURPOSES:

Sick leave will be available to employees who trade time, upon the approval of the Battalion Chief or Station Captain. The Battalion Chief may ask the employee to report to the station to verify the

The Union holds the City harmless from any action or inaction due to exchanged shifts. In the event an employee terminates employment, all shift exchange obligations are the responsibility of all individuals involved. Employees may not project termination dates, (except in some retirement situations to meet service requirements) to include any form of paid time off.

Section 20 - Off-Duty Work.

Section 21 - Union Representation

Employees have the right to Union representation at a disciplinary meeting. It is the employee's responsibility to request Union representation. Union representation is defined as a Local 904 member that is a current Executive Board Member. Management is defined as the Fire-EMS Chief or his or her designee.

- Management may not select the Union representative for the employee.
- Management should allow time for the employee to consult with a Union representative before the meeting. Work time must be granted if the expediency of the meeting does not allow for the use of personal time for this consultation.
- Management cannot require the Union representative to remain silent throughout the meeting.
- Employees cannot unreasonably delay the disciplinary meeting by insisting on a Union representative who is absent from the work site when there is another representative available.
- The Union representative shall not transform the meeting into an adversarial confrontation between the Union and the employer.
- If Union representation is requested, then both management and Union representation shall keep official minutes of the disciplinary sessions. Both parties shall exchange copies of the minutes at the end of the meeting for edit and approval. The parties shall jointly initial minutes mutually approved. The format of the minutes will be a brief summary rather than a verbatim record.

Section 22 - On-Call Time

Fire-EMS Members that are assigned to the Community Risk Reduction (CRR) Division as a CRR Officer I or II, may be required to be placed on a rotating On-Call schedule. This schedule will be

seven (7) days in length. While On-Call, the employee may be required to report to work to perform work related duties.

The designated employee shall receive acting pay for the duration of their assignment.

ARTICLE V

MISCELLANEOUS

Section 1 - Seniority and Promotions.

The Fire-EMS Chief will establish a department seniority list, and it will be brought up to date on or before November 1st each year. The seniority list shall be immediately posted in an accessible location to all employees. Any objections to the seniority list as posted will be reported to the Fire-EMS Chief within ten (10) days, or it will stand approved. Management reserves the right to move employees among platoons as needed to accommodate promotions, specialties, shortages, etc. at any time in the sole discretion of management.

Station assignments may be changed annually, or as determined necessary by management.

Any employee, after holding a position or rank, will not be subject to re-examination for the same position when such transfer is requested by Management. In order to facilitate a return to a previously held position, the most junior person in that class will be returned to the rank previously held. Any classified employee reassigned to a lower position or class due to a decision by Management other than for failure of probation will, for a period of three (3) years following said reassignment, be certified as "number one" on any existing or subsequent promotional lists for the permanent position from which employee was reassigned. All non-management promotions will be announced within fourteen (14) days from the time of such vacancy, and must come from the active promotions list at the time of the vacancy. Said promotion shall be effective at the beginning of the next full pay period. The City shall attempt promotions to management positions within sixty (60) days for Deputy Chiefs and ninety (90) days for Fire-EMS Chief of such vacancy, except in the case of a reduction in force, or where appropriate, the City Manager may have a reasonable extension of time, if a certified promotional list exists. The City will hold examinations as often

as needed to insure the current status of eligibility lists for non-management positions. All promotions will be subject to a twelve (12) month probation period. All eligibility lists will remain in effect for a period of two (2) years following the date of certification by the Civil Service Commission.

All pay changes, including promotions, that occur any time within a 12-day work period are effective the first day of the period.

Fire employees who elect, either through promotion or transfer, to move from shift work to days or vice versa will be subject to benefit conversion. The benefit conversion will be calculated under the appropriate following formula:

Shift to days:

$$\frac{2080 \text{ (annual days hours)}}{2920 \text{ (annual shift hours)}} = (0.7)$$

shift disability leave hours balance x 0.7 = day balance conversion

shift vacation leave hours balance x 0.7 = day balance conversion

Days to shift:

$$\frac{2920 \text{ (annual shift hours)}}{2080 \text{ (annual days hours)}} = (1.4)$$

day disability leave hours balance x 1.4 = shift balance conversion

day vacation leave hours balance x 1.4 = shift balance conversion

Section 2 - Training, Physical Conditioning and Health Evaluation.

The City and the Union agree that physical fitness of all employees is desirable for prevention and mitigation of injury, as well as providing fit employees capable of meeting the demands required of them. As such, management shall implement a plan of physical fitness to include:

- A. Participation in a regularly scheduled physical fitness program for all departmental employees, each shift or day, to be noted on the performance evaluation.
- B. An annual test, agreed upon by management and the Union, to measure the physical ability of each individual in accordance with performance standards established by management and based upon job related standards. Results of individual and overall performance standards shall be made available to the Fire-EMS Chief within ten (10) working days of testing.
- C. Annual physical assessments will be performed by all employees covered by this collective bargaining agreement. Assessments and results will be strictly confidential. Assessments will be conducted six months opposite the scheduling of the annual physical fitness test. The results will not be used in any disciplinary actions against the employee. Only the

training division will store the test results. The results are only to be seen by the employee and fitness coordinator. This material will have no effect on performance evaluations or consideration for promotion. Test results will serve to assist the employee to gauge personal performance to ensure readiness for the annual physical fitness test. Fire administration will be responsible for having a minimum of three fitness coordinators; Coordinators will be educated in fitness and certified by management.

- D. The City shall provide a medical examination/physical by a medical care provider that is mutually acceptable between the City and the Union. The medical examination/physical will be scheduled per the following criteria and shall include inoculations and testing in compliance with OSHA mandates and Fire-EMS Department management recommendations using the Firefighter Physical protocol as guidelines:

Under the age of forty (40) – Bi-annual
Over the age of forty (40) – Annual
Haz-Mat Technician – Annual

A stress EKG will be part of the physical examination. The frequency of the stress EKG will be as directed by a Medical Professional/Examiner based on risk factor and age recommendations.

Section 3 - Indemnification.

The City shall, upon review of the particular circumstances, save harmless and indemnify employees against any tort claim or judgment arising out of an act or omission occurring within the scope of their duties as employees, as provided by Wyoming Governmental Claims Act. The City recognizes and will abide by its obligation to the employees expressed in the Wyoming Governmental Claims Act. It's not the intention of either party that the City or the employees waive any immunity or limitation of liability.

Section 4 - Labor/Management Meetings.

The Union and the City shall establish mutually acceptable times, at least quarterly, to meet for discussion on general City policies relating to Union-Management cooperation, a review of major City programs as they relate to the firefighting function, and suitable items of general interest to the employees of the Department. These meetings shall be to encourage continued open communication between both parties and not be used to discuss alleged grievances either by the Union or by the City. The Union and the City shall meet for breakfast, or lunch, one month prior to formal negotiations to discuss matters that need to be addressed.

The Union and Department administration will establish mutually acceptable times, at least monthly, to meet for discussion on general activities and policies relating to the operations of Casper Fire-EMS. The Union and Department administration will openly communicate and work on issues in good faith with each other on department issues.

Section 5 - Committee Representation.

The Union shall have a minimum of one (1) designated person on any active City health and/or safety Committees to represent the Union and provide input.

Section 6 - Effective Date and Duration.

This Agreement shall become effective the 1st day of July 2020 and shall remain in force until a new agreement is reached between the Union and the City. This Agreement is anticipated to remain in effect until June 30, 2022.

This Agreement can only be amended by a written document signed by both parties hereto. Any request for collective bargaining concerning an agreement following the expiration of this Agreement shall be presented in writing to the other party not more than one hundred thirty (130) days, or less than one hundred twenty (120) days before the last day on which money can be appropriated by the City in the year this Agreement expires as provided by W.S. 16-4-111.

If any portion of this Agreement is determined to be illegal, unenforceable, or null and void by any tribunal of competent jurisdiction, such determination shall not affect any other clause or provision hereof. Also, this shall not give any right to either party to negotiate or renegotiate any part or all of this Agreement unless mutually agreed to in writing.

Section 7 - Custom and Usage.

Existing working conditions not specifically mentioned herein, and established prior to July 1, 1978, by custom and usage, shall not be altered during the life of the Agreement, except by mutual consent. Future working conditions can be unilaterally altered or withdrawn by Management, except in cases where said working conditions have been mutually negotiated as a part of a collective bargaining agreement, or mutually consented to as reflected in a Memorandum of Understanding. Management reserves the right to make administrative changes in operation consistent with efficiency and modern fire fighting techniques.

Section 8 - Embodiment of Agreement.

This Agreement constitutes the complete and entire agreement between the parties, and concludes collective bargaining between the parties for its term. This Agreement supersedes and cancels all prior written agreements, unless expressly stated in this Agreement or Memorandum of Understanding.

The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not prevented by law or ordinance from the area of collective bargaining, and that the understandings and agreements arrived at by the parties, after the exercise of that right and opportunity, are set forth in this Agreement. Therefore, the City and the Union, for the duration of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to, or covered in this Agreement, or with respect to any subject or matter not specifically referred to or

covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

SECTION I: PURPOSE

In compliance with the Drug-free Workplace Act of 1988 and in recognition of the Fire-EMS Department's (the "Department") compelling interest in providing a work environment that is safe, healthy, and productive for employees and the public, the following policy has been accepted:

- A. Employees are advised that manufacturing, distributing, dispensing, possessing, or using illegal controlled substances, including alcohol, on the job is prohibited; and there are job related penalties for violations.
- B. The Department follows the City's Drug Free Workplace Policy and shall abide by its terms and conditions as part of this specific policy.
- C. An employee, after being arrested for a violation of a criminal drug or alcohol law or ordinance, shall notify the Fire Chief, or his/her designee, of such arrest no later than five (5) calendar days after such arrest. Any such employee shall further notify the Fire Chief, or his/her designee, of any conviction, acquittal, deferral or other disposition of any such criminal charge or charges no later than five (5) calendar days after any such conviction, acquittal, deferral, or other disposition thereof.

SECTION II: CONSEQUENCE OF VIOLATION

Termination of employment will be recommended for any employee who tests positive for alcohol or a controlled substance pursuant to this policy. Any supervisor, who violates responsibilities identified in this policy, shall be subject to disciplinary action in accordance with the City of Casper Personnel Rules and Regulations Manual.

SECTION II: SELF DISCLOSURE

If an employee self-discloses a drug or alcohol problem to the Fire Chief and/or the Human Resources Director before being suspected of being under the influence of drugs or alcohol, or before being selected for a random test for drugs/alcohol pursuant to this policy, no disciplinary action will be taken against the employee for the act of self-disclosure. Such an employee will be advised that he or she may use accrued benefits according to the City FMLA leave policy to seek help from a Substance Abuse Professional.

SECTION III: APPLICABILITY

This policy applies to all employees covered under this collective bargaining agreement assigned to the Department.

SECTION IV: DEFINITIONS

CONTROLLED SUBSTANCE – means a controlled substance in Schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. § 812) and as further defined in Regulation 21 CFR 1308.11—1308.15.

ILLEGAL DRUGS – means any drug or controlled substance, the possession or use of which is unlawful, pursuant to any federal, state, or local laws or regulations.

UNDER THE INFLUENCE – The use or misuse of any drug or controlled substance, or alcohol that results in a positive drug/alcohol test as defined in the Section V.(C.) below.

SECTION V: PROCEDURES

The following procedures apply to all employees while on duty.

A. Prohibited Activity – Drugs

1. No employee shall illegally possess any controlled substance.
2. No employee shall ingest or inhale any illegal, controlled, or dangerous substance, unless as prescribed by a licensed medical practitioner.
 - a. Employees shall notify their immediate supervisor of the employee's use of prescription medicine that may impair job performance. It is the employee's responsibility to consult with his or her doctor regarding the nature of his or her duties and the interaction with the prescribed drug. The employee shall advise the supervisor of the known side effects of the medication and the prescribed period of use. The prescribed medicine shall be taken according to the physician's instructions. The employee is not required to disclose either the condition that the medication is prescribed for or the name of the medication.
 - b. Employees shall notify their supervisor immediately if they unintentionally, while on duty, ingest, inhale, etc. a controlled substance.
 - c. Supervisors shall document this information through the use of an internal memorandum and maintain this memorandum in a secure location as described in Section VIII of this policy, and not in the employee's personnel file.
3. No employee shall ingest or inhale any prescribed medication in amounts beyond the recommended dosage, unless authorized by the physician.

B. Prohibited Activity – Alcohol

1. All employees are prohibited from possessing alcohol while on duty with the exception of medications containing alcohol. This section does not apply to employees handling alcohol-containing products in the performance of their duties.
2. No employee shall report for duty or remain on duty while having greater than 0.02% blood-alcohol concentration.

C. Positive Tests

1. A positive alcohol test is a test where the result is above 0.02% blood alcohol content.
2. Concentrations of an illegal drug at or above the standards set forth in 49 CFR Part 40 in the field of illegal drug testing shall be considered as a positive test, both for initial screening and confirmation. Confirmation shall be by test on a urine specimen that tested positive, on the initial screen, using a technologically different method from the initial screening method, such as gas chromatography/mass spectrometry. "Generally accepted standards" means the standards set forth in 49 CFR Part 40 and used by a certified testing laboratory used for any drug/alcohol test described in this policy.

The employee's supervisor will request an Instant Test to be performed by Urgent Care of Casper, or if unavailable, another testing facility in the discretion of supervisor, when he/she believes there are specific, articulable, and objective facts from which it is reasonable to infer that further investigation of an employee's behavior is warranted. The employee's supervisor will refer to Section IV, Testing, Subsection B. Reasonable Suspicion Testing of the Fire-EMS Department's drug and alcohol policy."

Supervisors shall reasonably detail, in writing, the specific facts, symptoms, and/or observations, as well as any corroboration, which formed the basis for their determination for requesting an Instant Test to be performed. All written reports shall be forwarded to Human Resources.

SECTION VI: TESTING

A breath, and/or a urinalysis, or saliva, test under this policy shall be used in any of the following situations:

- Pre-employment testing
- Reasonable suspicion and Post Accident testing
- Random testing

A. Pre-employment Testing

After a conditional offer of employment and before an employee is hired, each candidate shall be tested for alcohol and controlled substances. The conditional offer shall be withdrawn if either test indicates a positive result.

B. Reasonable Suspicion and Post Accident Testing:

1. Matters and circumstances that may be considered in determining reasonable suspicion include:
 - a. Information concerning a prohibited activity;
 - b. The reliability of the information;
 - c. The degree of corroboration;
 - d. Other contributing factors;
 - e. Abnormal or erratic behavior by the employee;
 - f. Information concerning recent drug or alcohol use by the employee, provided by reliable and credible sources;
 - g. Direct observation of drug or alcohol use prior to the time of an accident/incident and/or situation;
 - h. Presence of observable symptoms consistent with drug and alcohol use; including but not limited to, glassy or bloodshot eyes, alcohol odor, slurred speech, poor coordination and/or poor reflexes;
 - i. Involvement in an on-duty accident or incident. Employees who are involved in an on-duty accident or incident shall be subjected to drug and alcohol testing performed by Urgent Care of Casper, or if unavailable, another testing facility in the discretion of the Risk Manager. Post accident testing provides for a safety discount on the Workers' Compensation premium;
 - j. A positive test result falls under the Drug and Alcohol Policy for City employees who are required to have a CDL.
2. Supervisors shall reasonably detail, in writing, the specific facts, symptoms, and/or observations, as well as any corroboration, which formed the basis for their determination that reasonable suspicion existed. This documentation is to be forwarded to the Fire Chief or his/her designee, and to Human Resources.

3. The facts and documentation underlying the determination of reasonable suspicion shall be disclosed to the employee at the time the demand for testing is made.
4. An employee, pending a drug/alcohol test, shall be temporarily removed from his or her job duties pending an investigation, and shall be placed on administrative leave with pay until the results of the drug/alcohol tests are received. The employee shall not be allowed to drive to or from the testing site, and the employee will be escorted to the testing facility and home by the supervisor, Fire Chief, and/or a Human Resources employee. If the employee tests positive for alcohol or drugs, the employee will continue on administrative leave, and a recommendation for termination of employment shall be made.
5. If an alcohol test is not administered within eight (8) hours or if a required controlled substance test is not administered within thirty-two (32) hours of the determination of its necessity, attempts to administer such test shall be abandoned and the reasons why the test was not administered shall be documented. Copies of this documentation shall be supplied to the Human Resources Department.

C. Random Testing

Random drug and alcohol testing shall be conducted for the Fire-EMS as follows:

1. At a minimum, employees, excluding management and secretarial staff, equal in number to ten percent (10%) of the average number of Fire-EMS positions, will be selected at random for alcohol testing each year.
2. At a minimum, employees, excluding management and secretarial staff, equal in number to twenty five percent (25%) of the average number of Fire-EMS positions, will be selected at random for controlled substance testing each year.
3. If, after any year of testing, the City Manager determines that the annual positive test rate so warrants, the percentage of random testing may be decreased or increased.
4. The method for selecting employees for testing shall be determined by the City but the method shall be scientifically valid and shall result in each Fire-EMS employee having an equal chance of being tested each time a selection is made.
5. Tests shall be unannounced and spread throughout the calendar year.
6. The Human Resources Director or his/her designee shall notify the supervisor that an employee is to be tested. The supervisor will notify the employee in person as soon as the employee arrives for work or is available during a work shift.

7. Upon notification of selection, Fire-EMS employees are to proceed immediately to the test site. Fire-EMS employees shall be accompanied to the test site by a supervisor.

SECTION VII: TESTING METHODOLOGY

- A. Employees shall sign a consent form at testing facility allowing the breath, and/or urine, or saliva test to take place and permitting release of test results to the City, and for the City's use in any and all employment disciplinary or termination actions or proceedings. Employees, who refuse to sign the consent form, to be tested, or to otherwise cooperate in the testing process, shall be deemed to have tested positive and a recommendation for termination of employment shall be made.
- B. Testing for drugs and alcohol and test sample verification shall be performed by certified personnel selected by the City. The test specimen for alcohol shall consist of a breath sample. The test specimen for drugs shall be urine or saliva.
- C. Confirmation for a positive alcohol test shall be done by a second breath test. The employee may request, at their expense, a blood test as confirmation.
- D. Confirmation for a positive drug test shall be by testing the saliva or urine specimen that tested positive, on the initial screen, by using a technologically different method from the initial screening method, such as gas chromatography/mass spectrometry. All positive drug test results shall be reviewed and interpreted by a Medical Review Officer (MRO) before they are reported to the employer. "Medical Review Officer" means the individual responsible for receiving laboratory results, who is a licensed physician. If the testing laboratory reports a positive result to the MRO, the MRO shall contact the employee, in person or by telephone, and shall conduct an interview to determine if there is an alternative medical explanation for the drugs found in the employee's urine specimen. If the MRO determines that there is a legitimate medical use of the prohibited drug, the drug test result shall be reported as negative to the employer. The MRO is designated by the City's chosen provider.
- E. Each test specimen for drug testing shall be subdivided into two bottles labeled as a "primary" and a "split" specimen. Only the primary specimen is opened and used for the urinalysis. The split specimen bottle remains sealed and is stored at the laboratory. If the analysis of the primary specimen confirms the presence of a controlled substance, the employee, at her/his expense, has seventy-two (72) hours to request the split specimen be sent to another certified laboratory for analysis. The employee will be reimbursed if the confirmation shows a negative result. The MRO initiates this procedure.
- F. The City shall pay the cost of all tests, which it requires. If an employee is required to submit to an examination or test, or await test results, the employee shall be paid his or her normal rate of pay during the testing and waiting period.
- G. In the event that an employee to be tested for drugs appears unable to provide a urine specimen at the time of the test, he or she shall be permitted no more than three (3) hours to

give a specimen, during which time the individual shall remain in the testing area, under observation. The individual shall be given no more than forty (40) ounces of water to drink over the course of the three hours. Whenever there is a reason to believe that a specimen may have been altered or a substitution made, a second specimen shall be immediately provided by the employee. The testing facility will provide documentation to the Human Resources Director explaining the reasons for a second specimen. Failure to submit a specimen shall be considered a refusal to submit to a drug and/or alcohol test unless a physician provides a documented medical reason. A refusal to submit to the drug/alcohol test shall be deemed to be a positive test and a recommendation for termination shall be made.

- H. The Human Resources Director or his/her designee shall be advised of the results of the drug and/or alcohol test by the MRO.

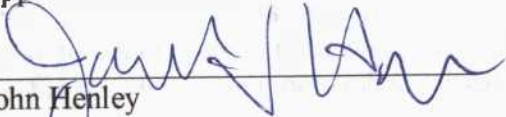

SECTION VIII: HANDLING TEST RESULTS, RECORD RETENTION, AND CONFIDENTIALITY

- A. The Human Resources Director or her/his designee shall maintain records of alcohol, controlled substance, and drug misuse in a secure location with access restricted to the employee, the City Manager, the Human Resources Director, Human Resources Supervisor, Risk Manager, the employee's supervisor, and City legal counsel.
- B. The following records shall be retained for five years:
1. Records of alcohol test results showing blood alcohol content.
 2. Records of verified positive controlled substance/drug test results.
 3. Documentation of refusals to take required alcohol or controlled substance/drug tests.
 4. Consent to Test and Release Information forms.
 5. Calibration testing records (kept at the testing/laboratory facility).
- C. An employee's test results shall be available for inspection by the employee.
- D. Records relating to an employee's drug/alcohol testing or misuse of drugs/alcohol may be used and disclosed in any and all termination or disciplinary actions or proceedings by the City. Such records shall not be released to other third parties without the employee's consent absent a court order, or unless otherwise contained in an order or discharge or reduction in rank issued by the Civil Service Commission of the City of Casper pursuant to Section 15-5-112 of the Wyoming Statutes.
- E. An employee's supervisor shall be informed of a confirmed positive test result by the Human Resources Director or his/her designee.
- F. The confidentiality of an employee's drug/alcohol testing and the records related thereto shall be waived for purposes of hearings and further proceedings if the employee appeals his/her termination, or brings or commences an action against the City in any court or administrative agency which is based on, or in any way related to the employee's drug/alcohol

test. The City shall have the right to disclose and use the employee's drug/alcohol records and documentation only in the defense of, and in the course of any such appeal, court, or administrative action.

IN WITNESS WHEREOF, the parties hereto, by their duly authorized representatives, have executed this agreement as of the 5th day of May, 2020.

APPENDIX A

TUITION REIMBURSEMENT POLICY

The City supports an employee's academic efforts, and believes in the value of education. The City will partially reimburse the employee for tuition and books for certain courses that it believes are job-related and enhances an employee's career or professional development at the City of Casper.

If an employee is a full-time employee and has worked for the City at least one (1) year, he or she may be eligible to participate in the City's tuition reimbursement program.

It should be understood that this policy covers reimbursement for college level courses. Since this type of education is voluntary on the part of the employee, the times at which the course meets are not considered hours worked (i. e., are on the employee's own time) and must not conflict with the employee's working hours unless pre-approved, in writing, by the employee's Department Head. Professional certification programs, seminars and workshops are not covered by this policy.

The amount an employee receives will depend on the City's approval, upon the grade received, and will not exceed a total annual reimbursement of \$3,000 per employee per fiscal year.

To receive tuition reimbursement, an employee must apply and be approved before the course begins. This is how the program works:

1. Complete a Tuition Reimbursement Request Form found on the Intranet under "Human Resources."
2. The employee's Supervisor and Department Head approves the form and returns the signed form to Human Resources.
3. The employee pays the initial tuition and book costs.
4. Within thirty (30) days of receiving their grades, the employee should attach the tuition bill, receipts for books and the final grades to a copy of the initial Tuition Reimbursement Request Form and send them to Human Resources. No tuition reimbursement will be paid, unless documents are received by Human Resources thirty (30) days from the date the employee receives their grades.
5. Within thirty (30) days of Human Resources receiving the required information, the employee will receive a reimbursement. Reimbursement of ninety percent (90%) is offered if the employee receives a grade of "A." Reimbursement of eighty percent (80%) is offered if the employee receives a grade of "B." Reimbursement of seventy percent (70%) is offered if the employee receives a grade of "C" or "Pass." No reimbursement is provided for a grade "D", "F" or "Fail."

If an employee resigns or is terminated before receiving a grade, the employee will not be reimbursed for tuition or book expenses. If an employee resigns or is terminated within a year of receiving a reimbursement, the employee shall repay the City the full amount reimbursed. Any monies owed may be withheld from the employee's final paycheck.

To The Honorable Mayor and Casper City Council,

Please accept this letter of interest to fill the position of Member at Large on the City of Casper Contractors Board of Licensing and Appeals.

I began my employment with Casper Winnelson CO., a local plumbing wholesaler in 2006. In 2019 I had the opportunity to take on the role of President of the company. I also benefit from the hands-on experience gained from a year working for a local plumber in 2008.

I believe the work of this board maintaining quality contractors and safety for property owners, workers and the public is essential to Casper. I would enjoy being a part of this work by serving on the board.

Thank You Kindly,

January 20, 2022

To The Honorable Mayor and Casper City Council,

Please accept this letter as my letter of interest to fill the vacancy for the Excavation Contractor on the Contractors Licensing Board.

I have been in the excavation industry with 71 Construction since 2015 and have worked in multiple trades in the construction industry since 1997. I currently serve on the Apprenticeship, Environmental and Legislative Boards for the AGC of Wyoming, Advisory Board for construction curriculum at PIC and the Advisory Council for the Wyoming Association for Career and Technical Education.

As Casper's construction industry grows to meet the demands of our growing city, it is important to ensure the quality of construction meets the standard set forth by the city while fostering the opportunity for contractors to develop and grow. Additionally, it is important for our community to feel that the processes in place are in their best interest to ensure the quality and safety our local contractors provide.

The licensing board is a great avenue to achieve this. It is my hope that my experience would make me an asset to this process should I be accepted for this position.

Sincerely,

Ian Alvstad

MEMO TO: J. Carter Napier, City Manager 

FROM: Zulima Lopez, Parks, Recreation, & Public Facilities Director 

SUBJECT: Approving Changes to the Leisure Services Advisory Board

Meeting Type & Date

Regular Council Meeting
May 17, 2022

Action Type

Resolution
Minute Action

Recommendation

That Council, by resolution, authorize the creation of the Parks and Recreation Advisory Board to replace the Leisure Services Advisory Board, and adopt the Rules as submitted. We further recommend the appointments, by Minute Action, of three (3) new members whose terms expired.

Summary

In 1994, Resolution No. 94-35 was adopted by the Casper City Council to establish and specify the duties of the Leisure Services Advisory Board. Since that time, members of the Board have worked toward their established mission of “planning, setting priorities, and providing direction for the leisure service facilities and programs in our community”. This mission required close collaboration with what was formally known as the Leisure Services Department of the City of Casper. The Leisure Services Department has been restructured over the years, and since 2018, areas or programs historically referred to as “Leisure Services” have been rechristened as “Parks and Recreation”.

Recently, the Board has been discussing its purpose and contributions to the recreation community, the City of Casper, and Casper City Council. The five current Board members are excited to engage with recreation facility user groups, City staff, and City Council to a greater degree than they have in recent years, in order to accomplish their intended purpose. They are requesting City Council approval to make changes that will help support this charge.

First, by unanimous vote, the members have expressed desire to change the name of the Leisure Services Advisory Board to the Parks and Recreation Advisory Board, to more closely align with its City namesake. The Board has also reviewed its operating resolution, policies, and procedures, and are requesting approval of a new resolution and operating rules to reflect the new constructs by which they wish to operate. The new rules were approved by a vote of the membership and are attached, in tandem with a proposed resolution, for Council’s consideration. Finally, there are currently three Board vacancies that need to be filled. The Board solicited applications from interested community members beginning February 14, 2022. Four applications were received

during the initial review period. Applicants were interviewed by Board and City staff members. During the April Board meeting the interview panel recommended to accept three new members, which was approved by vote of the members. The Board Chairperson recommends the appointment of these three individuals. An updated membership list is attached.
